To Preserve Harmony Flag.

Athens—Ever since the close of the civil war the soldiers of the Union and Confederate armies have mingled together and manifested a greater fraternal spirit than any other class of people North and South. It was principle, not animosity that impelled them to engage against each other in deadly strife, and as soon as the war ended they have been closer together than any other class of people in the nation. There is now a project on foot, and it has originated with the Union and Confederate veterans of Atlanta, Georgia, to procure a "Harmony Flag" to be placed in some public place in Washington, where it will be a symbol of the peaceful and harmonious feelings that now exist throughout the nation. The circulars are being sent to all Grand Army posts and Camps of Confederate veterans with a desire that the money shall be raised by the soldiers who once fought against each other, so that it may represent the peaceful sentiments that prevail among them, in all parts of the country. Perkins Post has received one of these circulars.

Richard C. Sinsabaugh.

Richard C. Sinsabaugh died last week in Benton Harbor, Michigan, and has been buried at that place. He was born in Litchfield and was prominent in Athens political circles many years before he went west. He served as lieutenant in Co. H 57th Regiment, Pennsylvania Vols. and when he returned from the army he resided in Athens up to the time he journeyed to the west. He served as constable and collector of Athens and at one time was a prominent candidate for sheriff of Bradford county. He has relatives in this vicinity now.

It was an exciting sale over at the "dog farm" Saturday afternoon. There was not very lively bidding. One dog went for \$6 and a New York stater took him carefully in his wagon and departed thinking he had a prize. Several others were sold and finally John Dunlap started in with a bid of twenty-five cents and there things halted. But the dog was struck off to him and the auctioneer told him to take all of the rest along with his bid. John now has forty dogs and it looks as if he would be proprietor of the Athens dog farm hereafter.

WEATHERS THE STORM.

Wall Street Recovers From Record Stock Decline Without a Failure.
NEW YORK, March 14.—After an hour of feverish prices, accompanied by heavy trading, continued wild rumors and much excitement on the floor of the Stock Exchange, there was a sharp recovery throughout the list. The immediate cause of the rally appeared to be the belief that the clearing house sheets would show no failures.
When the clearing sheets were made public it was shown that the houses of both the Stock and Consolidated Exchanges had weathered the storm safely. The rally continued, and the belief was generally expressed that the worst was over and that there would be no repetition of the last few days' drops in prices.
The opening prices were from two to seven points up for some of the active issues, and the whole list was higher, but it was not long before sudden drops were reported in rapid succession, and the trend of prices became as uncertain that it was impossible to say whether the movement on the whole was up or down.
Instances of sharp gains were those in Union Pacific, which came out at 130 to 129 compared with a closing price of 124 1/2 the night before; St. Paul 132 compared with 125; Reading 102 to 104 for 15,000 shares against 93, or a gain of 9 to 11 points; Amalgamated Copper at 88, an advance from 81, and Pennsylvania 119 to 120 compared with 115 1/2.
Within fifteen minutes after the opening prices were heading rapidly downhill again, and in half an hour such declines as these were witnessed: Pennsylvania, from 120 to 116 1/2; Union Pacific, from 130 to 127 1/2; Northern Pacific, from 125 1/2 to 121; New York Central, from 117 to 114 1/2; Reading, from 104 to 99 1/2; Amalgamated Copper, from 80 to 85 1/2; and Canadian Pacific, from 111 1/2 to 108 1/2. Throughout the first hour the market continued feverish, and the spectators who thronged the exchange's gallery had their money's worth of excitement.
Over 2,000,000 shares of stock changed hands during the day. After the noon hour prices became steadier. A rise in Union Pacific in the last hour revived rumors of a change of control of that property from Harriman to Morgan interests. At Mr. Harriman's office the rumor was treated as too absurd for denial and at the office of J. P. Morgan & Co. it was said that no foundation existed for the story.

AN ORDINANCE granting to the Sayre Electric Company, a corporation of the State of Pennsylvania, having its principal office in Sayre Borough, its successors or assigns, the privilege of erecting and maintaining poles, wires, cables, and conductors of an Electric lighting, heating and power system, over, under and along the public streets, avenues, lanes, alleys, and public grounds within the Borough of South Waverly, County of Bradford and State of Pennsylvania.

Be it enacted by the Burgess and Town Council of the Borough of South Waverly, and it is hereby enacted by the authority of the same:

Section 1. That the said Sayre Electric Company, its successors or assigns, be and they are hereby granted the rights and privileges of erecting and maintaining poles, wires, cables and conductors over, under and along the public streets, avenues, lanes, alleys and public grounds, within the corporate limits of said Borough, as they now are or shall be hereafter extended, for the purpose of supplying light, heat and power to said Borough and its inhabitants for illuminating, heating and mechanical purposes, by means of electrical currents, and to operate, use, maintain repair and extend the same over, under and along the public streets, avenues, lanes, alleys and public grounds in said Borough and for the purpose aforesaid to make all necessary excavations for poles, etc., in any and all of said streets, avenues, lanes, alleys or public grounds at any and all times, under the following terms and conditions:

Section 2. All poles shall be of good sound cedar or chestnut, reasonably straight and properly shaped, and shall be set inside the curb line at such points as shall be designated by the Street Committee of the Borough Council.

Section 3. All wires used shall be of first class quality properly insulated, same to be properly stayed and maintained, and where strung on poles said poles shall be of sufficient height and the said wires shall be strung at such height above the ground as directed by the Street Committee of the Borough Council.

Section 4. All poles, wires, cables, appliances, structures and erections of every kind used or employed in, upon or over any of the streets, avenues, lanes, alleys or public grounds within said Borough for the purpose of the distribution of electricity under this ordinance, shall at all times be kept and maintained in good and proper order and repair and in a safe, suitable and proper condition.

Section 5. The said Sayre Electric Company, its successors or assigns, shall at all times hereafter save and keep harmless the Borough of South Waverly from any and all suits, actions, damages, costs, counsel fees and expenses of every nature and kind by reason of the rights and privileges hereby granted.

Section 6. The said Borough shall have during the term of this franchise, without charge therefor, the right to use the poles of the said Sayre Electric Company, its successors or assigns, for police and fire alarm wires, without hindrance or molestation, and for the said purpose the uppermost portion of the poles.

Section 7. Should the said Company, its successors or assigns, at any time decide to place its wires, cables or appliances or any other part thereof underground, it shall have the right to construct the necessary underground subway or conduits in, under, on or across the streets, alleys, lanes, avenues and public places within the said Borough for

said purpose. Said work to be done under the direction and supervision of the Borough Council and the streets, lanes, alleys, avenues and public grounds of said Borough shall be placed in as good condition after the work has been done as they were before, and in case the said Company, its successors or assigns, fail to clean up the said streets, avenues, lanes, alleys or public grounds or make necessary repairs, in that case the Borough shall have the right to do said work, and collect the cost thereof, with all costs, expenses and counsel fees, from the said Company, its successors or assigns.

Section 8. This Franchise shall terminate at the expiration of thirty-five years from the date of its granting.

Section 9. The said Company, or some one duly authorized in its behalf, shall within thirty days from this date file a written acceptance of this franchise with the clerk of the Borough Council and shall pay the expense of drafting and advertising this Ordinance.

Section 10. A failure on the part of the said Company, its successors or assigns, to fully comply with all the terms and conditions of this franchise shall render the same, and all rights thereunder, void and the same shall thereby be forfeited.

Section 11. The franchise hereby granted shall not be considered as depriving the Borough of South Waverly from granting other franchises for furnishing Electric light, heating and power, to other Companies.

Section 12. The said sum to be in lieu of all other local taxes.
