Butcher's Confession.

Athens—We received a paper from Grand Ledge, Mich., this morning containing a lengthy account of the murder of William Lampman for which crime Sifas Compton was arrested in Athens last week. The confession of John Butcher who is serving a sentence of imprisonment for life fixes the crime upon Compton if true, and the accompanying details are of the most revolting kind. According to the statement they planned to get the old man's money which they believed to amount to about \$1,000 and to use it "where it would do some good." Butcher says that he got \$220 for his share. Although the crime was committed fourteen years ago it seems that Compton has been suspected as having a hand in it during the whole time. Prosecuting attorney Peters was elected to office about two years ago and he says that he has been in favor of arresting Compton all of this time. Chief Mulligan has been aware of these conditions and has had an eye on Compton so that he could be located whenever wanted. Compton is a bachelor and has no relatives in this vicinity. When he first came to Athens he worked at the shops a short time and at different places near here. Prosecuting Attorney Peters and Troz are waiting in Athens for the registration papers that are expected every day.

HURLED "STINK BOMBS."

Russian Students Institute "Beds" in High School of Sciences.

ST. PETERSBURG, March 26.—The High School of Sciences, situated on Vasil Island, was the scene of a series of explosions which, fortunately, brought no serious casualties in their train. The explosions were engineered by members of the senior and junior classes, whom the faculty was about to expel bodily for offenses against discipline.

The first deafening detonation occurred in the lecture hall during a lecture. Several cupboards containing apparatus for chemical research were blown to splinters and the instruments buried out over the heads of the class.

During the rioting that followed some of the students hurled "stink bombs" filled with ill smelling materials at unpopular members of the faculty, and at the same time smaller bombs were exploded in other parts of the school and in the street in front of the buildings.

Nobody was seriously hurt. The school was closed and the police searched the dormitories.

French Troops to Occupy Oudja.

PARIS, March 26.—The Moroccan situation, which has been forced into the background for a year past by acute internal problems, has now been brought to the front by the assassination in Morocco City of Dr. Mauchamp, a French subject. The decision of the cabinet to send French troops to occupy Oudja, in Morocco, was unanimous. The occupation of this point will be continued until full satisfaction has been accorded. The French demands include the punishment of the murderer of Dr. Mauchamp, indemnity for the family of the victim and the appropriation of a large sum for the foundation of a charitable institution in Morocco in memory of Dr. Mauchamp.

Van Sternburg Rides With Roosevelt.

WASHINGTON, March 26.—Taking advantage of the fine weather, the president, accompanied by Ambassador Speck von Sternburg and the two elder Roosevelt boys, Theodore, Jr., and Kermit, took a long ride in the suburbs. The ambassador, like the president, is a good horseman and frequently accompanies the latter on his excursions. Baron Sternburg was a private in the Franco-Prussian war at the age of sixteen, and when the president was engaged in assisting in the organization of his cavalry regiment he frequently consulted his friend about the work.

Indian Girl on Trial For Murder.

CARMEI, N. Y., March 26.—When court adjourned seven jurors had been secured for the trial of fifteen-year-old Jennie Ruth Burch, the Indian girl who stands charged with murdering the infant, Willbur Winship, by feeding him a poisoned peach. The girl, accompanied by her mother, sat through the proceedings nervously twisting her handkerchief, but smiling occasionally. Most of the witnesses wanted to be excused, stating that they could not send a girl to the electric chair.

GRAFT AT BROWNSVILLE.

Corporal Testifies That Government Rifles Were Sold to Citizens.

WASHINGTON, March 26.—That soldiers invariably were able to secure extra cartridges and sometimes had extra rifles as well as asserted by William Ryan, corporal in Company K, Twenty-sixth Infantry, in the Brownsville investigation before the senate committee on military affairs, Ryan was at Brownsville prior to the coming of the negro soldiers of the Twenty-fifth Infantry.

He was serving as the artificer under the quartermaster sergeant, at whose orders, he said, he sold 1,000 rounds of government ammunition to a junk dealer in Brownsville. Under the same man's orders, he said, he defaced the numbers on six Krag-Jorgensen rifles which had been secured in the Philippines, with fourteen others, as surplus guns. The defacing was done and the guns held out at the time the order was issued for the surrender of all of the Krag type of rifles.

He claimed that he did not know what had become of these guns. In reply to a number of questions, he declared that he did not consider that he had done wrong in aiding in the sale of government property.

Thomas Taylor, a former member of Company B, Twenty-fifth Infantry, was put on the stand, as the expert examination of shells picked up in Brownsville is declared to show that his gun was used in firing eleven of those shells. Taylor denied that his gun had been fired since his company left Fort Niobrara a month prior to the shooting.

Sour Stomach

No appetite, loss of strength, nervousness, headache, indigestion, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol relieves indigestion. This new discovery reproduces the natural juices of digestion as they exist in a healthy stomach, combined with the greatest laxative, tonic and reconstructive properties. Kodol for dyspepsia does not only relieve indigestion and dyspepsia, but this famous remedy helps all stomach troubles by cleansing, purifying, freshening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Bell of Brownwood, W. Va., writes: "I was troubled with sour stomach for nearly four years. Kodol cured me and I am now eating it in bulk."

Kodol Digests What You Eat.

Bottle only. Relieves indigestion, sour stomach, headache, etc. Prepared by E. S. DAWLEY & CO., CHICAGO.

for a plumber who will do your work just right. You can stop right here. Send for us and we will respond promptly and do your work quickly.

For a Plumber to slight or loiter over his work we consider decidedly poor policy. So all our work is of the hurry-up order, but without slighting in fact the only part we are careless about is the bill. We have got into the habit of not charging enough, so other plumbers say.
