An exchange says that every newspaper in the State should publish the fact that burnt corn is a sure cure for hog cholera. It was first discovered by the burning of a pile of corn belonging to a distillery at Peoria. It was thrown to the hogs and readily eaten by them. Before that time a number had been dying each day with the cholera, but the disease immediately disappeared. The remedy is so simple that it can be easily tried.

Court adjourned on Tuesday and will convene on Monday Sept. 23d, '89. There were but two Commonwealth cases tried, other indictments that were on the list were settled and many of those advertised in the trial list were settled. Had there not been two special Juries summoned for a two week's term of court, the entire business could have been disposed of this week. Cases put down on the trial list, however, to be heard during the second week could not be tried this week owing to the absence of those concerned. The call of a two week's term has done much good, however, in the way of mutual settlement between parties. There are a number of cases on the trial list dated back as far as 1872 and we predict that at the expiration of December term the entire list will be disposed of.

Sullivan county is disgraced by an Attorney who will stoop to the most degraded and contemptible resorts to carry a point of any human being we think in existence. He is located in Dushore and has no hair on the top of his head and when a trifle excited his eyes bulge out like two peeled onions. It seems that this man had some difficulty with a gentleman in the county who is engaged in the liquor business last week and threatened to take his license away from him unless he would comply with his wishes. We understand that this gentleman is only one of the many landlords of the county who he has threatened in the same manner. Such actions are not only a disgrace to the man who stoops to such degraded positions but is a slur upon our Courts of Justice, as an assertion of this kind is equal to an expression of: "I run the courts in this county and unless you comply with my wishes you must go." This surely must be humiliating to the court.

Bernice, Sept. 16th '89.

MR. EDITOR: In the last issue of your paper an article appeared signed, "a Democrat" of this place, stating the influence which was used at the polls at the election of democratic delegates Sept. 7th. This statement can be affirmed by a number of that political faith and will be in due time, and furthermore that such proceedings should be tolerated in any county in this Commonwealth is an insult to the banner that floats upon our public buildings, State and National—the stars and stripes. It is a direct blow to the Declaration of Independence which gives to each individual equal rights, i. e., life, liberty and the pursuit of happiness and that any party or individual should be permitted to use there surplus of illegotten gains to further there corrupt ends is a question which will confront the voters of this county on November 5th. Such an individual should have ample time to reflect over his unjust actions and the duties of official life should not be allowed to trouble him.

The present contest for Sheriff is one between industrial and moral worth, not wealth and should receive a verdict that it justly deserves. The Republican nominee is not under indictment for the use of rum. Rum influence must go.

DEMOCRAT No. 2,

Judge Gansel of Muncy Valley made us a pleasant call, while in attendance at court, on Monday.

Judging from the speech of people on our streets this week there is no question but that Wm. J. Lawrence will be elected Sheriff of this county in November. We were told to-day (Tuesday) by an old time and an Utz Democrat that he verily believed that Lawrence would be elected by a good majority. The gentleman admitted that Mr. Utz had not been true to the Democratic principles during the past years and said that it would teach him a good lesson should he be defeated.

The Dushore Gazette in last week's issue demands that Democrats "stick" to the ticket and vote for nominees regardless of the position taken by one of them during the past years. Democrats what can you expect by by "sticking" to the ticket. We dare say that there is no better democrat in the county than F. M. Crossley. He has taken an active part in Democratic circles and was one of the principal workers in this section last fall, for the success of the entire Democratic ticket. What is his reward? Why he was thrown overboard in the Democratic convention Sept. 10th, and an untrue Democrat taken in his stead. What has John Utz the nominee for sheriff ever done to further the success of the Democratic Party of Sullivan county? He came out as an independent candidate for Sheriff in 1877 and won over the Democratic nominee. Do you call this good Democratic principles? Is he a "kicker" or a "sticker" to the party? Should a nominee of this kind and one who received his nomination by the use of boodle, receive your support? No, gentlemen he has placed himself in a position where he should not receive the support of any true principled Democrat or Republican. In 1886 Mr. Utz bolted the entire ticket made by the Democratic convention and to him Russel Karns for Member and John Yonkin 2d, for Associate Judge owes their defeat. These are facts which can not be disputed. Would you not prefer to vote for a man who has been true to the principles which he advocates, even though they are in opposition to your judgment, than for a man who has no principle? If this is your conviction, we feel confident that you will fall in the ranks of the people's candidate, Wm. J. Lawrence, and give him your welcome support in November next.

The Republicans of Sullivan county, through their delegates acted most wisely, and judiciously in nominating Wm. J. Lawrence of Dushore for Sheriff. Mr. Lawrence is a native of Sullivan county, and has passed all the years of his life among us. While he is a very modest and retiring gentleman, who has not made himself acquainted in portions of the county remote from his residence, yet by his honesty, integrity, and fair dealings with all, with whom he has had dealings, he has made himself hosts of friends. He has resided the greater portion of his life in Cherry and Dushore, but for one or two years he resided at this place. And we only speak what we are entirely sure of and know from personal association with the people, when we say that he will receive a most flattering vote where he is best known. Cherry, Colley, Dushore, LaPorte, Davidson and Shrewsbury will give him a heavy vote, enough we feel assured to put his election beyond any doubt if the rest of the county, or the portion commonly known as the West will only give him the full party vote.

Mr. Lawrence is a Republican from principle, espoused the cause of Republicanism when a very young man from his own convictions, contrary to his family teachings, and while he has not taken an active part in politics, and has been liberal in his local political views, he has been an earnest consistent Republican on State and National politics. We can conceive of no reason why every Republican in the county should not give him their honest and earnest support; and if they will we are willing to stake our word and reputation as a political prophet, that he will be triumphantly elected in November.

Dr. Herrmann, the Republican nominee for Coroner, has many friends in the county and is numbered among our best physicians.

Saturday Sept. 28th, will be a gala day for the Odd Fellows of Sullivan county. Arrangements are being perfected for a grand picnic to be given by LaPorte Lodge and invitations have been issued to the sister lodges of the county to attend. The picnic will be held in the grove on the Western shore of Lake Mokona. It is hoped that all lodges of the county will be well represented as a general good time is expected. G. M., David Craft of Wyalusing, will be present and deliver an address.

Lecture on Nevada.

A highly appreciated audience greeted the Rev. Samuel P. Kelley of Reading at the Court House, on Monday evening and listened with deep interest to his lecture on Nevada, which was highly instructive and exceedingly amusing. Rounds of applause greeted his new stories and the audience could have listened another hour. He gave a description of the remarkable features of the State of Nevada, in mineral, and boiling springs, the resources of the section and its peculiarities, with a vivid description of the processes of mining and mulling silver ore; interspersed with capital stories of stage drivers, gamblers, preachers, judges and noted characters. He also gave narratives founded on his acquaintance with Hank Monk the stage driver who took Horace Greely through on time, with the late Judge Terry who was shot recently by Deputy Marshall Nagle, with Judge Perley who was one of the seconds in the Broderick duel and others. His funeral story in which the great Charley Brown figures, was perhaps the best, and better than Mark Twain Burk Fanshawe funeral. He touched on the Chinese and Indian questions at length and gave appropriate stories in illustration. The descriptions of Lake Tahoe, the rivers with no outlets, and sketches of pioneer life were new bright and fresh. The lecture was exceedingly good and merited a much larger audience than was present. Those who were in attendance were delighted with the evenings entertainment and paid the Reverend gentleman many compliments.

A council was held in the new Baptist meeting house lately erected in Shrewsbury twp., on Thursday afternoon, Sept. 12th, to recognize the new church organized there. Rev. J. G. Miles was moderator, and Rev. R. B. McDanel of Northumberland was clerk. Delegates from 19 churches in the Northumberland Baptist Association were present. After devotional exercises the statements concerning the organization of the new church were made. A preaching station has been maintained at Allegheny school house for a number of years. At a series of meetings held last winter a number of additions were made to the LaPorte and Eagles Mere churches, and the distance being so great, it was thought best to organize a new church there. The council declared itself satisfied with the statement, and voted to recognize the new interest as a regular Baptist church. In the evening the recognition and dedication services were held. Rev. S. G. Reading of Williamsport, preached the sermon. Rev. H. C. Munro of Muncy, offered the prayer of recognition. Rev. J. T. Judd of Lewisburg, gave the hand of fellowship. Rev. J. G. Miles of Allenwood, gave the charge to the church. Mr. James Culber of Muncy, addressed the trustees, and the dedicatory prayer was offered by Rev. R. B. McDanel of Northumberland. The services concluded with the benediction by Rev. A. B. Still of Danville. The new church is to be called the Rock Run Baptist church. Wm. Hill and James Huzzey are deacons. Wm. Hill, Matthew Taylor, and F. M. Sullivan, are trustees. Mrs. Jane Taylor, clerk, and Wm. F. Taylor Treasurer. The meeting house is a neat little frame structure, 30x40, costing \$1200, all paid for. Great credit is due the little band who have so nobly carried out their enterprise. B. M. McDANEL, Clerk of Council.
