The republican.

W.M. CHENEY - - - Editor

FRIDAY, MAY 2nd, 1890. NTERED AT POST-OFFICE. LAPORTE A., AS SECOND-CLASS MATTER.

Congressman McCormick of Williamsport, was recommended for Governor by the Lycoming county Republican convention, on Wednes day of last week. Mr. McCormick's record during his time in the congressional chambers will be of great value to him at the State Conven-

Political assassinations in Florida must cease-the President says so and he means it. The Federal Government bought Florida and paid for it, thus acquiring the right to have its laws obeyed and its processes duly served everywhere in the territory so acquired. It is time for Florida to understand that she is in the Union and must behave as the other members of the firm de.

Attorney-General Miller, in alluding to the letter of a Jacksonville (Fla.) editor to the President concerning his recent order, says it had been expected that the Florida Democrats would raise a howl over the efforts of the government to enforce its authority against a lawless and insurrectionary element. He added that the government had a duty to perform in this matter and was not to be deterred by any opposition that might be aroused.

The tariff bill was reported to the Honse last week. At the last minate hides were put upon the free ist. Sugar is also put upon the free list, and a bounty of two cents per pound provided for the next fifeen years for the producers of sugar in this country. It is estimated that the bill will make a reduction of about \$70,000,000 per annum in the receipts of the Government. The report of the majority of the Ways and Means committee which accompanied the bill says: "It was the aim of the committee to fix the duties upon that class of manufactured goods and farm products which can be supplied at home so as to discourage the use of like foreign goods and products, and secure to our own people and our own producers the home market, believing that competition among ourselves will secure reasonable prices to consumers in the future, as it has invariably done in the past. XXX The bill is framed in the interest of the people of the United States. It is for the better defence of American homes and American industries." There were two minority reports, one by Mr. McKenna against the sugar clause, and one by Mr. Carlisle representing the Democrats against the whole bill.

WASHINGTON, April 28 .- Mr. Blackburn introduced in the Senate Arizona to the sisterhood of states. The Land Grant Forfeiture bill was taken up and discussed.

Winnie Davis Engaged.

NEW YORK, April 21 .- A dispatch to the Hearld from Syracuse, N. Y., announces the coming marriage of Miss Winnie Davis, daughter of Jefferson Davis, the late President of the short-lived Southern Confederacy, to Mr. Alfred Wilkenson, of Syracuse, the grandson of Samuel J. May, the great abolitionist leader.

The event is of more than ordinary significance owing to its bearing on the birth and fall of the Rebellion. This marriage when accomplished, will unite two families who have been heretofore the most implacable political foes, and to whose efforts the fierceness and fervor of the rebellion are largely due.

Mr. Wilkinson is a son of John Wilkinson a prominent figure in was the pioneer with Garrison, watch and \$20 taken.

Emerson, Phillips and Longfellow, in the great work for the abolition of slavery. Not only in the United States, but in Europe also, did he fight for the abolition cause. In Great Britain especially Mr. May lectured upon slavery to large audiences. After his removal to Syracuse Mr. May continued to be very active and prominent in promoting the anti-slavery reform. Hundreds of men, women and children, fleeing from bondage and bound for Canada, came to him for protection and help, and they never came in vain.

Miss Winnie Davis came North some four years ago to visit Dr. Thomas Emory, in this city. At one of the receptions given in her houor she was introduced to Mr. Alfred Wilkinson. It will be remembered that Miss Winnie received a very cool reception in one or two houses here, and this treatment of the "Daughter of the Confederacy" is said to have brought her and Mr. Wilkinson in very close relation. He resented the coolness shown her and gallantly championed her cause. The friendship thus engendered between them blossomed into love in due time. Miss Winnie later on went to Europe.

Mr. Wilkinson some two months ago crossed the ocean to see Miss Davis and spent several weeks with sightseeing on the Continent and pressing his suit. When he returned they were betrothed.

Mr. Wilkinson is a lawyer, 28 years of age. His mcome is moderate but he is highly esteemed.

Sullivan Agrees to Fight.

SAN FRANCISCO, April 28 .-President Fulda, of the California Athletic Club, last night received a dispatch from M. C. Clark, the van, and with whom Professor Fulda has been conducting the correspondence looking to the fight be-

Pianos Organs.

The improved method of fastening strings of Pianos, invented by us, is one of the most important improvements ever made, making the instrument more richly musical in tone, more durable, and less liable to get out of tone.

Both the Mason & Hamlin Organs and Pianos excel chiefly in that which is the chief excellence in any musical instrument, quality of tone. Other things, though important, are much less so than this. An instrument with unmusical tones cannot be good. Hustrated catalogues of new styles, introduced this season sent free:
