George Craft of Muncy Valley recently brought suit against Bodine & Warren of Hughesville for cutting timber on land alleged to be owned by him. Mr. T. H. Drake, of the Slatington Slate Co., of Slatington, has been in town and slated the new School House for contractor T. J. Keeler. Mr. Drake is quite a hustler and come alone to slate the building, but it being so steep and there being no standing gutter he employed John Andrews to assist him. The roof is a credit to the building, and will well repay the extra cost in durability and appearance.

At the conclusion of business on Monday before the Judges sitting in the Judgeship contest, at Williamsport, the statement was made that the work was very nearly completed. The Judges were highly elated, and stated that several more days of hard work would witness the close of their labors, so far as the examination of the ballots was concerned. The next step will be to compute the result of their labor, prepare the opinion and the contest will be at an end. It is believed that the opinion will be announced about the 1st of July.

It is reported that sharpers are traveling in the country in some of the interior counties of this State, buying up walnut stumps and paying for the same at the rate of \$1.00 apiece. When he succeeds in making a trade he reaches for his wallet and finds he has nothing less than a \$20 bill, which he gives the farmer and receives in return \$19 in change. After he leaves, the farmer tries to pass the bill, when he learns that it is counterfeit. Be on your guard.

The Cherry twp., road commissioners should give their attention to that part of the Dushore road opposite of Michael Gallagher's. There is about two miles of high way there that would cause a minister of the Gospel to say cuss words if alone and out of hearing of his followers. The commissioners of Cherry twp., will be held responsible for the sins perpetrated here by the use of profane language by their fellow citizens. Let the officers give the matter their attention.

The Philadelphia *Record* is now to be published by a company, for which a charter was recently granted. The capital stock is \$1,000,000, divided into 10,000 shares. William M. Singerly owns 9,600 of the shares, and Robert E. Pattison, George A. Singerly, B. A. Van Schaick and James S. McCartney own 100 each. It is quite evident that William M., with his 9,600 shares, will rule the roost as against the 400 held by his four colleagues.

The Junior base ball club of LaPorte, have issued a challenge to the small boys of Dushore to play a game of ball, on the LaPorte ground, on Saturday next.

Wm. H. Davey Esq., of Bernice announces himself through our columns in this issue as an Independent candidate for the office of Member of Sullivan county. Mr. Davey has resided in our county for a long period of years, has always been quoted as a hard working industrious citizen; his entire interests are in Sullivan county. He has served in the capacity of Justice of the Peace of Bernice for a number of years, and we recently heard it remarked that his work in this capacity proves him to be master of his calling. His decisions, as quoted by the attorneys, are excellent, hence a man of good judgment and if elected to serve the people of Sullivan county at Harrisburg would do it with credit to his constituents.

George H. Vanderbilt, the New York millionaire, is building a palace near Ashville, North Carolina, that will cost, when completed, about \$5,000,000. He is building a branch railroad to the palace, which will cost \$75,000, for the sole purpose of getting the material on the grounds, after which it will be torn up and used for a drive. His palace and grounds will out rival the grandest castles of the world. Five thousand acres surrounding it will be transformed into a veritable paradise, and if there is such a thing as extracting solid comfort from this life, George H. will do it. He is a quiet contemplative studios fellow, inclined to literature, and his new home will be the realization of his fondest dreams of luxury, magnificence and beauty.

New County Jail.

*Muncy Valley Pa., June 17, '90.* ED. REPUBLICAN: I see that your readers with you, are recommending our county commissioners to build a new jail. I join with them. I think it is a shame to the tax-payers of the county that our taxes have to go to paying rewards for the recapture of prisoners who crawl out through the county jail or in paying men to stand guard when there are any prisoners. It seems it is a laughing stock for all the adjoining counties. Keep the ball rolling, and may you succeed in convincing our county commissioners of the great need of a new jail. FARMER.
