

J. V. RETTENBURY, WATCHMAKER AND JEWELER, DUSHORE, PA.

PATTISON ELECTED.

A Majority of 5,000 in the State.

The latest dispatches elect Pattison by 5,000 majority.

LATTER—Watres and Stewart are both elected.

The entire Dem Co., ticket is elected. Karn's majority for Member over Rinebold, was: 391. Murray for Treasurer over Cole 258. McBride for County Commissioner received 1,049 votes and Scanlin 1,039. It was circulated that McBride would be cut by his party in many precincts, but proved untrue, as he is the majority commissioner.

The fusion ticket in Bradford Co., is elected from President Judge to Auditors. Lyecoming county goes democratic by 2,000 majority.

A WATCH CASE COMPANY ROBBERED.

Thousands of Dollars Worth of Gold Abstracted.

NEWARK, N. J., Nov. 3.—An extensive swindle and robbery carried on for over six months, during which time thousands of dollars worth of gold have been stolen from the American Watch Case Company of this city, was brought to light to-night by the arrest of Adolph Neuman, of 302 Dean street, Brooklyn.

Neuman was employed by the company to do its mixing and alloying. About six months ago, Otto H. Oppenheimer, of New York, manager of the company, noticed that the watch cases turned out by the company were not up to the standard they should be considering the quality of gold supposed to be used in them. After satisfying himself something was wrong, Oppenheimer applied to the Pinkerton Detective Agency to ferret out the mystery. Detectives were put to work on the case, but according to Oppenheimer's statement, all they did was to land in voluminous reports of their work.

Ten days ago he notified the Newark police and Detective Cosgrove was detailed on the case. Cosgrove concealed himself in the factory several days and evenings in a position where, undetected, he could watch Neuman at work through a hole in a partition. While thus engaged he noticed that Neuman, in mixing the metal for the cases, used in addition to the sheet gold another metal similar in appearance to copper. He also followed Neuman every night after leaving the shop, and found he went to a certain place in Newark, the location of which the police will not at present disclose, where he sold the stolen gold in large quantities at 45 cents a karat, the market price being \$1.35.

After securing evidence enough against him, Cosgrove to-night arrested Neuman after leaving the shop and when searched at police headquarters over \$50 worth of gold was found in his pockets. A visit was also made to the place where he had been selling the gold and nearly \$1,000 worth was found. Neuman, when confronted with the evidence, made a full confession and told the police where they could find hundreds of dollars' worth of the gold under a fireplace in his house. The police started for Brooklyn to recover it. The Watch Case Company is satisfied that his numerous stealings will amount to thousands of dollars.

Old-Fashioned Winters.

One of the more or less reliable weather signs of the old class of prophets says that when the ground is filled with warm rain-water during the fall there will not be much snow during the months to follow. It would seem that Dame Nature's buckets hereabouts must be tolerably full. If there is anything in this old sign, sleigh-bells will not fetch much in the market the coming winter. The farmers are finding it almost impossible to get in their corn reasonably dry between the showers while the grass fields are still as green almost as in June. Certainly the seasons have changed greatly within the past few years. With the exception of the famous blizzard visitation, which was simply an accident of the elements, we have had no "old-fashioned" winters hereabouts for fully five years.

OFFICIAL VOTE OF SULLIVAN COUNTY TUESDAY, NOVEMBER 4, 1890.

Table with columns for Governor, Lieutenant Governor, Congress, Senator, Representative, Treasurer, Commissioner, and Auditor. Rows list candidates and their vote counts across various districts.

Independent candidates for Commissioner received the following vote: Brochart, 144; Resser, 499; Cox, 90.

DUSHORE ITEMS.

"Facaracus" takes pleasure in contributing a few items for the REPUBLICAN for the first time this week, which we hope will escape the waste-basket. "N'importe", our predecessor, has favored your readers with an interesting letter from the metropolis each week for a long time and we hope by an earnest endeavor to keep up the high standard attained by him.

Several snow squalls the first of the week. "The turn of the Tide" will be executed by home talent in the near future.

Geo. Sturdevant has returned from a week's visit among relatives in Bradford county.

Miss Spogan, of Bethlehem, is visiting her sister, Mrs. Geo. H. Miller at this place.

Election passed unusually quiet at this place. Very little betting was done during the campaign just closed.

The Sullivan County Teachers' Association meets in Gary's hall on Friday and Saturday the 14th and 15 inst.

The aggregate cost of the new school building, including the lot, furniture and steam heating apparatus will be about \$5,000.

Notwithstanding defeated candidates are trying to make themselves scarce they are quite numerous in Sullivan county just at present.

"White Caps" were in this vicinity in large numbers early last Thursday morning. That is, all the surrounding hills were capped with snow.

There will be a musical and literary entertainment in Gary's hall in connection with an oyster supper for the benefit of Zion's Sunday School next Wednesday evening.

John McHenry started Tuesday for the far West. He expects to join his brother Dr. R. J. McHenry at Cheyenne, Wyoming, where he emigrated to from this place a few months ago.

The editor will please accept our congratulations on his election as county commissioner. We are confident the affairs of the county will be conducted fairly and economically by the present board of Commissioners elect.

Cheney, editor of the REPUBLICAN, generally gets there-Ed. The Review man should realize this fact and move accordingly. His worthless sayings during the past two weeks, we fear, will leave him in the cold.

The fact that the finest school building in the county and one of the finest churches are being built at this place and a bank is being established would indicate that a spirit of enterprise has taken its place among the citizens of Dushore.

The Clio Literary League met at the residence of Fred Newell last Friday evening and elected the following officers: Pres. Llewellyn Moyer; Vice Pres. Mark Scureman; Rec. Sec. Belle Hunsinger; Assistant, Maud Hayman; Cor. Sec. Alie May Utz; Treas. Rev. Geo. H. Miller. On motion it was voted to meet every Friday evening instead of every two weeks as heretofore.

FACARACUS.

Several citizens of Muncy are endeavoring to organize a stock company to purchase a tract of land near said borough for the purpose of building a race course.

The fields of winter wheat throughout Sullivan county are looking green and thrifty. With a favorable winter the crop in this section will be large. The acreage is in excess of any season for many years.

Nearly all of our extended rain storms this Fall come from the northeast. A little later they will be snow instead of rain. A cold winter with an abundance of snow usually follows a hot summer, and thus the average of heat and cold does not vary much when computed and averaged by years. When we have cold summers we have warm, open winters. Last summer was a hot one; we look for plenty of ice this winter.

President Roberts, of the Pennsylvania Railroad, who has been investigating the condition of business along the line, reports a bright outlook. In his opinion the country is entering on a very prosperous era. Senator Plumb tells the farmers in Kansas that in six months they will be 100 per cent. better off than they are now. From every direction and in every trade there are reports of increasing business prosperity. That is one of the fruits of the McKinley bill.
