The bell formerly used at the old school house will be hung in the belfry of the new school building soon. This will be a great convenience to the teacher, as he at present has no means of announcing the call of school hours.

It is rather expensive to keep a horse in this section—with oats at 60c. a bushel and chop \$1.60 a hundred it requires but a short time for the animal to eat his value in grain. The man without a horse, mule or ass is much the best off these days.

The Teachers' Association held at Dushore last Friday and Saturday was a success in every respect. The lecture by Rev. David Craft of Wyalusing was entertaining and instructive and listened to with marked attention by a large and appreciative audience.

Petitions have been circulated and forwarded to the department asking for the extension of the Glen Mawr-Hills Grove mail route to Forksville. It is to be hoped that the department will grant the service as it would very much improve the present mail facilities of the western portion of the county.

There are several dwellings in our town on which the boards used by the mechanics for shingling the roof still remain on the building. This is surely neglect of the occupant and reflections are often cast contrary to the wish of the occupant. The only way of remedying this in the future, is, to "pull them down."

The man whom the Farmers' Alliance elected Judge in Kansas Judicial district is to be sent to a law school to get some ideas of law. This, we fear, is not a good beginning for the Kansas members of the Farmers' Alliance, but inasmuch as they are running that Judicial district, it will likely have to go.

That Democratic ox-roast which was to come off at Dushore to-day Thursday, has been postponed for various reasons. The most essential of all is, the democrats of that section are willing to share the Pattison victory with the Independent Republican voter and for fear of offending this weak minded population of our county, have given up the jolification.

J. W. Troxy and E. F. Krause, both of Mauch Chunk and employees of the L. V. railroad, were in town last week. They were equipped with a barometer giving them the heights and degrees of the country in which they were traveling also a milage gauge. They were on their way down Loyal Soek from Lopez to Williamsport. What the result of their explore may terminate, in the future, remains to be seen.

The holidays will soon be here. The country merchants are making preparations for a large harvest about that time.

We stated in a recent issue that the contract for erection of the poles for the telephone line from Forksville to Muncy Valley had been let to W. E. Miller of Forksville for \$143. The amount should have been stated \$243. The people of Forksville and vicinity have raised this amount by subscription. The W. & N. B. R. R. Co., put on the wire and own the line. Forksville will soon be on "speaking terms" with neighboring towns.

Wm. P. Drinkhouse representing the Brad Street Mercantile Agency of Philadelphia, was registered at the LaPorte Hotel, on Monday. Mr. D. is quite interested in politics and is a Republican. We asked him the question, why Republicans of the Quaker City were so enthusiastic over Pattison, and he remarked that one man bossism would not be tolerated in the city of Philadelphia and the sooner the bosses found it out the better for the party. The Republican club of which Mr. Drinkhouse is a member, all voted Pattison together with many others of the city and this is why a Democratic victory.

By subscribing for the REPUBLICAN you get the news, of both the county seat and of the metropolis of the county. Our Dushore correspondent gives you more news of interest in that locality than does either of the Dushore papers. He (?) does not shield the guilty while the Review and Gazette never says anything personal unless it is favorable of the party or parties mentioned. Subscribe for the REPUBLICAN, and get the best.

The story that was circulated hereabouts, last week and created much sensation to the effect that Elish Allen his brother and two other boys were guilty of the murder of old Mr. Crouse of Lairdsville, some time since, is said to be unfounded and untrue. Our Lycoming county exchanges, all contradict the story and say that it is false from beginning to end. Allen, who is only a boy, resided with his father at LaPorte some two or three years past, hence the story created much more excitement here than it would have otherwise.

H. W. Meylert and wife of Susenville, Lassen county, California, will visit their parents Mr. and Mrs. Wm. Meylert of LaPorte, on or about the first of December. Howard settled in California in 1882 and has not been home since that time. He engaged with his uncle, Gertrude Meylert, as head clerk in his large store at Susenville, and shortly after he had become a resident of said place was appointed postmaster and in 1887 was elected county Treasurer. At the recent election he was re-elected Treasurer and is now serving his second term. Howard's many friends of old Sullivan, will be pleased to see him.

Now that our Democratic friends have stopped yelling long enough to hear, will some of them kindly inform us what possible use their party can make of the victory it has obtained over the Republican party by a skillful combination of all the elements of opposition, including the Republican sore heads, and a liberal expenditure of money among the "floaters?" With its two-thirds of the House of Representatives, the Democratic party cannot repeal a single law now upon our statute books, nor can it enact a law unless it meets with the approval of a Republican Senate and a Republican President. These facts seem to be over-looked by the too jubilant Democrats.

The democrats of Dushore propose to celebrate the well earned victory of the late election this (Thursday) and have issued posters to this effect. That's right. A party who has lived so many long years on the empty husks of expectancy have reason to enjoy once the fruits of realization. Go in and have a good time and make it a loud one. Victory comes so seldom it ought to be celebrated.

LATTER.—The celebration has been postponed indefinitely. Too bad.

A bill of exceptions has been entered to the report of the Master by the defendant in the case of the Williamsport and North Branch Railroad company against the Philadelphia and Erie company. Thus another legal step has been taken in the controversy as to the rights of the two companies in the matter of the proposed crossing in the eastern part of the city. The Supreme Court will have the final say in this interesting dispute.—Gazette and Bulletin.

Squire Brink of Eagles Mere, had business at the county seat on Thursday last and early in the morning shouldered his gun saying to his family that he would take a hunt on his way over and if he finished his business as early as he anticipated in the day, he would continue his hunt on his way back to the 'Mere. This was all right and the family did not think anything about it, but when 8 o'clock p. m. came and Mr. Brink did not put in an appearance, then something was wrong. The family notified their neighbors of the absence of Mr. B. and it was generally thought that he had become bewildered and lost in the forest. The neighbors, about ten in number stationed themselves on Glass Hill and fired muskets, repeaters and revolvers that the old gentleman might catch on and groop his way back to his family. All this was going on when John Aumiller who had visited LaPorte that day drove up 'Mere ave. and on his left sat perched high in the air the dignified and lost Squire, who had remained at LaPorte until 8 o'clock for a free pass on John's buss. The neighbors pulled in their horns and the family ceased their sobbing, while the Squire enjoyed a hearty laugh.

The Valley Reaching Out.

J. A. Beeber of Philadelphia the master appointed in the suit of the Williamsport & North Branch R. R. Co., against the Philadelphia & Erie R. R. Co., has filed his opinion in favor of the former company. This action of law grew out of the efforts made by the Pennsylvania to impede the progress of the Williamsport & North Branch R. R., to bring into Williamsport the Lehigh Valley R. R. Co., and the fact that the master decides in favor of the plaintiff indicates that the efforts of the Pennsylvania to keep the Lehigh Valley out of the city will not be successful. The Williamsport and North Branch people are feeling very good over the result. They anticipate that the Lehigh Valley will enter the city over their line at an early date.—Towanda Review.

A Frightful Experience.

Edward Smith, a young telegraph operator of New York, had a frightful experience on the Mountain Saturday night, near Wilkes-Barre. The Central Railroad of New Jersey runs its trains through a tunnel in the mountain, and on the east side of the tunnel is a telegraph office. The place is so lonely that it is a hard matter to keep an operator there. Young Smith accepted the place last Monday. At midnight Saturday night the usual quiet was broken by terrible yells, and Smith, looking out, saw his shanty surrounded by bears, wildcats and other wild beasts. The wildcats dashed against the window and Smith fought them with a red-hot poker, while the bears climbed on the roof. Smith telegraphed in haste to White Haven, and Operator McAndrews responded by sending down an engine and a number of section hands. At the approach of the engine the wildcats fled. Subsequently two large wildcats were killed. Smith said he would not spend another night in the place for a fortune, and when the next train came along for New York he boarded it.
