In commenting upon the excellent working of the McKinley bill the Utea Herald says: "From the south, whose every democratic representative and senator opposed and obstructed the passing of the McKinley bill, the reports of new industries formed fully equal those of other section. Coal and coke works, tin mining, rolling mills, hardware, stove, electrical machinery and other industries, representing capital to the amount of twelve to fifteen millions of dollars, have been instituted since the principle of protection was reaffirmed by the nation. The new doors to employment of American laborer opened by the tariff legislation of the fifty-first congress already number into the thousands. And only a beginning has been made. The opposing mass of free trade opposition has hardly been overcome. The unbelieving and the ignorant, who were frightened by the Democratic scare of 'high prices,' and of 'robber tariff' oppression, are just learning that their credulity was played upon. Presently the full application of the McKinley law will be in force; agricultural productions will find the home market strengthened by the enlarged manufacturing force; reciprocity with South America will quicken trade, through the aid congress has extended to our merchant marine. The answer to free trade sophistries and falsehood was prefaced in the struggle which gave the nation the McKinley law. The people are reading it on the swelling wave of prosperity. They will know the true from the false by 1892."

BLAINE TAKES ACTION.

He Demands Protection for the Italian Subjects in New Orleans.

WASHINGTON, March 15. Speculation is rife in official circles as to what will be the outcome of the lynching of the Italians at New Orleans on Saturday. Secretary Blaine's attention has been called to the matter by Baron Fava, the Italian Minister, and he at once sent the following telegram to Governor Nichols, of Louisiana: "I has been represented to the President by the Minister of Italy, accredited to this government, that among the victims of the deplorable massacre which took place in the city of New Orleans yesterday were three or more subjects of the King of Italy. Our treaty with that friendly government, which under the Constitution is the supreme law of the land, guarantees to the Italian subjects domiciled in the United States, the most constant protection and security for their persons and property, making them amenable on the same basis as our own citizen to the laws of the United States and the several States in their due and ordinary administration. "The President deeply regrets that the citizens of New Orleans should have so disparaged the purity and adequacy of their own judicial tribunals as to transfer to the passionate judgment of a mob a question that should have been adjudged dispassionately and by settled rules of law. The government of the United States must give to the sub-

jects of friendly powers that security which it demands for our own citizens when temporarily under a foreign jurisdiction. It is the hope of the President that you will cooperate with him in maintaining the obligations of the United States toward Italian subjects who may be within the perils of the present excitement, that further bloodshed and violence may be prevented, and that all the offenders against the law may be promptly brought to justice."

Neither Baron Fava or Secretary Blaine will express any opinion, and Baron Fava peremptorily refuses to talk upon the subject at all. The editor of *Il Progresso*, the leading Italian paper in New York, to-day sent to the Italian Minister marked copies of his paper together with a fiery letter in which he called upon Baron Fava as the representative of the Italian Government to take speedy methods to avenge the wrong done his countrymen. The letter was shown to some of the friends of the Minister and later to Secretary Blaine. In it the writer reiterates his statements printed in his paper and demands that the Minister shall immediately call for some satisfaction, either in the arrest and conviction of Parkerson and Wycliffe, or indemnity for the families. The editor claims that the men had been tried by an American jury and acquitted, consequently they were under the protection of the American Government and should have been guarded against the attack. It is learned here to-night that beyond submitting this letter to the Secretary of State, Baron Fava will do nothing in the matter until he receives reply to the telegram he sent to the Italian Consul at New Orleans, asking for a detailed account of the whole affair, together with a certified copy of the jury poll. It is thought here that this deplorable affair is far from being settled, and that Baron Fava will carry his case to the utmost extremity. Should this be done there is no doubt about an indemnity being paid, and for this there is a precedent in the case of the Chinamen who were killed in the West, and for which the Fiftyth Congress appropriated \$250,000 indemnity. The Italian legation have asked that all papers containing an account of the trouble shall be sent to them. It is the purpose of the Minister to mail the papers to the home government together with a letter on the subject. -Ez.

DUSHORE ITEMS.

We have had some pretty cold weather during the past week. We are informed that the Catholic church of this place has nearly two thousand members. St. Patrick's Day was observed by the Catholic church at this place Tuesday, and there was quite a crowd of people in town. There will be a magic lantern show in Garey's hall this Thursday night, and a minstrel show in the same place on Wednesday April 1. Pat Daly, of Bernice, was seriously if not fatally injured on Saturday last by a fall of rock in the mines. Both legs were broken and his back seriously injured. C. W. Champion has secured the services of a first class baker, who has arrived in town and the Billian bakery will be in operation under its new management before the end of the week. John Scher, the polite clerk in the post office is deserving of mention for his promptness and accommodating ways, being always at his post during business hours and with a smile is ever ready to wait on you. It has just come to our knowledge that their is such a thing as "The Nasty Club" in town. It is a new organization, popular with the young men, meets eight evenings a week at the office of the President, where they have a good attendance and a full program. Mrs. Frisbie, of New Era, spent Sunday with her husband at this place. Her first visit since their recent marriage. The "boys" got wind of her arrival and Mr. and Mrs. Frisbie were highly entertained with orchestral music Saturday evening. "Less" was "in it" for the treats. A large amount of lumber has been placed on the Lutheran church lot on Carpenter St. and Henry Huffmaster, who has the contract for putting up the building is preparing to commence work in a short time. It will be remembered that a fine white stone foundation was built in the early winter, and on this, next fall will find one of the finest church edifices in Sullivan county and one which will be an ornament to the town. FACARACUS.

SONESTOWN ITEMS.

MR. EDITOR: Not having seen anything in your paper about Sonestown, for some time, and we feel like being talked about a little once in a while, at least, hence we send a few items. Rev. S. S. Mumej is preparing to move to his newly appointed circuit. He goes to Luzerne circuit this year. If you want any information in regard to sleighs or buggies etc., inquire of John W. Buck, or John G. Banker. Bodine & Warn are carrying now a larger stock of flour and feed than formerly, and their stock of dry goods and groceries is full. Both of our hotels in this place received license this spring. So that those who wish to, can take something for their appetite. Jacob Lorah is filling his ice house from the large amount of ice on Lake Mokoma. So it seems he thinks of keeping cool this summer. Rev. Geo. Minsker, the newly appointed Evangelical Minister of Muncy Valley circuit made a call here on Monday. He expects to move here with his family shortly. The Lyon Lumber Co., "hung up" their log drive some time ago, at Muncy Valley, and now whenever it commences to rain the men who drive logs, look up their driving shoes preparatory to commence the drive again. Geo. W. Simmons our popular blacksmith, who has been unable to iron off the feet of horses and oxen as well as doing other blacksmithing, for some weeks, is, we understand improving slowly. Hope he will soon be perfectly well again. W. C. 344, Pa., P. O. S. of A., of this place held an oyster supper and ice cream festival, on Saturday evening last, which was a success socially, and considering the weather, financially. They had a very nice time and appeared to be enjoyed by all present. We understand Dr. J. H. Roth rock has sold his farm and tenant houses in this place to Christian Swank and G. W. Anderson of Hughesville, who expect to take possession on April 1st. We are sorry the Doctor thinks of leaving town as we will miss him very much. But we believe he thinks of remaining here most of the ensuing year. S.

A MURDER OF THE WAR.

ARREST OF A MAN AFTER TWENTY-SEVEN YEARS. Elias Young, of Luzerne County, Taken into Custody to Answer For the Killing of Lieutenant Robinson of the Army.

STORY OF THE CRIME OF THE FISHING CREEK CONFEDERACY.

WILKES-BARRE, March 17.—Elias Young, residing in Jackson township, was brought here this afternoon charged with killing Lieutenant J. Stewart Robinson, in August 1861. The evidence against him was sufficient to warrant his arrest, and after the hearing he was committed to the county prison to answer to the charge of murder. The crime with which Young is charged was the shooting of Lieutenant Robinson on the night of August 3, 1864. This was during the war. When a number of men in the locality of Sugar Leaf, Benton, Fishing Creek and other townships of Columbia county failed to report, Solomon Taylor a United States officer, called upon Robinson and several others to assist him in capturing the deserters, as those who failed to report were regarded. About midnight of August 3rd, a very dark night, they came upon a party of three, who were always supposed to be, and as now appears were, Elias Young, Thomas Smith and Miner Smith. Robinson commanded them to halt, whereupon they fired. Robinson was wounded. He was subsequently removed to the home of A. N. Harvey, in Huntingdon township, where he died. Miner Smith has since died, and yesterday Thomas Smith, who was one of the party who aided in the shooting, came to this city and to District Attorney Darso told who was in the party, and said also that they all fired. The prisoner claims that he is innocent, and was out courting a girl the night the shooting was done. At the time the murder was committed it was promptly reported to the Government. A squad of soldiers were at once sent to the locality where they made a number of arrests, but were unable to apprehend the murderers of Robinson. The murdered Lieutenant was a brother of Robert D. Robinson, the present Sheriff of Luzerne county. -Ez.

Rush is rightly named for he rushes things quite lively on Bear Mountain. Will our singing class give a concert? Charles Vargason has moved to Forksville, he having purchased the mail route, running from Forksville to New Albany, of Hudson Bahr, the former owner.

Pianos Organs.

The improved method of fastening strings of Pianos, invented by us, is one of the most important improvements ever made, making the instrument more richly musical in tone, more durable, and less liable to get out of tune. Both the Mason & Hamlin Organs and Pianos excel chiefly in that which is the chief excellence in any musical instrument, quality of tone. Other things, though important, are much less so than this. An instrument with unusual tones cannot be good. Illustrated catalogue of new styles, introduced this season sent free.
