The statement issued by the government bureau of statistics shows that during the ten months ended April 30, 1891, 401,230 immigrants arrived in the United States, exclusive of arrivals from the British North American possessions and Mexico; and for the four months ended April 30, 1891, 171,049. The average daily arrival for the four months in question was almost 1,500 or an immigrant every minute in the twenty-four hours. There is something wrong with our immigrant laws or the way they are enforced when this wholesale unloading of foreigners on this country is allowed to go on month after month and year after year. It is safe to say that both the law and the methods of enforcing it are both decidedly defective. It is apparent to all that the hospitality extended by the United States to the people of other countries is woefully absurd. Vigorous and practical legislation is needed to correct this and the sooner it is enacted the better it will be for the United States. That the landing of each day of 1,500 men, of whatsoever sort and condition, is dangerous to our social and industrial peace has long since been demonstrated. It is fair to presume that a large proportion of this number has been unsuccessful in life in their own countries, and that they will be far from successful in this country. A greater percentage of them are ignorant, stupid or vicious and belong to a class we can ill afford to welcome to our shores. They were failures at home and they continue failures here.—Chicago Globe.

Ex-Congressman Owen, of Indiana, the newly appointed head of the Bureau of Immigration of the Treasury department, created by the bill passed by the last Congress, and of which he was the author, ought certainly to make a good official, as he has for a long time given his attention almost exclusively to immigration matter; but owing to the defective condition of our laws on this subject it is not thought that a great deal can be accomplished at present. The new bureau can at least gather information that will enable Congress to intelligently legislate on this most important subject in the future. Everybody is interested in shutting out the idle, the vicious, the pauper and the unproductive immigrants; and it is only necessary to find a way to do it without injury to the interest of the honest, industrious immigrant who wishes to enjoy the boon of American citizenship, to secure the approval of nine-tenths of our people.

The Third Quarterly Convention of the W. C. T. U. of Sullivan County, will be held in the M. E. Church at LaPorte June 24, 1891.

ESTELLA ITEMS.

Joseph R. Feister of LaPorte, was in town Friday. He and Squire Bird were locating a lot of wild land owned by Mr. F. in Fox township on Saturday.

Messrs. Chaffee and Delpech of Horn Brook Bradford county are visiting at Mrs. Middleaugh's and trying to catch speckled beauties from the brook.

A grand old fashioned celebration will be held here on the fourth of July. The program will be published later in the meantime make up your mind to come.

SONESTOWN ITEMS.

The trainmen have come to our town to board.

Sonestown is still moving on with its various enterprises.

Magargle Bros. are still putting in more goods in their store.

Samuel Boone is opening up his store. Look out for goods now.

Alex Hess has his house under roof and are laying floor etc., now.

Our friend Lorah has shipped a car load of excelsior from his factory.

We wish our town had a barber shop. Some one said Samuel Boone was going to shave and shear.

We had a fine rain last week which did much good, and made crops look much better in a short time.

Geo. W. Simmons is pushing his house to completion as fast as good work can be done. He is going to have a fine house.

M. L. Keller of Light Street, Pa., and formerly the agent at the R. R. station at Sonestown, is in town. Glad to see you Morris.

Bodine & Warn are stocking their store fuller than ever, and will, we think, sell as cheap as any. They have a sign up "any thing U want and don't see, ask 4 it."

DUSHORE ITEMS.

W. L. Johnson spent Sunday and Monday at Lopez.

Our street sprinkling pumps are a great convenience just now.

Milk shake has become a popular drink in Dushore. Geo. Deegan has it.

This is what might be called hot weather. The thermometer registered 90 degrees in the shade, Monday afternoon.

Posters are out announcing the Lutheran picnic in Cronin's grove July 4th. The Dushore Cornet Band will furnish music.

All crops will be short in this section owing to the dry weather. Especially hay and oats. Fruit will be a fair crop except cherries.

A cool and refreshing shower passed over this place Tuesday, which will benefit crops much and left the atmosphere more tolerable.

A church fair will be held in Garey's hall for the benefit of the Reformed church on Thursday, Friday and Saturday, the 25, 26 and 27 of this month.

Work on the new Lutheran church is progressing quite rapidly and we are in hopes the building will be completed before cold weather. It will be a large edifice.

Two families moved to town last week; one into Ed Steafather's house near the depot and one into Mrs. Lewis' house on Carpenter St. We have not learned the names nor where they come from.

We are informed that the membership of the Banryan Society a branch of which was instituted at this place a few weeks ago with about 30 members, has dwindled down to less than (10). Many of the members refusing to pay the extra assessments and are therefore, out all they have paid in.

B. Meeker purchased a bicycle of a stranger traveling through town Monday and made sport for the crowds congregated on the street that evening. Meeker, however, is learning very fast and will soon become an expert. This is the second bicycle in town, one high wheel and a safety, the latter being owned by Mark Scureman. The sight seers are anxious for a race soon.
