

The following from the Pittston Gazette of Wednesday last gives an account of a marvelous cure of a boy who had been afflicted with paralysis for three years: "Who can say that the day of miracles has passed, in the light of such events as that recorded by the Wilkes-Barre News-Dealer this morning, wherein is given a well authenticated case of the marvellous curative powers exercised by Father Mollinger, the Pittsburg physician priest, which, as the News-Dealer says, must suffice to remove every particle of doubt as to their genuineness. The subject was Aloysius Kenny, the five-year-old son of ex-Policeman John Kenny, residing at the corner of Welles and Market streets. Three years ago, when only two years of age, the little boy was stricken with paralysis and from that day has been utterly unable to move a muscle below the hips. His legs were totally powerless. He could neither stand, walk or creep. Last week his mother took him to Pittsburg and on Friday presented him to Father Mollinger. The worthy priest blessed him and rubbed his limbs and on the instant, so Mrs. Kenny states, he rose to his feet, and walked, ran and jumped with perfect strength and freedom. Mrs. Kenny and her boy returned to Wilkes-Barre last evening and were met at the depot by hundreds of their friends. The news had been sent ahead, but those who knew him could hardly believe their eyes when they saw the boy jump off the train and run straight to his father who received him with open arms. During the evening many hundreds of people gathered around the house to view this miracle, and the boy walked, ran and played about them all."

Quite a number of Sullivan county people have recently visited Father Mollinger and much hopes are entertained that they will be restored of their illness. Among the list were: Edward Baumgardner of Dushore, blindness; Thos. E. Kennedy, and Miss Annie Sheehan, of LaPorte, both cases lameness; Martin Gallagher, Cherry, catarrh; Mathew Flynn, LaPorte, lameness; Valentine Dohm, Cherry, consumption; Ed Sweeney, Cherry, lameness; C. Driscoll, Forks twp., lameness; Mrs. Adam Murphey, Cherry, lameness; Mrs. John Kiernan, LaPorte twp., paralysis; Mrs. Mark Smith, LaPorte twp., Miss Ella Cumiskey Bernice.

Some of our people are packing their clothes—we guess they are bound for the World's Fair. Two light weights who are in the employ of Henry Holtzhour peeled 18 cords of bark in two days—Next. A bear passed through town the other evening that caused quite a stir—Pitty there isn't a drove here all the time to keep the people alive. The band boys here are a trifle nervous, on account of so many expert bands starting up in the county. They are afraid they will not get a bid to Dushore, this season. If our citizens wish to lay up worm fences, why don't they do it in the spring of the year and not on Sunday at this season of the year when people have other work to do.

There will be a picnic for the benefit of the H. G. Sunday School on July 4th. Have not learned whether the invitation is general or not. Music will be furnished by the home band. No wonder it is rainy weather, our barber, C. R. Sadler made a business trip to Williamsport, on Monday and returned the same day. This is something unusual and perhaps never happened before. Charley you may go again. Mrs. Robert Kshinka, of Cherry was quite badly hurt in a runaway accident Monday. Mrs. O. H. Lawrence and brother Fred Utz, of Waverly, N. Y., are visiting their parents at this place. Hon. E. M. Dunham of LaPorte, has been in town on legal business several times during the past week. Mrs. Geo. Weaver, of Cherry, died Saturday and was interred in Thrasher's cemetery on Monday. Deceased was 32 years of age. B. Meeker has purchased a fine safety bicycle and has sold his high wheel to Julius Bahl. Bicycling is becoming quite popular in Dushore. The Dushore Cornet Band is giving a series of hops in Garey's hall—one each Saturday night during the summer, and will give a grand ball July 3. The church fair held by the Ladies Sewing Circle for the benefit of the Reformed church, opens this Thursday evening and continues the balance of the week. Crops have improved wonderfully in this section since the drouth is over, and if the weather continues favorable, nearly all crops will be better than for several years. C. M. Croll of Dushore and Miss Carrie Taylor, of Muncy Valley, will be married at the latter place this Thursday, and will give a reception to from 100 to 200 guests at their home in this place Friday evening. A man traveling with five American mummies, showing them as a curiosity pitched his tent in the Exchange hotel yard last Thursday and remained until Monday, charging an admission fee of 10 cents. The proprietor claims to have found the bodies in a cave in Arizona and are supposed to be several thousand years old, being of a semi-civilized race who inhabited the West before the Indians.

Pianos Organs.

The improved method of fastening strings of Pianos, invented by us, is one of the most important improvements ever made, making the instrument more richly musical in tone, more durable, and less liable to get out of tune. Both the Mason & Hamlin Organs and Pianos excel chiefly in that which is the chief excellence in any musical instrument, quality of tone. Other things, though important, are much less so than this. An instrument with unmusical tones cannot be good. Illustrated catalogues of new styles, introduced this season sent free.
