PENNA

DUSHORE. -

Yours very respectfully, J. H. CAMPBELL & Son.

The improved method of fastening strings of pianos, invented by us, is one of the most im-portant improvements ever made, making the instrument more riebly musical in tone, more durable, and less liable to get out of toze. Both the Mason & Hamin Organs and Pianos excel chiedly in that which is the chief excellence in any musical instrument, quality of tone. Other things, though important, are much less so than this. An instrument with ummusical tones cannot be good, Illustrated catalogues of new styles, introduced this season sent free. PENNA. SHUNK, Sylvara, G. :-: Dushore, Pa. :-: ORGAN AND PIANO Co., BOSTON.
