

**LOCAL DEPARTMENT:**

It rained hard Tuesday.

Get your gun in tune for the shooting match.

The eclipse of the moon, was plainly visible, on Sunday evening.

Sheriff Utz of Dushore, was doing business at the county seat, Monday.

Mr. and Mrs. Wm. E. King of LaPorte twp., was shopping in town, Saturday.

Mrs. F. M. Crossley of LaPorte, was visiting friends in Dushore, Saturday.

Help the band by attending the shooting match and dance next Thursday.

Dr. B. R. Jackson of Johnsonburg, N. Y., was doing business at LaPorte, Tuesday.

The cost of the extra session would have completed the W. & N. R. R. to LaPorte.

G. W. Bennett of Muncy Valley, is quite ill. Dr. Chaffee of Forksville, is in attendance.

Tallie Morgan, editor of the *Scranton People*, was found guilty of libel in the Pottsville court; last week.

D. H. Lorah, proprietor of the Lorah Hotel, Sonestown, Pa., made us a friendly call, the early part of the week.

Our sportsmen enjoy this season of the year. They are spending their leisure hours slaying birds and the like.

Attend the shooting match and dance at LaPorte, on Thanksgiving day and evening. A good time is promised.

Joseph Keiss of Nordmont, killed eight pheasants, one day last week. Who of our sportsmen can beat this in one day's hunt?

Our ambitious young men and lady readers should address the Lowell Business College, of Binghamton, and learn how good positions may be secured.

A leading physician of Philadelphia warns his patients against eating potatoes which show the least particle of rot. If rot shows itself the potato is affected all over.

Remember, the doings on Thanksgiving, is to help defray the expenses of repairing instruments of the band. Come and have a good time and help pay the bill!

The courts of Bradford county revoked the license of the Geary Hotel, at Wyalusing, for violation of the liquor law and now that pleasant little village by the sea shore, is without a license.

The Chatanoga woman, who was for years a valued employe in the office of a trade paper, is in jail for forgery. And yet some people contend that women are incapable of learning business ways.

Messrs. Daniel and Jacob Lorah of Sonestown, have had posters struck off at this office announcing a public sale of horses, cattle, wagons and numerous other personal property, to take place at Lorah's Hotel in Sonestown, on Saturday, Nov. 28th.

Chas. Wall who murdered his wife in Centermoreland twp., Wyoming county, was found guilty of murder in the first degree in the Tunkhannock courts, on Friday the 13th. The instrument used to do the murder was an axe and the cause was jealousy.

Jacob Lorah Esq., of Sonestown, has recently rented a store room at Central, Columbia county, and has stocked the same with a goodly supply of merchantable goods. Central is no doubt a good location for a store, and it is generally believed that Mr. Lorah will make a success of his undertaking.

Dr. W. R. Sine, dentist of Williamsport, came up Monday evening and is affording many of our people much relief. All work done by Dr. Sine so far has given the best of satisfaction. Now is the proper time for LaPorte people to apply if they desire dental work done. The Dec will be here until Saturday morning. He is located at the LaPorte Hotel. Charges reasonable.

Our job department was more than crowded, with work, last week.

The LaPorte Band will give a shooting match for turkeys and chickens, on Thanksgiving and in the evening they will entertain the people by a dance in the LaPorte Hall. The boys will spare no pains to make this one of the most enjoyable events of the season. Everybody is cordially invited to participate both day and night. For further particulars see hand bill.

Herbert Darwin Spencer, who is confined in the Lycoming county jail, charged with horse stealing, made an unsuccessful attempt at suicide on Thursday morning Nov. 12. He took the bandage off the arm in which he was shot when captured in Snyder county, and, making a noose of it, adjusted it around his neck, tying one end of it to the bars in the cell. He dropped from a chair, but it was discovered by the attendants before he had been hanging very long. He resisted and was very angry that his life had been saved.

The people in the vicinity of the Wm. E. King district in LaPorte twp., was very much excited over the appearance, of what was supposed to be a very large black bear, one day last week. A large number of farmers got together with their guns and dogs and started in pursuit of the animal. The dogs took the track and after giving it a half day's chase brought it around to one of the hunters who discovered the would be bear, to be one of his own black sheep. It is needless to say that the chase came to a sudden halt.

Our sportsmen enjoyed a rabbit chase, on Monday. The little gray fellow was let go near the blacksmith shop and Doc. Hill's pup was to tree it. The dog failed, however, to give chase and all hands banged away at the poor little innocent animal. The little fellow proved too much for our crack shots, however, and ran up Main street and across the Court House square and took to the woods near Lake Nokoma. The dog at the report of the gun, placed his tail between his legs, and took leg bail for home, hence the excitement of the day, was very much limited. Doc would like to exchange this pup for a rooster.

The extra session was an expensive campaign document. It was intended to carry the State for the Democrats, and as the Democrats were short of money they hit upon the expedient of making the taxpayers foot the bills for the campaign. The bills will have to be met—something like \$50,000 of them—but naturally the campaign fireworks wouldn't go off. They were unconstitutional fireworks, and that is what's the matter. The Senators draw \$500 each for their services, which consisted of listening to the same testimony that was already on record. There is the brand new Senator from Chester county. He turned up for duty on Wednesday and adjourned sine die with his brethren on Thursday. Salary, \$500. He is a Democrat.

It will be noticed that the council proceedings published elsewhere in the *REPUBLICAN* speaks of a petition being presented to the council praying for the repairing of sidewalks in our Boro., but fails to mention the fact that this same petition also requested that certain crossings be repaired and especially the one on Mylet St., at the South West corner of the Court House square. It would seem that the council are anxious for property owners to make repairs on sidewalks, but fail to order done that which is most essential to the public. With this work neglected, how can they expect individuals to do their part. The town council should set the example. We might say they have and the people are following suit. The side walks are much neglected and unless these three crossings, viz: Two on King St., one at or near the Cemetery and the other near the Presbyterian church and the third, the one spoken of in the petition, are not repaired between now and the 14th of next month, we shall make out the necessary papers and place them in the constable's hands to be returned at court.

**THANKSGIVING.**

1891,

A GALA DAY AT LAPORTE.

**Shooting Match**

And other innocent sports & amusements.

Also, in the evening a dance will be given in the—

**LaPorte HALL.**

The doings of the day and evening will be under the auspices of the LaPorte Silver Cornet Band and a good time can be expected.

Down in Montgomery the people are quite excited over the finding of ladies clothing in a field along the river bank, recently, covered with blood. The stains are thought to be human blood and an investigation committee is in progress looking up the mystery.

**STYLES FOR ELECTION FURNITURE.**

They Will Be Discussed at Harrisburg on November 25.

William F. Harry, Secretary of the Commonwealth; Thomas J. Stewart, Secretary of Internal Affairs, and Thomas McCament, Auditor-General, the board appointed to decide upon the patterns of shelves or compartments and guard rails and other furniture and apparatus for conducting elections under the Baker Bill, will hold an open session in the Supreme Court room at the Capitol on Wednesday, November 25, from 10 a. m. to 2 p. m. This meeting will be held for the purpose of examining and inspecting such styles as may be submitted.

In a circular letter issued recently the board says: "It is thought proper to request County Commissioners to immediately take such steps as may be necessary to bring to the attention of the Court of Quarter Sessions the importance of dividing election districts wherever the convenience of the electors and the public interests will be promoted thereby. The Constitution requires that in Philadelphia, Pittsburg and Allegheny City election districts shall be divided whenever at the next preceding election more than 250 votes shall have been polled therein. It is especially important that the division of election districts shall be made as promptly as possible, as County Commissioners will be required to send to the Auditor-General a statement of the voting places in the county, naming them, and of the number of shelves or compartments provided for each. Election districts containing 250 voters will require five voting shelves or compartments."

Streby, of the *Dushore Gazette*, is a sharp shooter and he hit us pretty hard last week; here is one of his bright sayings, that the Republicans of Pennsylvania were going up Salt River instead of the Democrats and that he knew who the captain of our boat would be, but wouldn't tell us. Will some of our Dushore friends please step into the *Gazette* office and inform Georgie that Pennsylvania gave GREGG and MORRISON 58,431 majority and that these gentlemen were running on the Republican ticket—When he has learned this fact—He will, by a very sharp hint from you, (but no kick,) perceive that we have no use for a captain. While you are thus engaged, however, of furnishing him with the news, you might mention the fact that the Democratic majority in Sullivan county was only 323 at the recent election and that last year it was 515, you will then subtract the majority of 1891 from that of 1890 and show him what the McKinley bill has done in Little Sullivan. Georgie is a great boy, but he will know more when you have finished with him.

**The Official Figures.**

The total vote cast in the recent election in Pennsylvania was a good one for an off year. It ran up to 789,624. General Gregg polled 414,583 and Mr. Wright 356,431, a majority for Gregg over Wright of 58,431. Morrison polled 412,594 and Tilden 358,618. Morrison ran but 1,689 votes behind Gregg. This was the extent of the cut that at one time was feared would amount to something large.

The Republican managers at headquarters never believed that Gregg was in the slightest danger, but it was impossible to gauge the Morrison defection. The reason for this was that no one could estimate the Farmers' Alliance vote. It was very well understood that while the Alliance had no intention of opposing Gregg, there was a strong effort on foot to secure the support of Tilden on the plea that he was a farmer. The Alliance is secret in its movements, and it is easy for it to take positive action within the walls and to keep this action secret. It was impossible to get at the strength of the Alliance, but the details of the returns show that the Republicans had nothing to fear. Its followers are mostly Republicans or else their number is small and not a factor in politics. The prohibition vote passed nearly out of sight. It amounted to but 18,500.

Our readers will perceive by this, that we were misinformed last week in our statement in reference to the Prohi party having the necessary vote to place a ticket in the field next year, or three per cent of all the votes cast. We got our information of the *People*, that leading Prohibition paper published in Scranton, and edited by Tallie Morgan. Three per cent of all the vote cast in the State, is 23,685, hence, they fall short over 5,000 votes.

Republicans who claimed that November, 1890, was an accident have been taught by November, 1891, that there are no accidents. They might as well plead guilty after the second conviction and confess judgment for 1892.—*Wyoming Democrat*.

Bro. Day, where will the majority of '92 in Wyoming Co. be placed, in the Democratic or Republican columns? You know last year the Republicans down there, made a clean sweep, and you would not confess judgment but said it was an accident. This year we more than double our majority of 1890 and still we find you claiming the result an accident. We should like to know how you can expect people to take any stock in your predictions of how a Presidential campaign will go when you show so little knowledge of the result of your own county.

**COUNCIL PROCEEDINGS.**

Session Nov. 11th 1891.

On motion of James McFarlane seconded by Thos. Beahan it was resolved that the secretary compute the interest on judgments standing against the borough, and that orders be drawn for the payment of said interest to date, and the same be duly receipted on the docket when said judgments are entered.

On motion of James McFarlane seconded by Thos. Beahan it was resolved that the Street Commissioner be directed to examine the ditch at or near the water trough below Judge Ingham's on Muncy street and open it sufficiently to keep the water from running into the said street.
