Monday and Tuesday of court, was consumed in hearing license petitions and remonstrances.

A number of the Bernice voters, are highly elated over the result of the recent February election.

The attendance at court this week is quite large. This is perhaps due to the fact that it is "license term."

Ex-Secretary Whitney is numbered among the dark horses for the nomination to the Presidency, subject to the Democratic convention. Brice and Gorman say Hill is not in it. The Chicago convention will be a warm affair. Hill is playing hob with democracy.

We are told that the many friends of County Commissioners, D. W. Sernlin and S. K. McBride, are displeased with the article recently published in the Dushore Review, condemning the board of commissioners as being extravagant in conducting their official duties and have laid that paper on the shelf.

The leasing of the L. V. and Jersey Central roads by the Reading company is the largest transaction of the kind ever consummated. Lehigh Valley agents and employes have been officially notified that the road has been turned over to the Reading R. R. company. It is not expected that changes will be made at present if at all. It would be difficult for the new management to improve on the force at this station, and we presume they will not attempt to do so. Certainly they will not if the wishes of their patrons here are consulted.—Athens News.
