[Special to the REPUBLICAN.] MINNEAPOLIS, June 7 .-- In the general anxiety to ascertain who is publican party in the next election, one very important point has been considerably overlooked. This is that the convention to-day, without anyone except the leaders knowing the full significance of this action, bound itself by cast iron rules to tees; reports of officers; reports of delegates; question box; singing; adjournment.

lay the convention is a problem which opens a wide field of speculation. The contested cases alone are so bitterly fought that the committee on credentials may well claim, if so disposed, a day or more for their consideration. Then comes the platform with the silver fight and the demands of the Afro-American League for a new force bill.

It is, therefore, fully within the possibilities, bearing in mind the difficulties which surround both the committee on credentials and the committee on resolutions, that the first ballot for President may not be taken before Saturday or Monday James? next.

A. HESS,

OUR MOTTO! THATS EVERYBODY'S MOTTO and the people appreciate the fact that-

What does it mean? Square Dealing.

With less it would be folly to be content, for more than that it is unreasonable for you to ask. Look out for the man that says he content in the content of Look out for the man that says he will give you something for nothing, he will do no such thing. We don't do anything of the kind, we don't even pretend to, we will give you as good as you can get elsewhere for your money and better than you can get in most places. We have no use for silly, meaningless arguments. It is as much to your interest to deal with us as it is to curs.

New goods are constantly arriving and you will be pleased with the style and finish of the goods as well as the price we have put on them. Come in and see them.
