

THE REPUBLICAN

LA PORTE, PA., SEPTEMBER 30th 1892.

TO IN AND COUNTY NEWS.

Sunday was a perfect day.

Our town is filled with strange people.

The leaves are turning crimson. Fall is approaching.

A barber located at LaPorte, would do well. Who will reap the fortune?

C. W. Waddrop of Hughesville, was doing business at LaPorte, Monday.

The old school building on East Main St., is being repaired for a dancing hall.

T. J. Keeler, general merchant of LaPorte, is in the city this week buying new goods.

Pay your county taxes before the 8th of next month. Remember the time is growing short.

The soldiers have returned from the encampment at Washington and report a splendid time.

Services will be held in the Catholic church at the tannery, on Sunday next at 10 A. M.

Mr. and Mrs. John N. Messenger of Burnwood, Susq. Co. Pa., are visiting old friends at LaPorte.

The party that was to have taken place in the Hall of the new school house Saturday evening, was a failure.

Whose fortune and ill looking sheep is that roaming about the streets? It ought to have a protector.

Mrs. Chase of Wyalusing and mother of Captain Chase of the 'Mere, is visiting friends at LaPorte.

W. L. Johnson of Lopez, drove through town on his bicycle at a 2:40 gate enroute for Williamsport, Monday.

On account of the death of Dr. McHenry, of Benton, no fair will be held at that place or Washingtonville this fall.

They say that Amba is not going to have it all his own way at Lopez, on election day. Near relatives will take a stand against him.

The managers of the Dushore driving park are arranging to have a couple of games of ball on the ground during the exhibition.

The gross receipts of our job department on Friday and Saturday last, was \$17.50. The REPUBLICAN office is headquarters for job work.

Seventy Italians came to town on Tuesday and are now at work on the railroad. The force now engaged on this work numbers over six hundred.

Politics will be the chief subject at the fair, Oct. 4, 5 and 6. Don't forget a basket of pleasant smiles, if you are obliged to borrow them of your neighbor.

R. M. Stormont of LaPorte, exchanged his colt and some bottle for a heavy span of horses last week. The trade was made with Chas. Sick of Cherry Mills.

The Italians sojourning in our Dist. Atty's. barn, gave a free dance Sunday evening. They jumped about as they do in Italy. A large audience witnessed their proceedings.

There are a few people in our midst who do nothing but set around and talk about their neighbors. It would be better for all concerned if they would go to work and earn a living.

Mr. and Mrs. F. W. Meylert are spending a couple of weeks vacation at LaPorte. Frank will teach the Forksville school this winter and will commence the same on Monday the 9th of October.

Mrs. Keller and daughter Miss Edith of Williamsport, were visiting friends in town last week. On Sunday Harry Keller and family of Bernice, came over and spent the day with his mother.

It is the lazy man about this vicinity, especially, who don't work these days. Mr. Gaynor is paying from two to two and a half a day for good men. Possibly, however, he has made his selection.

The polling place of LaPorte boro, was petitioned by our people and changed by the court from the LaPorte Hotel to the Grand Jury room in the Court House last week. The change is favorably received by us all.

A fight at about 9 P. M. in either of our hotels, is quite common these evenings. Our readers will call to mind that the REPUBLICAN suggested an extra police or two some time ago. The town council will catch on after awhile. Give them a show,

It would be a wise act of the town council to prohibit the use of cow bells in the borough limit. The rattle-tang of an old cow bell is a nuisance and should be entirely out of date.

We hope to be in attendance at the Fair on Thursday Oct. 6th and shall be pleased to note down a new subscriber or two or write up receipts for those in arrears. Try and keep us busy that day.

The several organizations of Old Fellows of Sullivan county, will picnic at 'Mere on this Thursday Sept. 29th. Prominent members of the organization will be present and address the gathering. A gala day is anticipated.

Mr. and Mrs. J. W. Carroll of Du shore, while in town last week, inspected the interior of a first class country printing office. The REPUBLICAN runs her press by steam power, hence is the best equipped office in the county.

Frank St. Clair foreman of the Benton Argus and Miss Clara Eyer, of Rohrsburg, also a compositor in the Argus office were married on Sept. 15th. Mr. St. Clair served as foreman of the Dushore Review for a year or two. The REPUBLICAN extends congratulations.

The county commissioners in accordance with a resolution passed some two months since, will erect election booths on the Fair ground at Forksville during the exhibition next week. All are invited to call and cast a ballot and learn the ways of the new voting system.

J. W. Carroll the Dushore clothier and landlord, has rented the Wm. Meylert store room on Main street and has stocked the same with a large assortment of ready made clothing. We predict that with an advertisement in the REPUBLICAN—John's fortune is made.

George Chase the pound master, was surprised at the escape of two pigs from this inclosure, Sunday night. He said he couldn't find any hole about the fence large enough for a good sized pig to make its escape. George thinks the pound should be repaired, some here.

The grand opening of the Dushore driving park, on Oct. 11, 12 and 13, bids fair to be a gala day at the metropolis. Horse trotting and running will be the attractions of the event and one thousand dollars will be given away in premiums. The candidates ought to be there.

Thursday October the 20th will be pay day on the W. & N. B., when according to all accounts we can expect a lively session at LaPorte. Those who are accustomed to the ways of the Italians and Hungs, say that they partake freely of fire water on receipt of their earnings.

The officers of the Dushore driving park, are a fine lot of fellows, and we predict that the enterprise will prove a success in every instance. The investment of 15c. for improvements to increase the exhibit, thereby adding interest in the affair, will not be considered by these officials.

Numerous friends of the REPUBLICAN called at our sanctum last week and complimented the paper and our machinery. The REPUBLICAN is the only paper in the county issued by steam power. We have the best equipped office in the county, hence, can do work cheaper than either of our contemporaries.

The hotel at Ganoga Lake Sullivan county did the most prosperous business in its history as a Summer resort, during the season just closed. Mr. Frank Ricketts is a genial landlord, is deservedly popular and will yet make Ganoga Lake one of the leading Summer resorts in this section of the State.

The two great parties are nominating candidates for Member who are in sympathy with the corporations, in nearly every county in the state, and Sullivan county is no exception. They should be defeated in every instance. Should the corporation candidates be successful in each county the monopoly will control the Legislature by a very large majority. Wonder if it is possible that our people will contribute ONE?

A Heavy Mortgage. On Sept. 22d, Hon. T. J. Ingham solicitor for the Williamsport and North Branch Railroad Company, filed a mortgage in the Recorder's office of this county, executed by the above R. R. Co., to the Fidelity Insurance Trust and Safe Deposit Company, of Philadelphia, for the sum of \$2,000,000. It is payable on Sept. 1st 1922. It was also filed for record in Lycoming county.

Powderly on the Democratic Party.

Master workman Powderly, who was quoted in an interview as saying "he was a Republican this time" has denied the statement and says he intends to vote for General Weaver, the candidate of the People's party.

The last issue of the official organ of Mr. Powderly's order dated Sept. 22, contains a long manifesto from Mr. Powderly devoted mainly to an arraignment of the Democratic party as inimical to the interests of the workingman.

Mr. Powderly tells how he helped to elect Governor Pattison on the broken pledge that a constitutional convention should be called in the interest of changes demanded by the workingman. He declares the Democratic candidates for Congress in Pennsylvania are running on platforms of their own creation instead of on the free trade platform of the Democratic National Convention.

Referring again to the Democratic platform Mr. Powderly uses these words: "A party which seeks to obscure its villainous declaration in favor of wildcat banks behind a whirlwind dust kind of a tariff discussion must be in sore straits."

Mr. Powderly says:—"Every sentence in the Democratic platform is intended to catch votes, every paragraph is framed to gull the citizen, and, if the success of the national candidates of that party would be assured by throwing the whole platform to the winds and taking up an entirely different one, the National Committee would not hesitate to give the winds a chance unless they would be placed under bonds to comply with the provisions of the platform if successful in electing their candidates. If the National Committee would cause the workingmen of this nation to believe them sincere, they will advise the chairman to repair to his place at Harrisburg, and take up the affairs of the State."

The Republican party has been charged with being the party of plutocracy, of wealth, and monopoly, but the Democratic party has the supreme gall to assume, with an air of patronizing ownership, the privilege of dictating just how workingmen should vote. It claims to be the party of the poor man. I grant that it ought to be, for the poor have given it the strength to live long enough to see its candidates for the Presidency write against free silver at the dictation of Wall Street, long to see its National Convention frame a dishonest declaration in favor of wildcat banks, long enough to see the principal actors on its boards squirm and shift with every wind to catch the votes of poor men. Yes, the Democratic party is the party of the poor man, and if he continues to vote that ticket he will never be anything else than a poor man."

The truth of these accusations can be testified to by the voters of this District. The Democratic party which calls itself a friend of workingmen and has for its platform that "Protection to workingmen is a fraud and unconstitutional" has shown its cloven hoof in this District. For Congress they have nominated S. P. Wolverton, a great lawyer and an intellectual giant whose whole life has been spent in furthering the interests of corporations. Mr. W. is atty. for many great corporations including the Reading and Lehigh Valley R. R., and he is President of at least one and a Director of a great many more railroads. His great powers have been wholly at the command of corporations and while he is personally unexceptionable, yet he is the most dangerous enemy of workingmen in this District, because he has the ability to do them harm and is in a position to do it.

Against him the Republican party has nominated Chandler Eves, a farmer, a working man, a friend of labor, an opponent of extension of corporate power, an intelligent man, who knows and can discuss the wants of our people.

Again the Democrats have nominated for Representative M. J. Lull, who in a lesser degree is like their candidate for Congress. He is steeped in corporation milk. He was brought up on it and a blind subservient to corporation orders. Personally he is a good fellow, has pleasant ways and makes friends easily, with a smooth tongue and a seductive manners. But for this very reason he is all the more dangerous. In his degree he would be as dangerous an enemy of the workingman at Harrisburg as Wolverton would be at Washington.

Mr. Huckell, the Republican candidate is like Mr. Eves a farmer, a tiller of the soil—a laborer in the fields. He is also a man of high intelligence, an educated farmer, a good talker, a man who would make his mark at Harrisburg as a friend of the people.

Farmers of Sullivan county, Laborers of Sullivan county, Hewers of Hemlock, Diggers of Coal, Tillers of the Soil, it is for you to say who shall go to Washington and Harrisburg, to make your laws for you. If you want to send a friend of working people, men honest, sincere, earnest and faithful vote Eves and Huckell.

If you wish to send men who will help fasten tighter the corporation chains about us, vote for Wolverton and Lull.

You can elect either by your votes. Consider the question carefully.

There was considerable fault finding by the tax payers about the cost of the county for Grand Jury service last week, and we are not quite certain, but that there was good reason for a kick. This Jury was kept in session until Thursday evening, hence, were allowed five days by the court. Heretofore it was a rare thing for this Jury to serve more than three days at the most. The average cost to the county per term for Grand Jury service figures about \$190.00. This term cost \$260.50. Had there been more cases on the list than ordinarily, there might have been some excuse for the delay, but there was not, as the reader will perceive by looking over the court proceedings, elsewhere. In an interview we had with several of the Jurors—each one of them were frank in expressing that the District Attorney was not prepared and could not push the work as fast as they would have him.

By request of a number of Jurors, we publish the reason of the delay, hence, the above.

The article in the REPUBLICAN last week, in relation to the repealing of the law exempting railroads from taxation, has set a good many of our tax payers to thinking and it would appear that the Monopoly candidate, though a genial good fellow, will lose many votes in consequence. Democrats who have never been known to vote any thing but the straight ticket, heretofore, come out in plain english and say that they will not support Mr. Lull for Member, owing to his position as conductor for a railroad company, believing if elected, that he will be duty bound to support any measure that the great corporation might introduce. This is good reasoning and we are willing to wager our last year's straw hat, that if Mr. Lull is elected Member he will either be absent or vote against the repealing of this law hence, allowing the railroads to go untaxed.

Lightning struck the Dushore driving park the other day. It was a streak of electricity with four white feet. The shock was owned by J. E. Gross of Milton, who is a drummer on the road selling notions &c. He carries a heavy load about over the mountains with this shock and its mate. The sporting men of Dushore and of Lopez didn't have any idea that the thing could go off so lively and bantered Mr. Gross for a race. Joe Mildendorf said that his "horse" would leave the surprise four rods behind in the distance of once around the track and Esquire Jennings said he wasn't much on the brag but thought he could get there with either of them. Everything in readiness—off they go. Well say, that bay shock of electricity and white legged repeater left those 2:40 home nags so far behind that—well they were not in it.

Joe would like to exchange his nag for a heavy weight rooster and Worth says his is plenty fast for team work.

Mr. Harvey Gregory of Seymour, Wisconsin, has been visiting for the past week at the residence of William Meylert Esq. Mr. Gregory is a brother of Mrs. Meylert who died little over a year ago and will be remembered by our older citizens as one of the boys who went out with Co. K. 141st Pa., Volunteers, and served to the end of the war. Mr. Gregory has been in attendance at the National Encampment at Washington, where he met with quite a number of his old comrades.

A number of the leading Republicans of the Western part of the county, made us a call court week and we are pleased to note that they are taking considerable interest in the welfare of the REPUBLICAN. They say that hereafter they shall look out for their party paper and will cut loose from the Monopoly Independent. They say that it they are going to let the Democratic people support the Review for a time.

Report of Grand Jury.

The Grand Inquest of the Commonwealth of Pennsylvania, inquiring for the County of Sullivan, in all matters relating to the same, do respectfully report:

That they have acted upon Ten Bills of Indictments of which nine were found True Bills, and one Not a True Bill.

We beg leave further to report: that we have visited and inspected the county buildings and find the Court House unsafe and dangerous, and we would recommend a new Court House.

We further report that we are informed on sworn authority that there are no Finger or guide boards in Cherry or Shrewsbury townships and we respectfully recommend the court to order Finger boards at all cross-roads.

To the Hon. the Judges of the Court of Quarter Sessions of Sullivan county.

The Grand Inquest of the Commonwealth of Pennsylvania engineering in and for the County of Sullivan upon their oaths and affirmations would respectfully present that it is a matter of which they are cognizant that the public road laid out by order of your Honorable Court, from near the bridge across the Loyal Sock Creek, in Forksville Boro. to public road in LaPorte township, at Loyal Sock Creek, has never been opened in that portion of said road, lying in Forks township, Shrewsbury township and LaPorte township. And that the said road is a public necessity to the citizens of Sullivan county, and that David Mulnix, Geo. W. Lambert and Powell Norton duly elected and qualified road commissioners of the township of Forks, utterly refuse and neglect to open that portion of said road from the point where the line between Forksville Boro. and Forks township cross said road to the place where the line between Forks and Shrewsbury township crosses the same. Although they had been duly and legally notified to open same to the great injustice and common nuisance of all the good citizens of the Commonwealth of Pennsylvania.

JAMES PETERMAN, Foreman.
