D. T. Huckell is making lots of new friends during his canvass. The people like him because he is a good conscientious man and they know that he will work for their interest in the event of his election.

It is rumored that the Town Council will comply with the suggestion of the REPUBLICAN and put on a paid Policeman the latter part of this week. The people's money could not be attributed to a better cause.

A little fuss occurred at the LaPorte Hotel on Sunday, in which Master Harry Karns was quite badly hurt. Harry was most too small for his opponent. When Harry grows to be a big man the railroad men will have to take a back seat.

Forty eight traverse jurors have been drawn for the first week of November court for the purpose of being prepared to try the Marks murderers, as all capital offenses require that number of jurors to select a panel from.—Wyoming Democrat.

We understand that the Gazette is going to say in this week's issue that Mr. Mahaffey did not partake of too much fire water the other night, as sighted by the REPUBLICAN in our last week's issue. We fear the Gazette will shoulder much to attempt to prove him otherwise.

The news from the bedside of Mrs. Harrison is not what all would like to have it. The good lady is evidently nearing the end of her noble life and the final separation in this world from those to whom she is most dear is apparently not far off.

D. T. Huckell the People's candidate for Member delivered an address in Cherry, on Saturday evening and his listeners were more than pleased with his remarks. Should the voters of Sullivan elect Mr. Huckell, they will ever be pleased with their choice and will have done their duty.

S. K. McBride of Hills Grove has entered one of his mule teams at work on the railroad. This same team was entered at the Forksville Fair and took the premium. At present Sam is doing the driving, but expects to put on a teamster as soon as he has learned what his mules are expected to do.

The officials of the W. & N. B. have purchased the telephone line between this place and Dushore and have repaired it as far as the Summit. They have placed an instrument in the Summit Hotel. Mr. Marston chief engineer of the railroad looks after it at this end and finds it quite convenient in giving orders along the line.

It shouldn't matter what the Republicans of Sullivan county think of the monster ballot, they should go to the polls and vote it this fall. The Democrats have a good big majority in our midst and can spare one occasionally while we must have a full turn out to make any showing at all. Keep this in mind, please.

Mrs. M. F. Albert with her two little children came up from Newport, Perry county, on Saturday. They continued their journey to Cherry where they are visiting friends. Mrs. Albert is on her way West and expects to join her husband in Payette, Idaho in the near future. Peter Albert of Cherry, will accompany her West and should be like the lay of the land out there will locate.

Na Stickers on the Official Ballot.

An idea evidently prevails among many persons who have not seen the revised form of ballot that stickers can be used on the ballot to paste over any name printed thereon. This is wrong. None of the officially printed names can be erased, crossed out or pasted over. Stickers may be used, but they can be legally placed only in the blank spaces in the last column of the ballot left for that purpose, and not over another name. In these blank spaces the voter may insert any name he pleases, either by means of a sticker, by writing or by stamping.

The people have no fear but that Mr. Huckell will vote for the equalization of tax. While on the other hand Mr. Lull is held in doubt and they are ample reason for a suspicion. He holds a lucrative position for the great Reading gigantic corporation and they should be do otherwise than their request his services will be postponed. Josh is sharp and shrewd and don't mean to fall a prey to the little folks of Sullivan. Mark our word, Josh Lull will never vote to tax the Railroad Companies, should he be elected.

Thomas Potroiny a mason on the railroad and who will be remembered as the harp player, met with a painful accident on Thursday of last week. He was working about the derrick near the tannery school house when something about the windlass broke. Tom had a firm hold of a rope attached to the machine at the time and was hauled twenty feet in the air. The rope pulled through his grip and burnt and wore the flesh off from his hands in a frightful manner. Dr. Hill did up the wound and Tom is doing as well as could be expected. The harp, however, is hung on a weeping willow tree.

Thos. Mahaffey who is seeking the election of Sheriff of Sullivan county and who was put up by one or two bosses, called on Nathan Person, tax collector of Dushore boro. for 1891 and paid his twenty-five cents county tax for that year, the other day. The farmers of Sullivan county like Thos. Simmons paid their tax for 1891 last October. This tax receipt, however, will give Mr. Mahaffey the right to vote this fall. After the payment and on Mr. Mahaffey's absence, it was remarked by the collector that, that was the first money he had received from the Mahaffey family in the way of taxes.

Elmer Slayman, general superintendent of the LaPorte Hotel barn, sheds etc., met with a sad and most painful accident while sight-seeing along the line of the railroad on Saturday morning. The accident might not have happened some people, but Slayman went down to sight-see and felt duty bound to take it all in. This is the way it happened. A heavy blast was set off in the rock cut near the dam of Lake Mokoma. These stones go up very high and make a fine sight as they drop into the lake. The water splashes high in the air like a fountain. Well, Mr. Slayman had his eyes on this sight when a stone of good size came down "bang" on the visitors delicate foot. He jumped. It hurt.

James Cunningham formerly of the firm of Cunningham & Cole of Dushore, is a natural genius. He has got out several patents, but the last one takes the cake. It is called the "American Steam Kettle," and is simply constructed, but you know those are the kind that sell best. The kettle is made of American tin, and the bottom part is much smaller than the lid of the stove, a rim nearly the depth of the kettle is soldered on the outside and a space of an inch and a half is left between the two, hence, the fire blazes up between and your potatoes are made to boil in four minutes. There are several other good qualities about the concern, but we haven't time to tell you. Just call on, or write Charley Zupar, Dushore, Pa., he is general agent for the "American Steam Kettle" and learn all about it. It is a hurry up dinner concern and every woman ought to have one.

Honey bees can outfly the swiftest pigeons. A wager was made at Bradior to test the matter. Jeremiah Williamson took six honey bees and three carrier pigeons two miles from home. He rolled the bees in flower to mark them, and then all were liberated. The bees reached their hive a quarter of a minute before the first pigeon alighted upon the dove cote.

Mr. and Mrs. N. C. Mabon's Infant Child Nearly Killed by a Runaway Team.

N. C. Sebring who drives Judge Ingham's team was engaged in picking apples in the orchard at the upper end of town on Thursday. He had tied the horses to a tree when one of the animals, a colt, slipped the bridle. This is supposed to have frightened the team and both horses struck pell mell across the field and running a stride of an apple tree smashed the wagon in several pieces and loosened themselves from the same. The colt ran down Cherry and King streets to Main and thence to Muncy to Dunham's corner where it turned to go up toward the Mountain House barn. Mrs. Mabon was wheeling her child in a baby carriage, and was on this crossing opposite Dunham's house, when she observed the horse. She snatched the child from the vehicle and ran and had only got about 10 or 12 feet from the carriage when the horse came along. Straps of the broken harness were flying in every direction and one fastened on to the carriage and the animal dragged it a distance of two hundred feet. It surely was a very close call.

A business man and a good business man of Dushore, was over to LaPorte the other day and in a political conversation said—"he was a Democrat, but that he did not believe the Democrats did what was best for their party in selecting their nominees at the convention. He further said that he had given Mr. Mahaffey numerous papers to serve and notwithstanding the fact that he, Mahaffey had done business in the Sheriff and Constable's office for the past 10 or 12 years, was ignorant how to proceed with the papers and would guess and was most apt to guess wrong. He further said that he believed the office should be given to an older resident and to one whom it would do some good. He cited the fact that Mr. Mahaffey had been given the office of Sheriff of Lycoming county and that he believed it was the salary of this office that caused dissipation in his family." This coming from a man and a Democrat, who has done business with Mr. Mahaffey for the past ten years, will no doubt have much weight with the Sullivan county voter. One glance at the true facts of the matter ought to convince us that Mr. Mahaffey is not the proper person to elect to this office. Mr. Mahaffey was placed in nomination by the assistance of one or two ring bosses, hence, the party is under no obligations to give him their support. But few Sullivan county Democrats would have taken the nomination under similar circumstances.

The horse racing at Dushore last week was very good. The receipts at the gate figured high—a good part of it was given away in prizes, however. This speaks well for the managers of the Park, as it proves the enterprise is not a money bag scheme. "Barber" the LaPorte running horse won the first heat on Thursday in 1:05. He lost the second and third however, which was won by "Lady Light Foot" of Lupez and owned by Martin Brown. The best time made by "Light Foot" was 1:10, hence you will perceive that "Barber" made the distance in five seconds less than Light Foot. Had "Barber" been trained for the occasion he would have continued his speed and won easily. "Grover Cleveland," a pony owned by C. E. Jackson of Bernice, was entered in the race, but he was not in it and Charley ought to have had more respect for the Democratic nominee than to have called it "Grover."

Mr. and Mrs. A. A. Collins, of Forksville, mourn the loss of their youngest son, Jesse, a young man about 21 years of age. He was taken sick about two months ago, with malignant malarial fever. The progress of the disease was not rapid, and he was confined to the bed only three weeks. The deceased was a young man of great promise and his untimely death is a severe blow to his parents and brother and sister. He was a faithful member of the M. E. church and a young man of Christian character. He was a graduate of the Forksville school, class of '91, and last winter taught a successful term of school in Hills Grove twp. The funeral was held last Friday and the business places and schools were closed as a mark of respect. The funeral services were conducted by Rev. P. R. Pittman his former pastor.

His death has cast a gloom over the entire community and the sincerest sympathy of all is extended to the afflicted family in their hour of bereavement.

Mad Dog on Chestnut Street.

PHILADELPHIA, Oct. 16.—A sensation was created on Chestnut street at 7:30 o'clock to-night by a mad dog, which bit a dozen people. The canine, a diminutive, yellow cur, started from Third and Chestnut streets and ran up in the middle of the latter thoroughfare for several squares. When it took the pavement, people rushed hither and thither to give the rabid animal a clear course. At Sixth street the dog attacked an unknown Russian girl of about 12 years, but her clothing is thought to have prevented her from injury. At Seventh street, John Boyd could not get out of the way of the frothing canine and was severely bitten. At Eighth street William H. Bonner, Dr. F. B. Hazel, L. Meyers and Charles H. Ettinger were all attacked and more or less severely bitten. Reserve officer Jones then gave chase, and at Ninth street stunned the animal by a blow on the head with his cane. He ended its career by smashing its skull with his black-jack. Six or seven other persons whose names cannot be learned were also bitten, but so far as known none of the victims were taken to any hospital.

It is said, that on the completion of the W. & N. B., trains will run from Williamsport to Towanda.

Business Locals.

Dr. J. L. Liberman.

Regular visiting optician of Penn Yan N. Y. will again visit LaPorte stopping at the LaPorte hotel for three days only, November 12 and 13 for the purpose of testing all defective vision of young and old and fitting proper glasses. To all who may have peculiar or difficult glasses, by giving me a call can receive the best satisfaction without any cost for examination made.

The eye is a very delicately constructed organ and is easily injured beyond repair. Thousands are injuring their eyes by the use of imperfect and improperly fitted spectacles, and as I find that but very few who are using spectacles are using the proper correction for their eyes, and glasses that are not properly fitted are liable to be repaired damage. All persons who are using glasses should have their eyes examined at least once a year. I correct all errors of refraction, such as Hypermetropia, Myopia, Astigmatism, Presbyopia, paralysis and spasm of accommodation, Strabismus, Accommodative and Muscular Asthenopia a specialty.

Twice a year the patients are called upon so that any change in the condition of their eyes can be noted and attended to, and a glasses bought of me can be exchanged for new ones provide the same are in good condition and not scratched, chipped or broken.

Remember the date, November 1, 2 and 3, at the LaPorte Hotel, three days only Oct. 21.

DR. J. L. LIBERMAN.
