TO N AND COUNTY NEWS.

The leaves are falling fast.

Election one week from next Tuesday.

This is fine railroad weather and the contractors appreciate it.

Potted plants for window culture sl ould now receive attention.

M. J. Lull passed through town enroute for Davidson twp., on Saturday.

The old soldier comrades are falling in line for Thos. Simmons for Sheriff.

We are too busy at work on the ballot to give our paper any attentior this week.

The young people of LaPorte en joyed a pleasant party at Wm. Keller's on Friday evening.

E. J Fiynn and Thos. Kennedy both of Jamison City, were calling on friends at LaPorte, Sunday.

Fifteen thousand dollars were distributed among the employees at work on the R. R., last week.

Mr. and Mrs H. E. Anschutz left for Muncy Saturday where Mr. A. will assist to survey a railroad line.

Harrison and Reid will be electe by a good big majority. They wil. have thirty or forty electors to spare.

Are you of the opinion that railroad corporations should pay taxes? adversaries must respect them. If so, vote for D. T. Huckell for Member.

D. T. Huckell is the tarmer and labors' candidate for Member and he should receive their support on the 8th of Nov

It was remarked to us the other day by a Democrat that he (the speaker,) 'of his own knowledge did not know of Mr. Mahatley's doing any manual labor since he came to our county and that he did not think it was right for our people to tolerate such peop e and vote them into office." This is certainly good reasoning and we feel confiden that there are many more Dem crats who feel as this gentleman does about the matter.

First, they were nominated by convention in which there was no contention, trickery or combinations The candidates did not solicit the nomination, but were fairly selected by the delegates after due considera

Fifth, their standing as men of public spirit, honor and genero-ity Sixth, they are conducting a qu e ruthful and honest canvass of the

If those who do not believe in the use of money in politics neglect to attend election, and fail to do their full duty in getting their neighbors to the election, then they are too indolent to maintain their own rights Of what avail is it to talk about the discriminations in favor

We may think, if we have an in telligent thought about it at all, that we are doing the best we know

how. We belong to the party and are voting our party ticket, unconscious that there may be a power within the party machine greater than the party, and foreign to the party interests; a power that has corrupted its leaders and have managed to have placed as candidates on the ticket, for all the lawmaking offices, creatures of their wp and thus unconsciously cur vote goes to build up a railroad corporation or some other corrupt
