

THE REPUBLICAN

LA PORTE, PA., NOVEMBER 4th, 1892.

TO N AND COUNTY NEWS.

Vote for Simmons.
Election next Tuesday.
Thanksgiving Day Nov. 24th.
Five (Xs) and your ballot is complete.

Cleveland is a well thought of man except on election day.

Many springs and wells are going dry in this vicinity.

Attend the Mass meeting at Williamsport, this Saturday evening.

Vote for Huckell.

Hon. Russell Karns made a business trip to Williamsport, Tuesday.

Take a half day off on election day and be sure and get your vote in.

Miss Winnie Keeler of LaPorte is ill with the scarlatina, but is improving slowly.

Miss Emma Spencer of LaPorte left for New York city, on Saturday last where she will spend the winter.

Vote for Huckell.

D. T. Huckell delivered an address at Bernice the other evening and was greeted with a large and appreciative audience.

Members of the Cabinet will go in mourning for a month over the death of Mrs. Harrison, neither making nor receiving calls.

The large boys who played those contemptible jokes on our people, hollow 'em night are pretty apt to be arrested. They should be at least.

The Y. W. C. T. U. of LaPorte will meet at the home of Miss F. Meylert, Friday evening Nov. 4th. Miss LOTTIE MILLER, Sec'y.

Mrs. Lew Harris of Towanda and Mrs. Horton Shores of Black, Pa., are spending a few days at LaPorte visiting their niece, Mrs. Edward Shrader.

The relaying of the track of the W. & N. B. between Sonestown and Nordmont with rails weighing seventy pounds per yard was commenced this week.

Mrs. A. M. Cheney of LaPorte, left for Centermoreland Wyoming county, on Friday last, where she will visit her sister, Mrs. Hatfield for several weeks.

The Sullivan county ballot to be voted this year will be about 22x26 inches. It is a little cumbersome, but then everything is upon the one ballot—candidates of all parties.

Vote for Simmons.

Republicans and Democrats, will both, hold mass meetings at Williamsport, on Saturday evening, Nov. 5th. It is more than likely that an excursion train will run from Nordmont on this date.

Judges of elections in Sullivan county should not allow parties to go into the booths with a voter unless they are satisfied that such voter is unable or incompetent to mark or prepare his ballot. Bribery of voters will be very much lessened if this rule be enforced by Judges of election.

Vote for Huckell.

The Baker ballot law is not so difficult a thing to master after all. Full instructions will be found in this week's REPUBLICAN for preparing your ballot under this law, and Republican workers at the polls will also give you further information if necessary.

The ballots are printed and ready for distribution. At a recent meeting of the board of Commissioners it was agreed that the Commissioners shall deliver them to the Judges of election in each district, hence, by Saturday night this work will be completed. They will also deliver ballot boxes to the several precincts of the county.

Rain has not in years been more needed in the Schuylkill Valley and when it comes, as now seems likely before long, the water will bring a vast access of impurity to the drinking water of the city. Boiling drinking water at such a time, a precaution always wise, is a care no one should neglect.

A short time ago the Dushore Review made a faulty review of the County Fair, by stating that Dushore schools carried off the honors at the fair. LaPorte schools received a premium of three dollars, and was represented as a school, not by a few individuals. Their exhibit was the final examination of the years work, written independent of book or teacher. This we consider the only fair test, for competition. This is written merely for the justification of the LaPorte pupils. *

How to Vote.

Democrats and Republicans who desire to vote for Huckell for Representative or Simmons for Sheriff will place a (X) in the little space opposite the word "Republican." Like this:

FOR REPRESENTATIVE, VOTE FOR ONE.

REPUBLICAN. X
DANIEL T. HUCKELL, Fair St. Forksville.

FOR SHERIFF, VOTE FOR ONE.

REPUBLICAN. X
THOMAS S. SIMMONS, Davidson Township.

A Democrat or a Republican desiring to split his ticket need not worry about making mistakes if he will follow this statement—to make his cross opposite the word "REPUBLICAN" or "DEMOCRAT" for whom he desires to vote. Inclosed in this issue you will find a specimen ballot which is apart of the election proclamation. Look it over carefully and practice on it and let it be said that the nine hundred and fifty subscribers to the REPUBLICAN were well informed of how to cast their ballot before going to the polls. One cross at the head of the ballot and opposite the words—"REPUBLICAN" or "DEMOCRAT" means a vote for that entire group which continues to—Congress. Vote for one. Should you, however, put the cross opposite the name of—Benjamin F. Jones who appears first in the Republican group or Mortimer F. Elliott whose name appears first in the Democratic group—that would mean a vote for that one elector, hence this would not be as you intended. But you could continue making crosses all the way down to "Congress" and your ballot thus far would be counted.

To the Friends of Huckell and Simmons.

One word more on County affairs and a last word before election—Mass your forces on election day and charge for the centre. No half hearted work; no fainting faith; it is, it is in the power of the friends of HUCKELL and SIMMONS to elect them. True there is a great Democratic majority in Sullivan county, but this is not a Democratic fight, it is the fight of those who prefer the adventurers from Sister Counties to our own good citizens. The old Democrats, who have been subdued, and trodden under foot by Lull of Wyoming and Mahaffey of LeComing, are not in this fight. They dispise the methods by which these candidates were thrust upon them and will glory in their vote. They do not choose to make their sentiments public, but the still small voice, that is heard only in whispers will be as effective as a hurricane at the polls. Friends of Huckell; friends of Simmons, pull together. Stand shoulder to shoulder for both and work, where work will tell, at the polls. To you, good friend, whose eyes rest upon these words, we say, do not fall out of the ranks when the grand charge is made on election day. Arise in the morning "while it is yet night." Do not wait for sunlight to buckle on your armor. The greatest of victories have been won by early attacks. Let the advance guard be there in superior numbers when the polls open. Open the fire of truth at once, the friends of the candidates of the Sister Counties cannot speak an honest word in their favor. Speak boldly to the doubting; stand up for farmers and their rights; stand up for laborers and their rights; stand up for the men who work in the mines for the men who swing their axes in the lumber woods, for the masses of the people of Sullivan County. Pour hot shot into the moved tools of heartless and corrupt Corporations. The Baker ballot law is not so difficult a thing to master after all. Full instructions will be found in this week's REPUBLICAN for preparing your ballot under this law, and Republican workers at the polls will also give you further information if necessary. The ballots are printed and ready for distribution. At a recent meeting of the board of Commissioners it was agreed that the Commissioners shall deliver them to the Judges of election in each district, hence, by Saturday night this work will be completed. They will also deliver ballot boxes to the several precincts of the county. Rain has not in years been more needed in the Schuylkill Valley and when it comes, as now seems likely before long, the water will bring a vast access of impurity to the drinking water of the city. words of truth and soberness in favor of the rights and interests of himself and his fellow citizens; it is a disgrace to a man to be a hired poll worker, and a corporation talker.

Now let it be seen that the powers of honest convictions, and sound principles is mightier than the money power. Let this determination inspire every man to the most effective action. Wait not for party leaders; let your faith and your work make every man a leader, and gather your forces in without money and without price; so that the corporation candidates hang down their diminished heads, and their hired tools feel the bitterness of their own disgrace, when counted votes proclaim the success of Huckell and Simmons, the candidates of the people.

Farmers of Sullivan County.

Do you want the tariff on wool to be taken off and come in competition with the cheap wool of Asia and Australia? If so vote for Cleveland, who says a protective tariff is unconstitutional.

Farmers of Sullivan county. Do you want the lumber of this county to compete with the lumber of Canada? You have some hemlock or hardwood that you can make a little money from. Do you want the Canadian lumber to supply the market? If so vote for Grover Cleveland who says a protective tariff is unconstitutional.

Farmers of Sullivan county. Do you want the bounty on Maple Sugar taken off? If so vote for Grover Cleveland.

Farmers of Sullivan county. Do you want the tariff on grain, vegetables and farm products taken off and come in competition with the farmers of Canada and the British provinces? If so vote for Grover Cleveland who says a protective tariff is unconstitutional.

Farmers of Sullivan county. Do you want the miners of Bernice, the lumbermen in the woods, the workmen in the factories paid less wages? If they are can they pay you as much money for your cabbages, your potatoes, your beef and your grain? If you want cheaper wages paid vote for Grover Cleveland for he is pledged to take off all protective tariffs and the cheap goods of Europe will make cheaper wages here.

Farmers of Sullivan county. Do you want our manufacturers to close or do you think it is better to have them in the United States? Do you think it helps you to have the factories busy and the workmen well paid and busy? If men can't find work in the factories they must go to farming. Will that help you? Low tariffs bring in more goods from Europe. That means work over there and profit to the farmers and capitalists as well as pay to the workmen.

High tariff means that the labor must be done here. Which is best for this country? High tariff does not mean high prices for competition is as active here as anywhere. If you can make big money from raising buckwheat next year plenty of other farmers will raise buckwheat and the price goes down to a fair living profit. So if a manufacturer is making great money in his line, hundreds of others go into the same business and his big profits have to go. High tariff means that the work will be done in the United States, by Americans. Low tariff means that the work will be done in Europe, by Europeans. The price will in both cases be as much as can be got, or as competition will allow. The English capitalists are not good Samaritans making goods to give to America. All manufacturers get as much as they can. So with farmers—if you can get 75 cents a bushel for potatoes at LaPorte, you will not sell them for 50 cents at Dushore.

Does this sound like common sense? If so remember it is the belief of protectionists. If you want good wages paid, fair price for goods, and to have the labor done by Americans, in America, vote for Benjamin Harrison the upholder of American ideas and the prosperity of the United States.

The Rev. Mr. J. W. Crawford and Rev. Mr. Wertz, both of Hughesville came up to Nordmont on the noon train and took a tramp over the extension of the W. & N. B., from said point to LaPorte, Monday. They continued their walk in the direction of Rings, on Tuesday but were back in time to take the 3:20 P. M. train homeward bound. Both gentlemen were pretty well fatigued.

To Farmers and Workmen!

You have this year an opportunity to elect two of your number to important and responsible offices. Since Judge Bedford's time you have not seen a farmer in the Legislature. Do you really want a farmer elected? If so you can elect Daniel T. Huckell for your votes. Can anything be said against Mr. Huckell truthfully? Do you need any pledge from him that he will be true to the interests of the people? Does he compare favorably in intelligence, in honesty, in integrity of character, in usefulness as a citizen, with any one in this county? Are his interests your interests? Does he love the hills and valleys of Sullivan county? Is he under any obligations to corporations? Can you trust him? Answer these questions honestly in your own minds and then ask them with reference to his opponent.

In everything are Mr. Huckell and Mr. Lull opposed? One is a farmer, the other a railroad employe. One is a true son of Sullivan county an owner of her lands, a payer of taxes, a tiller of the soil, the other is not of this county, has no interest in it, owns no real estate here, pays no taxes worth mentioning and merely is here to obtain an office. One has his all invested in Sullivan county and has done what he could to help improve it, the other has his money out West and has never contributed one cent toward building up Sullivan county. One is a speaker, a well read, thoughtful, intelligent man, an educator, a contributor to the cause of education and morality, the other is a shrewd, keen man and an adroit politician. One has no fear of Corporations, owes them nothing, has no friendship or social relation with any Corporation officials, the other is certainly under deep obligations to the great Corporation which he works for, he knows and is on intimate terms with many of the high officials, they are all for him to a man, and it is safe to say that if elected he will do their bidding.

Now farmers, laboring men and voters it rests with you. You can elect Huckell or you can elect Lull. Huckell is not a politician, not even the choice of politicians in this campaign, he is YOUR candidate not the candidate of the politicians. If you want him elected put your cross opposite the word "Republican" over his name when you go to vote. Your ballot is secret the cause is yours and the candidate elected will help make laws to govern you.

For Sheriff another farmer is on the People's ticket. Thomas S. Simmons is a real farmer, a Sullivan county boy, born and raised here and is now working the farm of his father who was a Democrat. Tom is strictly honest, a kindly hearted man, and yet one who would not be terrified by threats or weapons. He served better than three years in the war, no holiday Soldier going out to guard the sutlers tent in his Sunday pants, but a soldier who served, who fought with McClellan, Mead and Grant at Antietam, Gettysburg and Appomattox, a soldier who was hit by rebel bullets and returned to the front to be shot at again. There is no bluster about Tom Simmons, no blowing and sputtering about what he will do but the real moral courage that does its duty because it is the right thing to do. Tom Simmons is a work ing man and a sober man and would make as good a Sheriff as we have ever had.

Now the people's candidate for this office is a farmer, a taxpayer, a Sullivan county man who works for his living, a sober man, a man of good moral habits, an honest man, a brave man and a man of high intelligence and truth. Compare these qualifications with those of his opponent and then go to the polls and make your cross opposite the name of the man you think best deserves the office. You will find the names of D. T. Huckell and Thomas S. Simmons near the end of the first column on the ballot, if you put your cross opposite their names and opposite of A. Walsh for Prothonotary in the second column you will have voted a ticket you will never have to blush for or regret.

NOTICE, To Elkland Township Voters.

There will be an election held at the New Election House in Elkland township, on Saturday Nov. 5, '92 between the hours of 5 and 8 o'clock P. M., for the purpose of instructing the board and voters of Elkland township. By order of the twp. Com. J. J. TREYAN, Clerk. Vote for Simmons the Old Soldier. Grant Herring of Bloomsburg addressed a Democratic meeting at Sonestown, Tuesday evening.

Be of Good Cheer.

Who can doubt the election of Harrison? The supporters of Cleveland may, for their hope is farther to their thoughts. They forget that Grover's "luck" has turned. He was a lucky man until he reached the White House in '84; he was defeated in '88, and what luck since then? He had the luck to be nominated in a quarrelsome convention, on a platform that no man could stand on and survive, Free Trade, Wild Cat Banks, Depreciated Currency, Shandered Soldiers. Cleveland stood and gasped at the hideous platform for more than sixty days trying to swallow it and gave it up. In his letter of acceptance he straddled it. Free trade he calls "Tariff Reform" and under that name proceeds to argue against protection to American labor as embodied in the McKinley Bill.

What an annoying thing it is that a great party should, in a National Convention, adopt a platform of principles which their own candidate cannot accept, and then expect the people to support their candidate. It won't do! A house divided against itself cannot stand. Cleveland will have the kind of luck that Bonaparte had at Waterloo.

What do we lack? Was there ever a time when the masses of people were more prosperous, laboring men get good wages, and plenty of work, they buy their food and clothing as low or lower than they ever did. Farmers get cash at fair prices for all they can raise. The McKinley tariff which Cleveland denounces, has brought sunshine into thousands of American homes. The masses, who have been benefited by it, will not vote away their own bread and butter.

The voices of the old soldiers, the defenders of the Union, are heard in the land, and they are not shouting for the man who vetoed the bills for their pensions, and is now resting all his hopes of success on the Solid South.

Harrison can be elected without New York; Cleveland cannot be elected without New York, and his chances of carrying this state is slim. He was 14,000 behind in 1888. He is not stronger now, indeed he is far weaker than he was then. David Martin says Harrison will have 20,000 majority in New York, but that is too low. The Harrison tide is rising, the masses are aroused and the majority for Harrison will astonish his most sanguine friends.

Business Locals.

Dr. J. L. Liberman. Regular visiting physician of Penn Yan N. Y. will again visit LaPorte stopping at the LaPorte Hotel for three days only. November 22 and 23 for the purpose of testing all defective vision of young and old and fitting proper glasses. To all who may have peevish or difficult glasses, by giving me a call can receive the best satisfaction without any cost for examination made.

The eye is a very delicately constructed organ and is easily injured by and repaired. Thousands are injuring their eyes by the use of imperfect and improperly fitted spectacles, and as I find that but very few who are using spectacles are using the proper corrected ones for their eyes and glasses that are not properly fitted are liable to irreparable damage. All persons who are using glasses should have their eyes examined at least once a year. I correct all errors of refraction, such as hypermetropia, Myopia, Astigmatism, Presbyopia, paralysis and spasm of accommodation, Strabismus, Accommodative and Muscular Asthenopia a specialty. Twice a year the patients are called upon so that any change in the condition of their eyes can be noted and attended to, and a glasses bought of me can be exchanged for new ones provided the same are in good condition and not scratched, chipped or broken.

Remember the date, November 22 and 23, at the LaPorte Hotel, the days only Oct. 21. DR. J. L. LIBERMAN.
