

THE REPUBLICAN.

FRIDAY, DECEMBER 9 1892.

It will soon be, 1893.

Congress is in session.

Pennsylvania has 5,200 post offices.

Court will commence on Monday next.

Frozen pavements are a pretty sure sign of fall.

Attend the school exhibition this Friday evening.

Don't leave town court week until you have paid the printer.

Grover is home again from his hunting trip and the politicians are hopeful.

Several of our Democratic friends are talking of going to Cleveland's inauguration.

Christmas will soon be here. Now is a good time to be looking up your presents.

As Christmas occurs on Sunday this year, Monday will be observed as the Christmas holiday.

The total valuation of real estate in Bradford county is \$21,825,662, and \$1,009,842 of personal property.

The sleighing in this locality is about gone and again the lumber wagons are numerous on our streets.

The trestling at what is known as King's Hollow on the W. & N. B., will be five hundred feet long, when completed.

If you have a friend to love, love him. If you love him very much, send him the REPUBLICAN for a Christmas present.

Sixteen couple of LaPorte, enjoyed a sleigh ride to the 'Mere, on Thursday evening last. They report a good time.

If you want two good papers for less than one is worth, take the REPUBLICAN and New York Tribune one year for \$1.25.

The regular price of the REPUBLICAN and New York Tribune is \$2.00. We will furnish them both for one year for \$1.25.

Already World's Fair railroad rates are being cut and slashed. Well, the man or woman who wants to see the big show won't kick.

It is reported that the Human House at Monroeton will soon change proprietors. Mr. Coolbaugh retiring M. J. Wilcox, of New Albany, it is said will be the new host.

Delinquent subscribers are requested to settle. We have recently been to much expense, buying new machinery etc., and must have cash due us.

Ben Crossley of LaPorte, is an applicant for the appointment of mail clerk on the W. & N. B. under the Cleveland administration. We wish Ben success.

The vote in the State of New York was 23,000 less in 1892 than in 1888, and a comparison of returns indicates that it was the Republicans that stayed at home.

Forty years ago Thursday John Brown was hanged at Charleston, Vt., but his soul goes marching on, while the gallows upon which he was hung go to Chicago for exhibit at the World's Fair.

Hon. F. H. Piatt returned on Wednesday from Harrisburg where he had been in company with Hon. M. J. Lull, of Sullivan county, to look after their winter quarters.—Wyoming Democrat

Send a receipt for a year's subscription to the REPUBLICAN as a Christmas or New Year present to your absent brother, sister, son, daughter or friend. It will prove a most welcome gift indeed.

We sent bills to fifty-three delinquent subscribers, on Monday. The total of these bills footed up \$373.20, an average amount due from each, of \$7.40. What's the matter with paying the printer.

We have recently ordered a new Shipman engine and expect it the last of this week or the fore part of next. To purchase these equipments we must have money. Pay the printer not later than court week.

A meeting of the Executive Committee of the Bradford and Sullivan County Christian Endeavor Union will be held in the Presbyterian Chapel at this place on Thursday December 22.—Towanda Republican.

When Mr. Cleveland jumps on the office-hunters and tells them their petitions made before inauguration will not receive attention, and that it is indecent to overwhelm him with requests for office, he seems to forget that he has been a somewhat persistent office-hunter himself.

BORN:—To Mr. and Mrs. Frank Shaffer, of LaPorte, a ten pound daughter, on Monday December the 5th.

Congress having gone through with the great labor of getting together will now begin preparing for the holiday vacation.

R. W. Bennett of the 'Mere, has spent six days hunting deer this season and has killed four of the most beautiful. Dick is numbered among our most successful deer hunters.

The expenses of the new hall will cost the State 50 cents a vote for each election. This is tremendously dear and should be cut down by amending the law this winter.

There is \$3,552,860 54 on interest in Bradford county, subject to taxation. The tax is four mills, bringing an income of \$14,211.44, of which the county will receive three-fourths, \$10,658.58, for 1892.

Local items are not very plenty this week. The workmen engaged on the railroad are at work and our town is unusually quiet with the exception of the frequent report of blasts along the line of railroad.

The LaPorte graded school will give an entertainment on Friday evening Dec. 9th. Doors open at 7:45 P. M.

Admission:—Adults 25 cents, children 15 cents.

Proceeds to be applied toward purchasing a piano for the hall.

Republicans of Sullivan county will do the right thing by keeping their hands clean of assisting, by their signature, to make appointments under the newly elected administration. In short, it isn't our fight and Democrats who desire the appointment of post master should look to those of their own political faith for assistance.

A Clinton county school ma'am is said to have recently introduced a new and popular feature in her school. When a girl misses a word the boy who spells it gets permission to kiss her. If this method was in use in LaPorte our boys would not object and the girls, well, we don't believe they would study their lesson beyond endurance.

Williamsport is to have a metropolitan paper the first of next month. The new candidate for public favor will be christened the Times and will be modeled after and published in connection with the famous Philadelphia Times. It starts out with a first-class plant, backed by abundant capital. The daily edition will consist of not less than 12 pages and the weekly 16 pages.

What a Comet Might Do.

"If a comet," says Professor Wiggins of Ottawa, Canada, "should run between us and our moon, as Lexell's comet ran among the moons of Jupiter in 1778, its powerful attraction would so contract the earth as to cause the waters of our oceans to overflow our continents as no doubt happened at the Noachian deluge.

Ex-Governor Henry M. Hoyt, died at his home in Wilkes-Barre, at an early hour, Thursday Dec. 1st, after a lingering illness, in the 63d year of his age. Mr. Hoyt had held many positions of trust and honor, among which was that of Governor of Pennsylvania, to which office he was elected in 1878. He was also a soldier in the Union army during the late rebellion.

"I am afraid the Democrats have won too much," said one of the most prominent of Bradford county Democrats a few days ago; and when it was suggested that they had only won enough to enable them to legislate and put their policy into laws, he added that four years was a short time to change a nation's policy and get the new way to working right." Isn't it rather early to begin hedging?

Hon. John F. Connolly, Judge of the Lackawanna county courts, died in Scranton on Tuesday of last week in the 40th year of his age. He leaves a widow and five children to survive him—two sons and three daughters. The vacancy on the bench, caused by the death of Mr. Connolly, will be filled by appointment of the Governor until the next general election.

County Treasurer Wm. Murray, while at the county seat Monday, enjoyed a hunt in the forest east of Lake Mokoma, during the afternoon. He was accompanied by R. M. Stormont and Chas. Lauer. Each member of the party shot a large white rabbit, hence, the game was evenly divided, and all came home well pleased with their few hours outing. Our genial Treasurer says he will come over again and join in the sport before the season expires.

Wm. Murray, county treasurer settled in full with the several townships and boroughs for school, road and poor taxes due from unseated lands, on Monday.

The amount due each, was as follows:

Table with 4 columns: Name, School, Road, Poor. Rows include Cherry, Colley, Davidson, Elkland, Forks, Fox, Hills Grove, LaPorte Twp., Shrewsbury, LaPorte Boro.

President Harrison's final message to Congress is an exhaustive document, and as pronounced in its devotion to the principles of Republicanism as the most exacting advocate of the party's policy could desire. The important questions arising in the administration of the affairs of government are carefully reviewed and many wise suggestions and recommendations for the betterment of our condition made. The protective policy of the Republican party receives the President's hearty endorsement, and, accepting the result of the recent election as meaning a new policy and the repeal of the tariff, he directs serious attention to the situation and recommends that the entire matter of revision be left to the incoming Congress. He says, and voices the sentiment of all true Republicans, that we can await with undiminished confidence in the principles of the party, the result of the experiment that is to be made. The document is a credit to the statesmanship and great ability of the President, and will go on record as one of the ablest state papers emanating from a chief magistrate. It will strengthen the Republican party, because it does not recede one iota from the issues of which the party went before the country and suffered defeat. It is deserving of careful study by all patriotic citizens.

Our watch maker—A. Weber was in bad humor last week and according to rumor he had a right to be. Weber does lots of repairing for foreigners at work on the railroad and when a watch comes in to be put in repair, Adolph gives the owner a card which is numbered to correspond with a card he hangs on the watch. One day last week the owner of one of these cards lost it on the streets and it was picked up by an Italian and presented to Weber who gave him the watch, valued at ten dollars, believing him to be the owner. Shortly, the owner came in and demanded his watch or the price of the same. The matter up to this date has not been settled, but we understand that Adolph will make the owner good and this is what has riled our watch maker—Mr. Weber.

Jay Gould is dead. The great financier breathed his last at fifteen minutes after nine Saturday morning at his house, 579 Fifth avenue. Since early Friday night he had been hovering between life and death, and Saturday morning the end came, seemingly without pain. Mr. and Mrs. George Gould, Miss Helen, Miss Annie Gould and Edwin and Howard Gould were at his bedside when he died. Dr. Munn and Dr. Janeway were in attendance. Mrs. Edwin Gould left the house early this morning and was not present when her father-in-law died. Jay Gould was called the King of Wall street and his wealth is estimated at one hundred millions.

The year of greatest growth in boys is the seventeenth; in girls, the fourteenth. While girls reach their full height in their fifteenth year, they acquire full weight at the age of twenty. Boys are stronger than girls from birth to the eleventh year; then girls become superior physically to the seventeenth year, when the tables are again turned and remain so. From November to April children grow very little and gain no weight; from April to July they gain in height, but lose in weight, and from July to November they increase greatly in weight, but not in height.—British Medical Monthly.

P. M. Whitacre of LaPorte has accepted a situation at Hills Grove and left for that place on Wednesday. He will move his family to his new quarters the first of next week. During Mr. and Mrs. Whitacre's two years stay at LaPorte, they made hosts of friends, who dislike very much to see them leave. Peter was one of our prominent players in the band and his departure is very much regretted by the members of this organization. The boys wish him lots of success in his new home.

Weather prophets predict nine snow storms this winter.

A PRETTY LITTLE PARTY.

Given by a Pretty Little Girl and Enjoyed by Her Pretty Little Friends.

A few days ago neat and pretty invitations were issued by Miss May, little daughter of Mr. and Mrs. W. C. Mason to a number of her little girl friends to attend a social gathering, the event being her 10th birthday at her home on East Main street, on Friday afternoon Dec. 2d, from 4 to 7 P. M. Promptly at the appointed time the little lassies arrived, and after laying aside their wraps were ushered into the parlor where they were received by Miss May. At first the little ones were inclined to be bashful but as time wore on this was overcome and one and all entered into the same spirit and all was happiness. Refreshments were served, and of course very much enjoyed by all, as little folks like good things to eat as well as big folks. At the proper time all departed for home with every expression of having enjoyed a very pleasant outing. Miss May was the recipient of many valuable and handsome presents.

Among those present were: Mollie Wrede, Jesse Wrede, Mable Spencer, Etie Chase, Edith Keller, Dolla Crossley, Fredie Crossley, Daisy Ettinger, Bertie Ettinger, Mamie Hines, Katie Beahan and Mable Cooley.

The Tribune Rallies The Party.

The New York Tribune is a newspaper to which the people of this country in general and especially the Republican party have always turned instinctively, in public emergencies, for calm and courageous counsels, and a brave rallying cry. Never losing its head, never misleading the public by sensational utterances. The Tribune has many times calmed the public mind in times of disaster and led the way out of difficulties by sound advice and its patriotic and well directed efforts. The Tribune does not, for a moment, yield the point on which the Presidential campaign was fought. It believes that the workmen of this country have been deluded by demagogues; and that they have struck blindly at the very system under which they are prospering as they never have done before in their lives. Republicans in this country will do well to subscribe for the Tribune this year in combination with their own local papers. The REPUBLICAN and Tribune only \$1.25, in advance.

Coming New States.

It is now well settled that the Democrats will have a small majority in the United States Senate after the 4th of March next; as well as a larger majority in the House of Representatives; and will have the President to approve such laws as Congress may pass.

The majority in the Senate, however, will be so small that the Albany Union believes it will be well to guard against possible contingencies by admitting into the Union as soon as possible the territories of Arizona, New Mexico and Utah, which would send six Democratic Senators and give a good working majority in the Senate. It claims that when the Republicans found their majority in the Senate too close to be comfortable they did not hesitate to increase it by admitting Washington, Montana and Idaho, because they were counted as being safely Republican. What will be done when there are no more States to add cannot be conjectured.

We are informed that some hunters from Williamsport, took their dogs with them to hunt deer on the North Mountain, last week. The dogs were caught chasing deer by some hunters from up the North Branch who shot them on sight. The matter should not end with the killing of the dogs, but the Williamsport hunters, who thus knowingly violate the law, should be ferreted out and prosecuted to the fullest extent of the law. If the game law is worth anything at all, those who violate it with impunity should be made to pay the full penalty for their wrong doing.—Ez.

On Thursday Dec. 1st while Byron Williams a prentice in the blacksmith shop, was engaged in shoeing a horse, owned by Chas. Lauer, the animal pressed his foot down to the floor catching Byron's hand and smashed two of his fingers to a jelly. Those present at the mishap heard the bones crush underneath the animal's foot. It was just one year ago the 1st of December that Byron accidentally shot himself in the hand while out gunning. Byron has positively decided that he will repose in bed on Dec. 1st.

THE GOLD CURE.

A Western Lady Gives the Famous Gold Cure Prescription.

A Chicago lady comes to the front and claims that drunkenness can be cured at home instead of going to the expense of attending an institution. Here is her card to the public:

So much has been written regarding the gold cure for drunkenness, that we all know of the great good that has been accomplished. My husband, who was a wreck for years, took treatment at an institute over three years ago, and has had no desire to taste liquor since. But it cost us over \$100. I had a brother-in-law, a chemist, who was a slave to drink, but too poor to take treatment. He analyzed the medicine my husband brought home and cured himself. Four of our acquaintances got the prescription and cured themselves. The following is the prescription: Electrofied gold, 15 grs.; muriate of ammonia, 1 1/2 grs.; compound fluid extract of cinchona, 4 grs.; fluid-extract of coca, 1 1/2 oz.; glycerine, 1 1/2 oz.; nitrate of strychnia, 1 gr.; distilled water, 1 1/2 oz. Take a teaspoonful every two hours when awake, for two or three weeks. After the second or third day there will be no desire for drink. Medicine to effect a cure will not cost over \$3.50. I think every paper should help the poor by publishing this prescription.

MRS. WM. CARTER.

Discovered at Last.

The Williamsport man who recently paid \$1,400 for an alleged gold brick, who tried to keep his identity hidden and for whom District Attorney Riely has been looking, has turned up at last. His name is Abraham Fulcrut, and he is reputed to be worth \$40,000. For years Mr. Fulcrut was a prosperous farmer of Loyalsock township, but some time ago he removed to that city and the confidence operators found him an excellent subject. The gold brick men are well known crooks and as warrants have been issued for their arrest, it is believed that they are within reach and all will soon be placed behind prison bars.

An Alleged Deserter Captured.

Henry Stege of East Smithfield, Pa., a deserter from the regular army, was brought to this city last night by John Ansel. Stege enlisted about two years ago and was sent West and a short time after left his post without permission from the proper authorities. The government officers had been looking for him and as soon as he made his appearance near his old home he was arrested. Stege is a large muscular young man, but suffers badly from rheumatism, and can walk only with a cane. He was taken to the county jail to await orders from Washington.—Elmira Advertiser, Nov. 29th.

To Active Young Men.

We would like to arrange with an active young man in every township in the county to get up a club of subscribers for the Weekly N. Y. Tribune and REPUBLICAN. We furnish both papers at the unprecedented low price of \$1.25 per year to all who pay a full year in advance. Reliable young men who will give their efforts to getting up clubs for the two papers can make liberal terms by calling at the REPUBLICAN office.

A Stone From the Comet.

NEW CASTLE, Col., Nov. 30.—A stone weighing probably ten tons fell from the sky, striking the earth a mile northeast of this town, yesterday. The stone is slate colored and the people are convinced that it fell from the much talked of comet.

Counterfeit silver dollars of the date of 1891 are in circulation. The coin is said to be almost perfect form, but it may be easily detected by its weight, it being a quarter of an ounce lighter than the genuine dollar.
