

THE REPUBLICAN.

FRIDAY, APRIL 21, 1893.

The streets are dusty. The weather is changeable. A. J. Ettinger moved to Dushore on Monday.

Arbutus hunters will soon be scouring the mountain sides. Everybody hails with delight the gentle zephyrs of spring.

To-day, Thursday, is pay day on the W. & N. B. railroad.

The farmers in this section are busy repairing their fences.

Sunday, with the exception of a little windy, was a beautiful day.

Hotel Kennedy will give a trout supper and dance in the near future.

R. W. Bennett, of the 'Mere, was doing business at Laporte Monday.

Mrs. W. M. Cheney was visiting friends in Towanda Saturday and Sunday.

Joseph Middendorf, of Dushore, was doing business at the county seat Monday.

Our people say they are going to take the train at Laporte when they leave for Chicago.

There is one thing that no man, is too proud to do—ask his neighbor for a chew of tobacco.

H. Cassell, the watch repairer, is doing a good business and his work is giving good satisfaction.

Two Italians, accompanied by a large cinnamon bear, was in town Friday. They amused the little ones.

President Lincoln was assassinated in Ford's Theatre, at Washington, twenty-eight years ago last Thursday, April 14.

Rev. W. A. Lepley of Muncy Valley, will hold services in the M. E. church at Laporte, on Sunday April 23d, at 11 a. m.

A. A. Baker, of Laporte, township, caught seventy-six trout on Saturday, the first day of the season. Who can beat it?

People who are anxious for a change of climate should come to Laporte. We have a change every twenty-four hours.

During the past month we have ordered two quires of paper added to our bundle. Fifty new subscribers a month is a pretty good showing.

Mr. John Paulhamus and family, formerly of Cogan Station, Lycoming county, recently moved to Tivoli. Mr. Paulhamus was anxious to reside nearer his work.

Attorney E. M. Dunham and Alphonus Walsh, both of Laporte, were present at the assignee sale of real estate of John G. and Geo. C. Wright at Forksville on Tuesday.

The seventy-fifth anniversary of the order of Odd Fellows in this state will be held at Muncy, on Wednesday the 26 inst. It will be the occasion of quite a large gathering.

Frank Maynard has partly made up his mind to place several turning lathes in the old saw mill and manufacture hubs, broom handles, etc., hence the industry will give employment the year round.

John H. Green, returned from Washington, D. C., on Wednesday last week. John's sojourn in Washington during the past three or four months has improved his health quite noticeably.

Correspondents will please sign their name to letters for publication in this paper, otherwise they will be thrown in the waste basket. We trust you will comply with our request in the future.

We turned out about fifteen dollars worth of job work last week. The REPUBLICAN is the office to call on when desirous of first-class work. We have the best job printer in the county and will wager our last year's straw hat on it.

A car loaded with coal and miners' tools was shipped from Pottsville to Chicago for exhibition at the World's Fair. There were 163 boxes of coal in the shipment, and all the tools and implements used by miners in removing the coal.

A. J. Bradley, who is studying law with Attorney E. M. Dunham, was doing business at the county seat Tuesday. Jack finished his term of school at Sonestown on Thursday last, and will spend the summer at Laporte reading Blackstone.

The REPUBLICAN, only \$1.00 a year.

The preliminary skirmish over Home Rule is about over. With the return of Balfour and Gladstone to the floor of the House, the real battle will begin. It will be a battle royal. The result depends not a little upon the physical endurance of Gladstone.

The men doing the excavating in Ross Park are pushing the work with four teams and scrapers. Recently they turned up two tomb stones, and this morning they uncovered two skulls. A. E. Page & Brother, undertakers, are to take charge of the remains when they are exposed. —Times, April 15.

The Old Liberty Bell which is to be sent from Philadelphia to the World's Fair at Chicago will pass through Williamsport about the 25th inst. The train on which it will be transported will make a stop of two hours at Williamsport, when hundreds of sightseers will take a look at the old relic.

The Post-Office inspector in the postal guide for February says: Dauphin county contains fifty-one Post-Offices, eleven of which are graded as "excellent." Lancaster county has 193 Post-Offices and sixteen are marked "excellent." Lebanon county has thirty-nine Post-Offices and four are "excellent."

Rats can be driven out of any house by depriving them of water. They can almost live indefinitely without food and when hard pushed will not hesitate to eat each other, but no rat can go twenty-four hours without a drink, and if every possible means of obtaining water is taken from them, they will desert the vicinity.

The Elmira Advertiser's Waverly correspondent says that the records show that there were 222 marriages performed in that village during the year ending April 1. Of these 201 were from Pennsylvania. At an average of \$5 for each of these marriages this would mean \$1000 of Pennsylvania money in the hands of Waverly ministers.

Attorney E. M. Dunham has been exceedingly busy for the past two weeks at the Prothonotary's office, looking up the brief and title of timbered land owned by Hoyt Bros., and James McFarlane & Co., tanners, who contemplate entering the tanning trust now being organized throughout the states of Pennsylvania and New York.

County Superintendent Moses R. Black, refused to insert the notice to the school directors, of their convention on the 2d day of May, in the REPUBLICAN, but gave it to the other two county papers. Should Moses aspire for the honors of governor, congressman, senator or member in the future, he of course will expect them to return the compliment.

On Tuesday, May 2d, 1893, the convention of school directors, for this county, will assemble at the Court House, in this place, for the purpose of electing a County Superintendent of our common schools for the ensuing three years. The candidates, so far as we have heard, are: Prof. F. W. Meylert, of Forksville, and Prof. M. C. Miller, of Dushore.

James Cunningham, the hardware merchant, of Dushore, will place an exhibition at the World's Fair, his great American Steamless Kettle and Farmer's Friend Outfit. So far as we have learned these are the only exhibits that will go from Sullivan county to Chicago. Jim will arrange to take orders on the ground, and the supposition is—he will do a lively business. The REPUBLICAN wishes him success.

All companies engaged in the manufacture of rubber boots and shoes have combined and formed a rubber trust and have advanced the price of all their goods to such an extent that all retail dealers have been compelled to make a considerable advance in the price of such goods. The sole leather tanneries are also forming a trust, when they have completed this organization we may look for an advance in prices of boots and shoes.

The people of Eagles Mere are very much elated over the new driveway now being graded around the lake. This enterprise, like the W. & N. B. R. R. through Laporte, had been mapped out on paper a great many times during the past years, and now that it has come, the people of the 'Mere have a right to wave the bandanna. We understand that the park will be made perfectly level and sixty feet in width, and that several trots will take place thereon during the coming summer.

Charles Lauer, of Laporte, shot and killed an eagle at Lake Makoma on Thursday afternoon last. He was in a boat when the bird flew over at close range, and at the report of the gun down came the monster striking in the water close by his boat. The bird was not killed outright, and when Charley attempted to land it in the boat he received a warm reception. The eagle clinched his fingers in its claws as firm as a vice, and it was sometime before he with Mr. Conklin's assistance, could get it loose. The wings measured nearly six feet from tip to tip.

The members of the legislature seem to be having a high old time just now. The Harrisburg Patriot thus describes how a part of Friday was spent in the house. It says: "Members hurled paper balls and books at each other, pounded upon their desks, yelled like Comanche Indians, run up and down the aisles and did everything but that which is expected of them by their constituents. Mr. Tewksbury, of Columbia, was in the chair and hard as he tried he could not preserve order." It is such men that make the laws of Pennsylvania.

Fishermen are just now interested over a proposition to stock the Chemung and Susquehanna rivers with German trout, says the Binghamton Herald, a species of the finny tribe which grow to weigh ten or twelve pounds each. The State fish hatcheries introduced this species of trout into this State four years ago, and they thrive and grow rapidly in small streams. They are said to be as gamey as black trout, and make better angling, owing to their size. In two years from the time they are placed in the stream they will average two and one-half pounds each. They multiply rapidly, and are not preyed on by other fish, so that in a few years a stream stocked with them becomes an anglers paradise.

On Wednesday the 26th of April the Odd Fellows' Anniversary is to be held at Muncy, and if there are fifty persons from Nordmont and Sonestown combined, who desire to remain in Muncy for the evening services the W. & N. B. railroad will run a special leaving Muncy about 9 o'clock, after the close of the meeting and run to Nordmont, making the fare for the round trip \$1.00. Members of the Laporte Lodge who desire to attend this meeting will please notify this office by Saturday evening, when we will notify Mr. Welch the total number of this section desirous of attending.

Rev. Ragbir, the hindoo missionary, did not go to Laporte from here, considering the weather to inclement for a tropic bred person, besides objecting strongly to a nine mile stage ride. With the completion of the railroad the county seat will be able to see a great deal more of the outside world. —Dushore Review.

Of the latter prediction we would state that the people here take but little stock in Blatherskite, whether his suggestions be good or bad. We come to this conclusion from the fact that only a half dozen or so of Laporte people take the Review and they are mostly "dead heads." Our people acknowledge the fact that the jawbone of an ass is not as powerful these days as it was during Sampson's career, when he slayed a thousand men with an instrument of that specie.

With the completion of the road down Loyal Sock by October 1st, we will guarantee the officers of the Sullivan County Agricultural Society a large representation from this section, at the County Fair. The people up here ask—"Will it be necessary to haul those Forks township people over the coals again before the public can have their rights?" If so, ignite the coals. The people here and in the Western part of the county have a right to ask a respectable thoroughfare between the two places. We have driven a cow path long enough, and it matters not on what township the bulk of the expense of the grading of the road falls. It is the law that each township shall grade their respective parts. In this case, perhaps the larger portion of the road does lay in Forks township, but who is to blame for that?

The season for picnics and excursions is fast approaching. With the completion of the W. & N. B. to Lake Makoma, we can expect thousands of people to visit us during the excursion season of the year. Laporte will be quite renowned for excursions from Harrisburg, Shamokin, Milton, Sunbury and Williamsport. It would be hard to find a prettier place for an outing of this kind, than the banks of Lake Makoma, and the groves surrounding them. We understand that the officials of the railroad will have constructed several switches at Lake

Makoma, for the express purpose of standing cars, used on these occasions, hence the railroad officials contemplate much business in this direction. Laporte will be the busiest and the metropolis of the county during this season of the year, when we invite our neighbor Dushore friends to come over and see some of the outside world.

The people of Columbia county are dissatisfied with the appointment of the new postmaster at Centralia. Here is what the Bloomsburg Sentinel has to say about it:

"The more we hear about the appointment of Barney J. Doyle as postmaster of Centralia the more we are convinced that a great wrong has been perpetrated upon the public. In enumerating the qualification necessary for that position we fail to recognize the fact that Mr. Doyle possesses a single one, entirely unqualified to perform the duties of the office. In Cleveland's former administration D. F. Curry, an honorably discharged union soldier and well qualified for the position, filled this office and with credit, too, and as we understand equally as good material could again be had from among the citizens of Centralia. We cannot understand what motive could have induced the Postoffice Department to appoint B. J. Doyle. Mr. Doyle represents everything vicious in our politics, a leader of the most dangerous element, nothing too desperate that he would not undertake to carry out the wishes of those who procure his assistance believes in, and thrives by his peculiar politics. The democracy of this county believes in honorable, straightforward and upright public officials, and are opposed to rewarding with public trusts those who represent everything that is vicious in our politics, besides being entirely incompetent to perform the duties of this responsible place."

James McFarlane & Co Laporte, Penna.

WASHINGTON April 14.—The announcement of the hauling down of the American flag in Hawaii and the withdrawal of the United States Marines under instructions to Commissioner Blount is construed by the Republican Senators and their friends as not only unfriendly to the aggressive policy established by the late administration, but they are fearful it means an abandonment of the scheme of annexation.

The State Department authorities as well as the Democratic members of the Foreign Relations Committee, understand the attitude of President Cleveland, emphatically deny that this is a step backward or that it has any bearing upon the future policy of the administration.

To Count the Money. WASHINGTON, April 15.—A committee of clerks in the treasury has been appointed to count the money in the vaults of the comptroller of the currency preparatory to turning the office over to the new comptroller, J. H. Eckels. The incomplete national bank notes to be counted aggregate about \$42,500,000, besides other money and securities.

Hotel Changes. J. W. Perry, D. L. Husted and W. F. Stobner, all of Sugarloaf, were early arrivals in town this morning. They have business at court. Quite a change in the hotel business has taken place up there. Mr. Husted takes Perry's place, known as the sportsmen's headquarters, at Elk Grove, and Perry takes E. P. Albertson's hotel at Central.
