Many people paste new wall paper year after year over the old, and the result is that under the new paper lie millions of disease germs, awaiting a chance to become active. Every line in a newspaper costs something. If it is for the benefit of an individual it should be paid for. If the grocer were asked to contribute groceries to one abundantly able to pay for them he would refuse. The proprietor of a newspaper must pay for the free advertising if the beneficiary does not, and yet it is one of the hardest things to be learned by many that a newspaper has space in its columns to rent and must rent to live. To give away anything for less than living rates would be as certainly fatal as for a landlord to furnish rent free.

A Hun died at Edwardsville a few days ago and the man with whom he boarded would not allow the undertaker to bury the body until a month's board owed him by the deceased was paid. When the priest heard of the situation he drew the money and settled the board bill and the body was buried. Funny people, those Huns.

Frank would have preferred to have had it 28 or 30 feet in width, but owing to the fact that he is using part of the frame of the Spencer mill, could not increase the width.

Our people are kind and generous and take pleasure in entertaining guests. Lake Mokoma which is in our Borough limits and the largest lake in this section, affords ample recreation in the way of boating and bathing. The W. & N. B. will be completed, (at least, so say the officials,) by the 4th of July, which will afford easy access to our pleasant little town. We can accommodate in the neighborhood of one thousand people.
