GREAT SENSATION AT THE COUNTY SEAT AND VICINITY.

Willard Bently Thorp, Aged 6 Years Lost in the Wilderness Near Loyalsock on Saturday and Found on Monday Evening.

Chas. Thorp, father of the lost boy Willard, resides at Celestia, about one and one-half mile from Laporte. Mr Thorp in company with Mr. Lutkamaer has contracted to peel a quantity of bark for James McFarlane & Co., on the Post tract along the banks of Pole Bridge creek, and near the residence of Mr. Thorp. The father and Mr. Lutkamaer went to the peeling to cut roads etc., on Saturday noon and before leaving the house the father requested his older son Earnest to bring them a pail of water about 4 o'clock. At this hour the mother gave Earnest a pail and told him to fill it with water at the spring, and carry it to his father. Earnest requested little Willard to accompany him, to the spring which he did and while there Earnest insisted that he (Willard) should take the water to the father and he would fish down Pole Bridge and that Willard should cut across the forest and meet him on the creek. This, the little fellow attempted to do. He reached his father a few minutes after 4 o'clock and it was about 4:30 when he left the peeling on his return home. The father watched him that he took the right road and paid no more attention, believing that he would go direct to the house. At night when the two men returned the mother inquired after the boy and was told in substance as we give it above. The father did not feel alarmed until near dusk, when he returned to the woods in search of the little fellow, but with no avail. Word was brought to Laporte on Sunday morning and a body of nearly fifty men started in pursuit. They searched until night time and all the trace they found of the boy, were tracks of his little bare feet in the sand bar along the creek. On Monday morning the hunt was resumed and word was also sent to Eagles-Mere and Forksville. The citizens in these vicinities turned out in large number. The people of the 'Mere making a search from near the headwaters of Shanersburg Creek to Cooper's Retreat and the thirty or forty people of Forksville coming up Loyalsock. Our people fell in line on either side of Pole Bridge and made a clean sweep to Loyalsock. This search was continued until 4:05 P. M. when the signal—nine successive shots were fired that the boy had been found. All in hearing distance of the report of the gun returned to the house and in a short time the boy was brought to his mother, and a more pleased mother would be hard to find. The father returned later and was much elated over the finding of his son and thanked the people for their generosity in assisting him in the search.

George Edwards of Eagles-Mere found the little fellow sitting on a log in the clycone on the Eagles-Mere side of Shanersburg, about three miles from where he left his father on Saturday evening. The little fellow was in good spirits, and when questioned, remarked that he had slept on a bank the first night and in a hollow log the second night. He still clung to the little water pail and it was filled with wild onions and in his pocket was found a quantity of hemlock gum. He said that his father and mother came to him on Sunday night, but would not take him home. This evidently was a dream.

Department Commander Sample. Department Commander Thomas G. Sample has issued from State headquarters, No. 1025 Arch Street, Philadelphia, under date of May 1st, general orders No. 5, which contain the annual address to the G. A. R. Posts of Pennsylvania on the importance of faithfully observing Memorial Day, May 30th. He instructs the various Posts to arrange for attending divine service Sunday, May 28th, and to appoint committees whose duty it shall be to visit the public schools prior to May 30th, and call the attention of the children, by short addresses, to the lessons taught by the ceremonies of that day. He further states that in localities where there are more than one Post, joint arrangements should be made and invitations extended to the ladies of the Grand Army, Women's Relief Corps and Sons of Veterans to participate in the services of the day. Posts desiring Memorial Day services, as published in pamphlet form, will be furnished with copies free of charge upon application to headquarters.

The time honored adage "boys will be boys," but according to the latest fashion plates girls will be boys, too.

TO BE OPEN ON SUNDAY.

Decision Rendered at a Meeting of the World's Fair Directors.

CHICAGO, May 12.—On and after May 21 the World's Fair grounds will be open every Sunday. This decision was reached at a meeting of the directors of the Exposition in the Rand-McNally building this afternoon. President Higginbotham had called upon Edwin Walker, who is chairman of the committee on legislation, to submit an opinion whether or not the Exposition can be opened on Sunday in spite of the restriction placed upon this feature by Congress when the appropriation of \$2,500,000 was granted.

Mr. Walker presented his official and legal interpretation before the directors, which is to the effect that the law passed by Congress stipulating that the Exposition should be closed on Sunday applies only to the buildings containing exhibits. Mr. Walker's construction of the act further says that the buildings erected for other uses, the grounds, the Midway Plaisance with its varied human panorama and things pertaining thereto may be thrown open to public inspection. After considerable discussion a resolution was proposed to open the gates on and after May 21 and to close the main buildings containing the exhibits. The resolution was carried by a vote of 22 to 7.

SUNDAY ADMISSION 25 CENTS. Of the seven who voted may six were in favor of opening the Fair in every department and the seventh was opposed to opening the gates under any condition. Thus, upon the technicality named, the Columbian Fair will be to all intents and purposes open, leaving the public to visit throughout the grounds, to ride on the electric launches, to enjoy the novelties of the Venetian gondolas, to patronize any of the booths, varied attractions of the Plaisance and to have a good time generally.

The price of admission on Sunday will be reduced to twenty-five cents. The commissioners talked tediously and differed widely as to the propriety of taking a recess until May 30 on account of the absence of so many members and the desire of some present to return to their homes for a couple of weeks. Commissioner Burton, of Kansas, offered a resolution, which was adopted by a majority vote, although there was no quorum, that when the commission adjourns it will take a recess until noon May 31; that in the meantime all members who can remain do so to attend the commission work and that the commissioners who have not attended this session of the Commission be urgently requested to meet May 31, with that body.

Adjournment was then taken until to-morrow at noon.

ONE OF THE PLANS SUBMITTED. Among the plans concerning Sunday opening suggested to the directors of the Fair at their meeting to-day were the two following propositions formulated at a meeting held yesterday by Alexander H. Revell, Lyman J. Gage, Edwin Walker, Ferdinand W. Peck and Henry B. Stone, of the local World's Fair directors:

First, That the World's Columbian Exposition be opened to the public on every Sunday from this date to October 31.

Second, That the World's Columbian Exposition return to the Treasurer of the United States the \$2,500,000 appropriated by Congress to its use, the government to become responsible for the payment of the juries of award appointed by the National Commission.

REPORT OF THE REMOVAL OF THOMAS. The report of the committee on music, considering the question of the removal of Theodore Thomas from the position of musical director of the Fair, was taken up for consideration by the National Commission to-day.

Commissioner Ryan, of North Dakota, denounced the attempt to deprive the Commission of the authority vested in it by Congress, and paid his respects to Theodore Thomas in the following language:

"That man is corrupt, and he has taken this action through corrupt motives. I am in favor of wiping him out of this Exposition, and the National Commission has the power to do it. If the Commission refuses to assert its authority in this music matter it countenances bribery and corruption."

A motion to lay the report temporarily on the table was voted down, but Chairman Lannan, fearing the defeat of his report, rose to ask that it lie on the table until there was an assurance of a quorum. His motion was unanimously concurred in. The sentiment of the commission seemed to be in favor of deferring judgment against Theodore Thomas until articles of peace could be drawn up by the Council of Administration.

Cure for Snake Bites.

Fishermen who are likely to go through woods, marshes and streams during the season just opened, can provide against snake bites by following the advice of the London Field. This journal says: "Men should never travel in countries where snakes abound without having a hypodermic syringe (which can go in the waist-coat pocket) and some permanganate of potash in crystals, to be obtained from any chemist, which, dissolved in a little bottle of water, can be instantly injected into the wound, and the man is saved. All South Americans carry this remedy, and it is getting known in the North, and is a perfect antidote for all American snakes. Of course, brandy could be taken also to strengthen the action of the heart. It would be well for our readers to paste this up for reference."

Programme for Memorial Day. The S. S. Simmons G. A. R. Post, No. 477 will hold appropriate services at Laporte and Sonestown on Memorial Day, Tuesday May 30, 1893.
