

THE REPUBLICAN.

FRIDAY, JUNE 23, 1893.

Trim the lawn. The June bug is here. Estella, June 19th, '93. The boys are now in the swim. That tired feeling is increasing. Wild strawberries are in market. The candidates are busy these days. Summer picnics will soon be in vogue.

The weather is as near perfect now as it can be. Fourth of July two weeks from next Tuesday.

Door and window screens are being called into service.

When you come to look it over—Dushore is a small village.

The dust in our streets is anywhere from 2 to 4 inches deep.

J. W. Flynn of Jamison, was calling on friends at Laporte, Sunday.

One administration is about as good as another to grow crops under.

Our foreman has a boil. He has't the patience of Job, however.

The Sullivan county democracy has gone to splinters. Josh has gone West.

Mr. and Mrs. Benj. Tripp of Shunk, were calling on friends at the county seat Tuesday.

Mr. and Mrs. Alphonsus Walsh of Laporte, spent Sunday with friends in Dushore.

The Cleveland "object lesson" gets stronger and stronger with each passing day.

Atty. H. T. Downs of Laporte, was transacting business in Williamsport, Tuesday.

To the democratic candidates for treasure—the republicans mean to get there this fall.

Several thousand trout frs were placed in the immediate streams of this vicinity, last week.

Mr. John Craig and William Armstrong of Philadelphia, were doing business at Laporte, Monday.

Rain, rain rain, that's what we want. The gardens are dusty and the vegetables are sun burnt.

Wonder which one of the democratic candidates for treasure, the republicans will be called upon to lick?

An epidemic of hog cholera is reported in some parts of the state. It is doing up the hogs at an alarming extent.

Hard times makes business for the printer, sheriff and attorney. That's why so many papers advocate democracy.

Mr. Barney Dunn of Laddsbury, Bradford county, is visiting his old friend—Atty H. T. Downs and family of Laporte.

Parent—"This is your birthday, Tommy. What can I do for you that will cause you pleasure?" Tommy—"Spank Johnny."

The editor of the Towanda Republican has learned why Dushore will not support a soda fountain. Too many saloons there.

The arch of stone erected by contractor Gaynor over Elk Lick Run, at Nordmont, for R. R. purposes, is a fine piece of masonry.

The Susquehanna county agricultural society has already advertised its premium list, for the coming Fair in the Montrose papers.

Miss Anna Sheehan of Laporte, returned home from a few days' visit with her sister, Mrs. E. J. Flynn of Jamison City, on Sunday.

Married women who spend a good part of their time walking the streets, will in time be good for nothing else. The husband should call a halt.

A large number of our people who contemplated spending the 4th at Dushore, have changed their minds and will take the train for Williamsport.

D. C. Gritman of Davidson twp., and near Nordmont, is having a new barn erected. James Gansel and Chas. Messenger, are doing the mason work.

Jeremiah Kelly and family of Hughesville, are spending the summer at the "Mere. Mr. Kelly is looking after his extensive store trade at the summer resort.

Col. Bruce Ricketts of Wilkes-Barre, is an applicant for the appointment of Revenue Collector of this district. This is the same position Senator Herring of Bloomsburg is after. Chas. Jackson of Bernice would like to serve as deputy for the lucky man. We fear Chas. is souring too high.

The Democratic party in this county, are dividing and the slates as arranged do not meet the approval of all. It will be more noticeable in '94. After a while their voters will catch on and will elect a stranger in the ranks. Political bosses are short lived providing the rank and file of the party have any back bone and it is fair to credit the Sullivan county democracy with an ordinary stiff upright.

Susquehanna has some very factious young men. The Journal says that one of them stepped up to the postoffice window a few days ago and asked for "four landings and a discovery." The postmaster looked sorrowfully at him for a moment, and then silently handed out four two-cent and a one-cent stamp, with the admonition: "Don't ever do that again."

Fourteen counties in the state—Bradford, Crawford, Erie, McKean, Mercer, Pike, Potter, Sullivan, Susquehanna, Tioga, Venango, Warren, Wayne and Wyoming conduct their schools on the summer and winter term system. This the Superintendent of Public Instruction thinks should be discontinued and instructions have been issued to the school boards to provide for a continuous term of not less than six months.

Hon. M. J. Lull has gone West and will grow up with the country. This is as we predicted during his campaign. That he didn't care a continental for the people of Sullivan county and that he would shake them as soon as he could have thrust upon him the honors he sought. If any of his good friends can tell us what he did in the Legislature worth remembering, we should like to hear from him. The politicians who befriended him feel his absence woso.

Children's Day was appropriately observed in the M. E. church at Laporte on last Sunday evening. The doings were witnessed by a large concourse of people. The church was handsomely decorated with flowers and bunting. The exercises were not a marked success, especially by the older ones. Young America did their part very nicely, however. The program, "Columbia's Defence" a timely and beautiful one was rendered.

A wrong impression is being circulated regarding the expenses of meals and sleeping rooms at Chicago. While there may be instances of extortion prices in many places, yet we have it from good authority that good clean comfortable rooms can be had as low as \$1 per day, per person, and when two or more occupy the same room, even a lower rate in some places prevail. Food properly cooked and nicely served may be had as low as 25 cents a meal. This would reckon \$2 a day.

The sheriff sale of the real estate of Joe Pierrro, consisting of four horses, one set of double harness and two railroad carts and a covered carry-all-wagon, took place in the Laporte Hotel barn, on Monday afternoon. Mr. Pierrro with his attorney, J. G. Scouten were present and bid in all of the property except one gray horse and a saddle. This horse was struck down to Chas. R. Lauer for \$53.50 and the saddle to R. M. Stormont at \$4.50. The horses bid in by Mr. Pierrro brought a good round price.

The jury investigating the Ford theatre disaster at Washington, returned their verdict on Monday. They find Col. Ainsworth, who had charge of the building and Wm. G. Covert Supt. of the building and one or two others who were connected with the repairing of the structure, guilty of criminal negligence and responsible for the deaths caused by the falling of the building. Warrants have been served on these people and they will be called to answer the charge of murder in the courts of justice.

The supervisors of the several townships through which the recently surveyed road down Loyal Sock passes will be hauled over the coals at September term of court, unless they commence work on the same before that time. Here are the precincts through which the road passes: Laporte boro, Laporte twp., Shrewsbury twp., Forks twp. and Forksville boro. The road at either end, Laporte and Forksville, is completed and a good part of the same in Laporte twp. The principle part of the work yet to be done in our twp. is erecting bridges across Mill Creek and Pole Bridge. This our people should do at once and save trouble. The road has been viewed and ordered built by the court, hence, why the delay? The survey calls for one county bridge across Loyal Sock, this will be built by the Commissioners as soon as the road is completed at either end to where the bridge is to be erected across the stream.

Remember the law compells the destroying of Canada thistles. Supervisors are required to destroy them in public highways.

F. H. Tomlinson has over 40 head of horses, mules and colts at his farm near Sonestown. In sixteen days time, this spring, he sold and exchanged 26 head of horses and mules. The plan on which he sells, is to guarantee each horse just as he represents him.

John P. Kennedy and wife of Jamison City, spent Sunday with friends at Laporte. John says he is doing a right good business in his barber shop at the City.

Robt. Stormont and Thos. Beachen erected a new sidewalk in front of the Lamoreaux property on Main street, Monday. This is a big improvement over the old one.

Marvin Tuttle of Wilmot, Bradford county committed suicide on Wednesday of last week by hanging himself in the barn. It is supposed that poor health was the cause.

The town council was to have met on Saturday evening last and pass upon some important matters, but owing to the absence of a quorum the meeting was postponed indefinitely.

The Fourth of July celebration at Estella bids fair to be a success. With the road down Loyal Sock completed, we could guarantee the people of Estella a large delegation from this vicinity.

Business failures continue to occur, while the administration thinks. Does any man believe that Benjamin Harrison would have folded his hands and allowed things to drift from bad to worse?

Hardware men, now is the time to advertise your rakes, moving machines, and other haying tools. Farmers will soon need to use them, and the prospects are that there will be a large crop to gather this year.

Our people should not be offended at the citizens of Dushore in general for what the boy editors say in their papers. Boys are liable to mistakes and it would appear that showers of blunders strike these fellows.

Will the democratic candidates of Laporte agree to disagree at their caucus and make a bold strike for both representatives at their convention? It is apparent, however, that Gus Smith don't care what they do.

The last year of the Harrison administration was the most prosperous in the history of the United States. The first year of the Cleveland administration sees more financial peril than any period since the last great panic.

Mr. and Mrs. S. B. Karns who have been spending the winter in Towanda, returned home on Saturday last. They were accompanied by Mr. and Mrs. J. Ellenberger and family of Towanda who are spending the week at Laporte, the guests of Mr. and Mrs. Karns.

During the early history of Kentucky the Indians traded silver bullets to the whites for led bullets. Uncle Sam is trading gold coin to the silver mine owners for silver bullion. He is making even a worse trade than did the Indians.

The sheriff sale of horses &c. on Monday was well attended by parties from a distance. F. H. Tomlinson of Sonestown and a dealer in horses, was present and put a bid on each one of them. His bids were too low, however, and he failed to get either.

A brand new engine of one hundred ton weight, has recently been put on the W. & N. B. R. It was manufactured at the Baldwin locomotive works in Philadelphia and is a fine and handsome piece of machinery. New coaches will also be put on the road as soon as it is completed.

4th of July at Estella. Our people are preparing for the best celebration ever held in Western Sullivan. The picnic ground has been cleaned up and improved to seat nearly twice as many people as formerly. The barbecue place is removed to the east side of the creek. The usual luxuries will be there in abundance. Ice cream, pop beer, lemonade, nuts, fruit, candies &c. &c., so that any young man can treat his best girl like an "empress."

The services of the Hills Grove Band is now assured, and with Rev. P. R. Pittman and D. T. Huelck Esq. as orators, a rare treat is in store for all who come. Let everybody join heart and hand in celebrating our glorious "Independence Day."

The time of meeting at the church is 9:30 a. m. and the parade will be formed to march to the ground as soon as the different organizations can be got into line. A plan is matured to hide the big defurred stamp in the centre of the ground, and if any one thinks it can't be done let them come and see for themselves.

The First Passenger on the Extension of the W. & N. B. R.

On Tuesday a Jew of Elmira, requested a ride on the extension of the W. & N. B. from Satterfield to Ringville and was granted the request by the engineer. When he got to Ringville he was compelled to ford the Sock and as a matter of course got his pantaloons as well as his valises wet. On arriving at Laporte and observing his damaged goods from the soaking they got in the creek, was mad and articulated that he might better have walked, pointing to his pile of goods, and I had to climb over tree tops to get to the road, too.

A. A. Baker of Laporte township is erecting a shingle mill near Barrow's Camp on Mill Creek and wants the bridge across Mill Creek between the tannery and his site put in repair. The supervisors of Laporte township will be called upon to make this bridge good and they might just as well do it to-day as to-morrow. There is nothing in putting off public work. You only make ill friends and are compelled to comply with the duties of your office in the end. Fix the bridge and give Baker a chance to get his engine to his place of business.

Two members of the Pension Examining Board have been appointed for Luzerne county. They are both democrats. Two democrats and one republican were recommended for this Board, but it being the policy of the Pension Department to appoint only democrats to such positions, is the reason the third member was not appointed. No republican high pension blatant demagogue need apply. The members of the present Board for Wyoming Co. are all republicans, and it is high time a change was made.—Wyoming Democrat.

How will the old soldier receive this? Look Out For This Fellow. An enterprising swindler has been working some of our neighboring towns very successfully. He represents himself as the agent for a well known sewing machine company sent to the town by the company in question to put all the machines of that peculiar make in order free of cost. None have refused, and all the machines have received a thorough overhauling, for which no charge has been exacted. By a singular coincidence, however, every machine examined is found to have an unexpected worn or broken part, and the charge for replacing this varies from \$1 to \$10, which the victim generally pays without a murmur.

The county commissioners met at their office in Laporte on Friday last and resolved to abandon the court house, which has been condemned and reported unsafe for occupancy by proper persons. The sheriff will vacate the building and will occupy the Green House on North Muncy street and Atty. E. M. Dunham will move his office to the room on the second floor of T. J. Keeler's store. The Presbyterian church has been secured for court purposes, providing Judge Sittser approves of the same, of this, there is little doubt. The jail which is in the basement of the court house is empty of prisoners at this date. Should any convicts be brought here for safe keeping they will be taken either to the Towanda or Williamsport jail.

This step of the county commissioners will remove all blame from them and the county, should any accident occur about the old death-trap. Our readers will observe that the abandoning of the old and worn out building by the commissioners, is as we predicted in our issue of last week.
