A new swindle is being worked. HE LOST HIS PENSION

The Portrait of Cleveland No

A hotel landlord at Hammersly's Forks, who was a Cayenne pepper Democrat, received notice a fev sion had been discontinued. This unexpected information was, to the poor fellow, a cyclone that swept through his head, blinded him, would unhinge themselves and fly through his jowls out into the open air. Such a terrible shake-up he never before experienced. The idea that a good Democrat—one who almost idolized President Cleveland. worked hard day and night to help secure his election, should be treated in such a disgraceful manner, unnerved him. After recovering from his stupor the first thing that attracted his attention was a large portrait of Cleveland hanging on the wall; with a tremendous leap he was at the wall and with both hands clutching the picture he hurled it to the floor, jumped upon it with both feet and swore that he was no longer a member of the Democracy.

During the early part of last weel a subscription paper was circulated in this vicinity for the purpose of obtaining money to prosecute the supervisors of Forks township for "contempt of court" in the matter of unnecessarily delaying the grading of the Loyal Sock road leading from Laporte to Forksville and in accordance the supervisors were arrested on Monday. This road was ordered opened by the court over a year ago. In response to this order Laporte boro., Laporte twp., Shrewsbury twp. and Forksville boro., through which the road passes, have gone on and complied with the order of the court and have expended on the road nearly, if not more than one thoumorning of last week. With all were among the numerous guests in of this money expended, however, attendance at the ceremony. The the public is debarred from the use of the road owing to the delay of that part in Forks township. Our people have grown tired of the slow way the Forks twp., supervisors have of doing business and have resolved to give them a pusher. The officers of Forks will remember that the REPUBLICAN warned them of this, months ago.

In response to the arrest-Supervisors-David Molyneux and Geo. Lambert of Forks appeared before Robt. Stormont J. P., of Laporte early Wednesday morning. AttyE. M. Dunham represented the plaintiffs. The defendants were without council hence, Mr. Molyneux made the closing argument.

New Use for Brass Bands.

An account in one of our con emporaries recently of the meeting in Bernville to raise money for the completion of the South Mountain Railroad, says the Reading Herald, stated that "the meeting lasted two hours and the Bernville Band turnshed the music." This is a new departure in railroad business. We don't know that we ever heard before of a brass band being present to assist in raising capital but we have no doubt that it is a good departure. There seems to be a necessity for some new ideas in railroad sty for some new ideas in railroading and this may be just what is needed. There has been lots of music over the South Mountain Railroad for the last fifteen years, but heretofore nobody has tried a band on it. It's too bad for our people that this freak in railroad business was'nt made known a few months ago.
