E. M. MASON, P. M. The N. Y. Weekly Tribune and Sullivan Republican for \$1.25 One Year \$1.25.

Call and pay the printer. The REPUBLICAN is the best. Call and settle your subscription.

The holiday vacation is drawing nigh. A warm fire is very agreeable these days. The printer will soon have a vacation.

Only one more paper before Christmas. The Dushore editors were in town Monday.

Sleigh riding was the order of the day, Sunday. Monday the 1st day of court was a pleasant day.

These hard times cause much politics to be talked. The Democrats have no defense. They have our sympathy.

The grip seems to be on the increase throughout the state. Guard rails were placed on the Muncy Valley bridge, Friday.

Judge Phillips has been on the sick list. He looks quite puny. Even the Democrats say President Cleveland's message is a failure.

A fair percentage of the people in attendance at court, came on the train. Work on the "Y" of the W. & N. B. at the head of Lake Mokoma, is progressing nicely.

BOEN: To Mr. and Mrs. Eugene Tripp, of Laporte, on Thursday Dec. 14, a daughter. The engine house formerly used at Nordmont, is being torn down and moved to Satterfield.

Mr. and Mrs. E. J. Flynn of Jamison City, were calling on friends at the county seat, Sunday. John P. Kennedy and D. J. Sheehan of Jamison City, were doing business in town, Monday.

Messrs. Mullen and Ross have retired from the management of the Lochiel Hotel at Harrisburg. Judging from the enthusiasm shown President Cleveland's message, the people don't take much stock in it.

Many new names are being added to the REPUBLICAN'S subscription list. There is room for all who wish to come. Krug's planing mill in Bloomsburg, was destroyed by fire on Saturday Nov. 25. Loss \$6,000 with insurance.

ing on Lake Mokoma, was expected the early part of last week and our young people enjoyed a right royal good time. FOR SALE:—Two good working horses, harness and lumber wagon. Will be sold cheap.

ALPHONSUS WALSH. E. M. Dunham of Laporte, and Thos. Simmons, J. P., of Sonestown, went down to Glen Marr Friday to take depositions in a divorce case. It is now a week since Cleveland's message was read, and experts are still engaged in the fruitless task of trying to discover his governmental policy.

The reason why a locomotive engine is always spoken of as "she" is because a woman generally makes such a horrible noise when she tries to whistle. Col. Alex K. McClure of the Philadelphia Times has so far recovered from his long and serious illness, as to be removed to his city residence from Wallingford.

F. W. Gallagher, is doing a good business preparing lunches in his cafe, this week. Frank's bill of fare is quite elaborate. Roast turkey is on the list. Smith, County Treasurer killed on the boys in the Commons office while doing business Monday. Gus looks dejected and it would appear he is enjoying good times. He doubt make a good officer.

John McBride and little daughter, Miss Maud of Hills Grove, were calling on Mr. McBride's brother, S. K. McBride and family of this place, Sunday. The successor to Gen. William Lilly Congressman at large, who died last week, will be chosen at the election in February. This saves the state the expense of a special election. The REPUBLICAN is sending off orders for the N. Y. Tribune in blocks of from six to a dozen. The REPUBLICAN and Tribune for \$1.25 is very cheap and our people are taking advantage of it.

DEED: Rev. Samuel F. Colt died at his residence in Wysox, on Tuesday Dec. 12th, aged 76 years, 7 months and 23 days. The funeral will take place from his late residence on this Friday at 11:30 a. m. A young man of Dushore fell and broke his leg while skating on Heverly's pond at said place, Sunday. Some people would say—"that's the result of Sunday's skating." Others would defend the young man.

Lawrence Murray, son of County Treasurer, Wm. Murray of Cherry, spent the early part of the week with his father at the county seat. Lawrence is a bright young man and has lots of friends where known. Messrs. Wm. Shoemaker, Nelson McCarty and D. L. Brown, of Elkland twp. returned home on Friday, from a month's hunt in Clearfield county. The boys enjoyed right good success, having killed two very large deer.

It is quite natural that Governor McKinley in his address to the Home Market Club in Boston should compare the conditions existing under the Republican and Democratic administrations. And what an awful comparison it was. Court convened at 2 p. m. Monday with Judge Sittser president judge and John Youkin and M. J. Phillips associate judges on the bench. H. Coston occupied the stenographer's chair and wore his usual pleasant smile. Harry is a favorite with the Judges and members of the bar.

The number of guests registered at the various hotels in town, are as follows: Laporte Hotel, seventy-nine; Hotel Kennedy, fifty; Exchange Hotel, twenty-six; Fairview Cottage, forty-three; Eagle Hotel, twelve. Making a total of two hundred and ten. The oft-quoted chestnut, "Everything comes to him who waits," is an untruth, but it evidently misleads many people. If you have adopted that for a motto, rub it out and place in its stead, "Very seldom—hardly ever—anything comes to him who waits." If you want anything, hustle for it.

We have been informed by reliable parties that about three-fourths of a mile of the Loyal Sock road in Forks township, on the east side of the site of the county bridge across the Sock, has been completed and that men are at work grading, at this date. Mr. Williams the contractor is desirous of completing the job at the earliest day. Pennsylvania Steel Works. HARRISBURG, Dec. 8.—It is learned from a semi-official source that the Pennsylvania steel works, at Steelton, giving employment to about 3,400 men, will close down from Christmas until February and perhaps longer.

Mines Running Again. The Bernice coal mines, which have been idle since the strike commenced on the Lehigh Valley, resumed operation on Monday of last week and expect to run now without further interruption. Several trains of Bernice coal passed through Laporte the early part of this week. Draw a ten foot square on the floor says the state superintendent, cover the surface with silver dollars and you would have to raise the pile until it would reach 250 feet to represent the amount of money that the state treasurer pays out every year for the support of the schools of the commonwealth. And he might add, it is money most profitably spent.

Congressman Woolverton's Mishap. Congressman Simon P. Woolverton of Sunbury, met with a painful accident at Washington Wednesday night of last week. While walking down the steep hill on 14th street, or Newspaper row, he fell heavily upon the slippery sidewalk. He is a heavily built man and his entire weight fell upon his right hand, lacerating it and breaking some smaller bones. He suffered excruciating agony. Mr. Woolverton was granted leave of absence and returned to Sunbury.

The REPUBLICAN even though it is a trifle hard on Democracy, is considered the only political paper published in the county, by our neighbor Democrat. Our opponents are frank in expressing this. They give us credit, too, for the position we take, while the other "feller" is taken. We print our colors on the first page—"REPUBLICAN," hence there is no deception about it. The passengers arriving at Laporte on the 2:40 train Saturday, took a fast ride up the Mokoma hill. Chas. Laner met the train with a spirited team, and on starting at the depot the horses made a jump, striking the hind runner of the sleigh against the corner of the depot porch, throwing grips and bundles in every direction. Among the passengers were Mr. and Mrs. Huckel, of Dushore. The Mrs. had went sailing in the air at a long distance. The horses were got under control some twenty rods from where they started and the packs were picked up and placed in the sleigh. It was quite exciting as all expected to witness a destructive run-away.

Mr. Burwell who gave a temperance lecture in the M. E. church at this place, Friday evening, was greeted with a full house. People of the Mere, Sonestown and Nordmont were among the audience and all expressed a very pleasant evening. In his remarks he questioned the Christian people for voting other than the Prohibition ticket, and thought this class equally responsible for the existence of the whiskey traffic as their neighbor landlord. Mr. Burwell entertains that the platform of the Prohibition party will be elected in the distant future, but that it will be given a new name. He spoke very favorably of Gov. McKinley. This was very kind of him and justifies that he is a man of good judgment.

Wm. Bird, D. K. Eppler and D. H. Eppler of Forks township left for a hunt in Clearfield county on the 6th of November. They returned home on Friday of last week. Each one of the party killed a large deer and enjoyed a pleasant outing. Will met with bad luck, however. He slayed his venison late in the afternoon and hung it up in the woods for the night. On his return the next morning he was surprised to find the carcass of his deer mutilated by wild beasts. A light skiff of snow was on the ground and Will detected his intruder to be a huge bear and resolved to follow it to its hiding place. Accordingly he jogged along on the trail for several miles, but on reaching the ledge of rocks concealing the bear, he was confronted by a party of hunters who were about to deal the death blow upon brain who had recently breakfasted upon his precious and hard earned deer meat. He was mad and hit the bear a kick dislocating his big toe. The party captured three bear in this ledge of rocks and were looking for more when Will left them in disgust.

May Reopen the Strike. BUFFALO, N. Y., Dec. 10.—The Lehigh strike may be reopened in all its intensity. An official circular has been prepared which will be promulgated on Monday, addressed to the employes on the Northern (Buffalo) division, announcing a reduction in wages. The employes of this division have enjoyed a pay schedule which has been the envy of railroad men in the service of other companies. The present reduction applies to yard engineers, firemen and road firemen. The new scale fixes the pay of yard engineers at 25 cents an hour, yard firemen at 16 cents an hour for the first six months, 17 cents for the next six months, 17 1/2 cents after that; road firemen \$1.90 a day for the first six months, \$2. for the second six months and \$2.10 after that. The peculiar feature of this order is that it will not affect the Lehigh's old employes who did not go out on strike last month. They are to receive the old wages as a reward for their fidelity to the company in its hour of trouble. The new schedule will effect the outsiders and the Brotherhood men taken back. The leaders of the Federated Brotherhoods have counseled the men not to be harsh or hasty in passing judgment on the action taken by the road officials. The chief of the Brotherhood said to the Associated Press correspondent: "We believe in letting the officials back down gracefully, not in trying to humiliate them, because we have won, but the temper of our men who find their old places filled by incompetent men and are met with refusals to re-employ, has to be cooled by continual application of sensible advice. Now that this order has been issued reducing wages, not on the basis of relative competency or length of service, but as a punishment for being a Brotherhood man, it is possible that the men will insist on reopening the strike again."

Hunting for the Treasures. The publication made by the Phillipsburg Ledger of a story concerning \$62,000 having been hidden somewhere by the famous bandit Lewis, has set a lot of people at work searching for the treasure. Near Milroy, in Milfillin county four persons, one of whom is a woman, are making a thorough search, having a chart to direct their efforts. Wolf Rocks, in Clearfield county, has been visited by scores of people who are anxious to find the \$62,000. New stories relating to Lewis and Conley are coming to light every day, and each one of them locates the treasure in a new place. The other day, says the Bellefonte News, a very modest and absent-minded young lady, who lives on Bishop street, went to the mill for some flour. She gave the clerk what she thought was a neatly folded and ironed pillow slip. The clerk emptied one scoop of flour and it went right through to the floor. Just then a horrifying discovery was made that what had been taken for a dainty little sack had two outlets, and each outlet was trimmed with embroidery. The clerk fainted and the young lady rendered him no assistance but returned home at a double quick gait.

Judge Archbald Rebukes a Jury. SCRANTON, Dec. 10.—President Judge Archbald created a sensation to-day by rebuking in the most stinging manner possible a jury that after being out since Saturday afternoon came in this afternoon with a verdict of not guilty in the case of Absolom Arnold, charged with adultery. The evidence was so strong that no defence was offered. The court told the jurors that their verdict was a blot upon the court record and they ought to be ashamed of themselves. He has not seen anything like it during the nine years he was upon the bench.

Lehigh Short of Engines. EASTON, Dec. 10.—The chief concern of the Lehigh Valley Company just now is the getting of enough engines to move its freight and coal business. Twenty-five engines at least are in the shops awaiting repairs, the shop hands being compelled to work overtime. The company has thoroughly re-organized matters and began to-day to run with old time regularity. Thus far twenty-three old engines and firemen have been ordered back on their engines. Several engineers have been sent out with new firemen. The engineers did not like this, but had to go or lose their opportunity. S. S. Steafather of Lopez, demanded of the Co. Com's. \$2,000 damages on Monday sustained by falling off the Lopez bridge and breaking his wrist, sometime ago. It was like this: Young Steafather was crossing the bridge when a colt was led on the structure. The horse switched its tail and Steafather supposing that meant kick, jumped one side losing his balance, fell to the bed of the creek. The bridge when built was boarded up some three feet on either side. Some days previous to this accident it is said that some person tore off a part of this siding and Steafather claims to have fallen through this hole. We do not think a jury of twelve men can be found in the county that will award Mr. Steafather damages under these circumstances.

Mr. and Mrs. M. Blodget of Sina-mahoning Pa., are visiting old friends at Laporte. Boyd Trescott one of the editors of The Tablet, published at Millville, Columbia county, was a pleasant caller at our sanctum, on Tuesday. The Y. W. C. T. U. will meet at the home of Miss Fannie Meylert, Friday evening Dec. 15th. Those interested in temperance work are invited to attend. Judge Pomeroy, Judge Fairchild and Esq. Thomson, old residents of Dushore, were in attendance at court this week. They testified in the Josiah Hembury vs Burch & Co., case. Hembury is prosecuting Burch & Co., for damages sustained in their mill yard. The Eagle's Mere gun club will give a turkey shooting match on Friday Dec. 22. The shooting will take place on the lake, providing the ice is considered safe. This will be a pleasant day for our numerous nimrods. Every body is going. Johnny get your gun ready.

Chicago's Unemployed. CHICAGO, Dec. 10.—It is estimated that the number of unemployed in this city is nearly 117,000, and so great had their suffering become that the Illinois Conference of Charities and Corrections, at a special meeting yesterday appointed a committee of 100 representatives to at once proceed to raise a charity fund of one million dollars for the relief of the most pressing wants of the worthy and deserving poor. Editor Steed, who was present at the meeting suggested that if the ministers and millionaires were turned out into the streets for one night the money would be forthcoming at once. W. P. Rend, of the Citizens Committee, made the assertion that such a calamity had never visited Chicago before. The city's elevators are bursting with supplies, he said, and yet people are starving for want of food. The sentiment of the meeting seemed strong in favor of getting the city authorities to provide work for as many of the unemployed as possible. By actual count 1,119 men sought shelter in City Hall for Tuesday night, and as many more stowed away on store floors last night. Joseph Jefferson and Stuart Robson are arranging to give a joint performance for the benefit of the unfortunate. The entertainment will be given at the Chicago Opera House next Friday afternoon, and the two comedians have been promised the hearty co operation of all the important theatrical attractions in the city. These are Democratic times.
