

REPUBLICAN STATE TICKET. FOR CONGRESSMAN-AT-LARGE: HON. GALUSHA A. GROW,

of Susquehanna county. "Ever day or two the public hears of s petition, 'several thousand strong.' against a reform of fariff signed by the dependent workingmen of the chief ben-eficiaries of McKinleyism. Since when have petitions been permitted to reverse elections? The voters of the country have commanded a reduction of the tariff in two general elections, each time by

more than 1.300,000 majority. No perfunctory and interested petitions can

cancel those commands. - World."

We take the above clipping from the Dushore Gazette. Streby takes it from the N. Y. World. Notwithstanding the fact that the saying has had the approval of these two great papers, it is a very slim "crawl out" for our neighbor Democrats. Sullivan branch of the Lehigh Valley They do not deny the first paragraph, however, which is quite honorable a man on the track about two miles of them, that, "petitions are being sent to Congress signed by several identified as those of William Mc- thority on weather reports, we have thousand workingmen who oppose Guire, who lives at Rienzi, in Terry reform tariff." This credit belongs to the World, however, for, had the ed that he was struck by one of the Inquirer, Times, and Sun at Pub-World contradicted it, and said the night trains, several specials being petitions never were sent, the Du- run during Friday night. The body shore Gazette would have also accepted it as the truth.

The next paragraph, viz: 'Since when have petitions been permitted Towards Republican. to reverse elections?' This is wholesome gall. When were the Republiat the capital of New York? Last ber and judging from the manifest every one of them. In 1892 New York and New Jersey went Democratic. They were among the number of states that wanted a change, but in 1893 both of these states, humiliated and in tears delivered themselves to the Republicans, glad to escape the infamy brought upon a critic brain, he would deny this its age to be 462 years, so that it and claim that the issue in these states ware purely local. That the public will observe, we will confess sound from butt to tip, and will cut New stock to a certain extent, it was a local fight in both of these states. Maynardism in N. Y. and race track into Africa by nominating Wheeler people, but those issues were insigpeople, but those issues were insig-down. As a battle against the New York machine Mr. Cleveland's course gave a Republican majority of about State, but the country at large is by over 80,000. The difference between 25,000 and 80,000 expressed unmistakably the extent of the local feeling against the nomination of Judge Maynard. Under the circumstances it is reasonable to claimleaving Maynard out entirely-that New York's Republican majority, resulting from the state of the times brough on by the Democratic policy of destruction, was not less than 20,000. In New Jersey the popular feeling had much to do with giving the state to the Republicans, while in Ohio, Massachusetts, Virginia and all the other states that voted, the largely increased Republican vote furnished indisputable evidence of a free trade rebuke. With this open confession of the people at the polls strengthened by petitions being addressed to Congress by the working class, ought to at least be noticed by the muldoons in Congress, as well as by the Democratic editors of

York. Another Petition to Congress.

NEW YORK, Jan. 30 .- The special election for members of Congress in The teachers say it is due to free the Fourteenth and Fifteenth Distance is the largest ever known. The teachers say it is due to free text books. We are proud of our tricts of this city, to choose successors of Messrs. Fellows and Fitch, salary alone, as the childred are resigned, was held to-day.

Lemuel E. Quigg, Republican was elected in the Fourteenth District

In the Fifteenth District Isidor Strauss, Democrat, was elected over Frederick Sigrist, Republican. Strauss received 15,390, Sigrist 10,-

At the last Congressional election the Fourteenth District gave a Demmost 1,000. The Fifteenth District at the last election gave a Democratic majority of 11,000, which to-day was bargains for one month. Until the reduced to a little over 5,000.

Both districts have always been Democratic strongholds, controled 1st of March by the powers of the Tammany machine, and the election of a Republican in one and the cutting down of the Democratic majority in the other s insignificant.
