We erred last week in stating the time of the opening of the Cliff Hotel at the 'Mere, John Aumiller, proprietor. We said April 30th which should have read March the 30th.

Hon. Russell Karns and wife are spending the week with friends in Benton, Columbia county. On their return they expect to occupy the Lamoreaux house, on Centre Main street.

R. A. Conklin, of Laporte, is building a couple of pedestals for the I. O. O. F. lodge room of this place. He is erecting them of cherry and when completed will be a handsome and a well made job.

There will be 264 delegates in the Republican State Convention, which will convene in Harrisburg on Wednesday, May 23d. Of this number over one-half of them are pledged to General Hastings for Governor.

The Union Tanning Company recently purchased of Davidge & Crarey several thousand acres of land, situate in Colley township. The deed was a long one—24 pages of foolscap. Notwithstanding the length, however, Prothonotary Walsh recorded it in one day.

Six bodies have so far been recovered from the Gaylord mine, in which 13 men were entombed about the middle of February. All of the bodies so far recovered have been crushed so badly that the persons could only be recognized by their clothes.

A lot of enterprising Omaha counterfeiters are turning out silver dollars that are equal to the genuine in every respect. They use the same proportions of silver and alloy that the government does, the seignorage giving them sufficient profit. They clear about fifty-one cents on every dollar turned out.

E. S. Chase, of Eagles Mere, was doing business in Wilkes-Barre on Friday and Saturday of last week. Embly was formerly of Wilkes-Barre and notes many changes made at his old home since his absence. He is of the opinion that Wilkes-Barre ranks among the prettiest cities in the state.

In learning to swim, if you have confidence in yourself and your powers, and strike out strongly, you will succeed. If, on the other hand, you make a few wild movements and then stop, you will sink. So it is in advertising. It's the man who knows what he is going to do and does it that gets on in the advertising world.

Coxey's army of tramps left Canton, O., enroute for Washington, D. C. on March 25th. Their mission is to ask Congress to give work to the unemployed and advocate the free coinage of silver. The army is two or three hundred strong and Coxey hopes to increase the number to several thousand before reaching his destination.

Chet. Speary, of near Nordmont, has purchased the farm known as the Thomas E. farm in Benton township, Columbia county, and will move on the same the first week in April. Chet. is a good neighbor and a hard working young man and will no doubt make a success of his adventure. He is a good Republican and will help swell the vote in Columbia county for Hastings next fall.

M. W. Botsford, of Nordmont, and James Deininger, formerly baggage-master on the Williamsport and North Branch Rail Road, contemplate establishing a cigar factory at Nordmont in the very near future. They will use the first floor of the hall building at said place and will employ six experienced cigar makers. We wish the young men lots of success.

The hard times are driving many people from the cities who are flocking to the country to become farmers. In some sections in Berks county every farm could be rented ten times over. Consequently the price of farm land has taken a jump upward and the rentals have increased. Many of those who are returning to the farms formerly went to the city from the country.

The Philadelphia Record never uttered a more patent truth than when it declares that "the Augean stables at their filthiest never needed a Herculean cleaning out worse than does the United States Senate. It is full of schemers, incapables and political speculators who know nothing of patriotism except as a convenient cloak with which to cover sinister designs that will not bear the light.

PHILADELPHIA, March 24.—Organized labor is soon to engage in a battle that will affect international interests and may ultimately lead to international complications. War to the knife is to be declared by the Knights of Labor against the twenty or more breweries in St. Louis which are controlled by the English syndicate, and it is given out by those who know whereof they speak that before many months the plant of every brewery concern will be absolutely idle and that millions of dollars of English capital will become unproductive.

Atty. H. T. Downs and John E. Gallagher Laporte Boro. auditors, completed their work of auditing the boro. account, on Tuesday. The result of their work will be very gratifying to the tax payers of our town. They have gone over the accounts thoroughly and with exactness and find the liabilities in excess of our resources just \$42.88. This is an excellent showing. The statement will not be published until the school audit is made. This takes place in June.

D. M. Speary, of near Nordmont, made the REPUBLICAN office a very pleasant call one day last week. Mr. Speary was an old soldier and like the majority of his comrades, don't like the proceedings of Hoke Smith. The old soldier, deserving of a pension, has a right to condemn the ways of this administration and especially in the Pension department.

Charley Sadler of New Albany and formerly of Hills Grove, has composed a piece of music for three horns and piano. He has addressed it to Washington to be copyrighted. The title of the waltz is: "Sundown at New Albany." Charley is a good musician and we bespeak that the piece he has written will take equally as well as "After the Ball."

A move has been made in the direction of organizing a building association in Laporte. The association will be made up of home people and with the plans completed will commence the erection of four dwellings this spring. We understand that the sites selected for the buildings are: two on East and two on West Main street. Our townspeople should interest themselves and take a hand in the project.

The Carbonale school board has adopted the following very sensible rule: That any pupil using tobacco in any form or smoking cigarettes of any kind on the school premises shall suffer expulsion from the schools. The catching of a twelve year old boy smoking in the school house corridor and his declaration that he smoked ten cigarettes a day is what led to the adoption of the rule.

The "Pomeroy Family Quartet" will visit Laporte on this Friday evening and will give an entertainment in the M. E. church. Following is what the Rev. G. V. Savage, pastor of the M. E. church of Evers Grove, Pa., says of the entertainment: "Everybody was well pleased. It was the best we ever heard, considering their ages."

The following is clipped from the Mountain Echo, published at Shick-shinny, Pa.: "The Pomeroy family made such a favorable impression upon our people that an encore concert has been requested."

It seems as if there would never be an end to the schemes to defraud farmers. The latest one is this: Agents go around under the pretense of getting data for a county map. If a man does not subscribe for the map they ask him to sign a certificate which innocently purports to show that those who are mapping out the country have been on his farm and have the dimensions, etc., of it. This certificate turns out to be an order for the map at ten times its worth. Trouble ensues if the map is not taken and the price paid, in which the "subscriber" gets the worst of it.

The license asked for the Glen Mawr Hotel, G. W. Knox, proprietor, was refused in the Lycoming county courts on Saturday last. After rejecting the license Judge Mezger made the following statement, viz: "That he is becoming tired of heavy complaints about this house, and he would settle it for one year, at least, and see how that would go. 'The law must be obeyed,' he continued. 'I have had enough trouble with this house. Some people are always kicking about granting new licenses, but I think it would probably be better to grant a few new ones and cut off some old ones.'"

The directors of the Lake Mokoma Land Company held a meeting in Williamsport on Thursday last, and if all rumors are correct, it was a lively meeting, too. The fact of the matter is, our people have been put aside by those Williamsporters connected in the Mokoma Land Co., just about as long as they intend to be, and have resolved that they know what investments will pay about the property equally as well as our city guests. Accordingly, Judge Ing-ham made a motion in the meeting that the Lake Mokoma Land Co. place a steambot on the lake this summer to cost not less than twelve hundred dollars. As a matter of course our Williamsport friends objected and said it would not pay. Hon. Russell Karns was a silent listener for some little time, but as the debate waxed warm he could not stand it longer and sprang from his seat and with an emphatic expression, said it would pay and that he would pay ten per cent. on the money invested. This ended the controversy and a vote was taken and carried, hence, we can announce to our readers that a steambot will without fail, be placed on Lake Mokoma this summer.

A lot of \$3.00 ladies shoes will be sold for \$2.00 until the stock is exhausted at T. J. KEELER'S.

AN ALLEGED CONFESSION.

More Startling Houseknecht Mystery Rumors to-day. It transpires that there was more in the rumor concerning the Houseknecht mystery, published exclusively in the Republican last Saturday, than was thought to be at the time, but whether here is anything of truth in the report remains to be seen.

Nobody in Muncy seems to know anything about the matter, but from Hughesville comes an additional report, which strengthens the rumor published Saturday. Instead of it being a brakeman who made the confession, it is stated that one Jacob Rooker, of Muncy, reported to be a dissolute character, one day last week jumped a freight train and went to Harrisburg, where he was arrested for illegal car-riding and locked up.

While an inmate of the Dauphin county jail, Rooker attempted to commit suicide, by cutting his throat. The attempt, however, was unsuccessful. The sheriff of Dauphin county took Rooker to task for attempting self destruction and asked him why he did it. Rooker was said to have replied that he was implicated in the Houseknecht affair at Muncy, and the sheriff questioning him closely, got a confession out of him.

Rooker, it is alleged, told the sheriff that he was with Houseknecht and two other men behind the barn in the dley which has become famous in connection with the mysterious affair that the men attempted to take Houseknecht's money away from him; that Houseknecht rebelled, and one of the men shot and killed him. Then the body of Houseknecht was put in a buggy, and hauled to the Muncy river bridge and carried out upon the bridge and dropped into the water, with the frog of a switch tied to it, presumably among the wreckage of some freight cars that went down to the bottom of the river from the old river bridge the time of the big flood. Rooker is said to have explained that he was in the game, but had nothing to do with the shooting.

Rooker was brought home from Harrisburg Saturday and is now under the care of a physician. It is said that he has denied the story in every particular. People in Muncy generally discredit the story, and place no credence in what Rooker says.

DISTRICT ATTORNEY GOES TO MUNCY. District Attorney Gilmore was seen by a reporter this afternoon about the latest Houseknecht rumor and when asked if he had anything new on the subject he replied that he had just heard of the report, and knew nothing about it.

He had heard nothing from Muncy lately, he said, and the report of an alleged confession was news to him. He said, however, that he would go down to Muncy this afternoon, and investigate the matter.

NOT KNOWN IN MUNCY. Whatever the stories may be here, the people of Muncy don't seem to know anything about it. The Republican has telephoned to a number of parties this to-day, but has been unable to verify the rumored confession, or in fact any rumor for that matter. One party said in reply to the question put by the Republican, that there was nothing new at all, that it was talking, if anything,—Williamsport Republican March 26th.

Was all a Fake. It turns out that the startling Houseknecht mystery story attributed to Jacob Rooker, of Muncy, which was published yesterday is all a fake. District Attorney Gilmore went to Muncy yesterday afternoon to investigate the matter, but as he left for Philadelphia early this morning the result of his investigations couldn't be gotten from him.

The Republican received a telephone message from Muncy, however, to the effect that the district attorney had seen Rooker, and that the latter had denied the whole business. The district attorney therefore paid no further attention to the matter.—Williamsport Republican March 27.
