Our exchanges have remarked that a new depot will be built at Hughesville along the line of the W. & N. B. R. this spring. We understand that the Rail Road officials have given up this idea for the present, at least, and instead will commence the filling of the several cuts along the railroad between this place and Nordmont. While we would all like to see a right good depot at headquarters of our railroad, yet as a traveling public, we are more interested in the filling of these cuts.

The Lehigh Valley R. R., has been selling tickets to New York scalpers. We have a law in this State forbidding scalpers selling R. R. tickets, and it should be so amended as to prohibit railroad officers from selling to scalpers. The law was passed to protect railroads, but if they will not protect themselves, repeal the law and let the citizens of Pennsylvania have a whack at cheap tickets.

Our old friend, Mr. Percy A. Bivins, formerly of Laporte and who served with the engineer corps along the W. & N. Please forward to my present address—Byshop, California, and in due time as the Democratic depression lifts up, I will forward you the necessary dollar." Mr. Bivins has accepted the chief engineering of a twenty mile section of a fifty foot migrating canal in the valley near Byshop and expects to commence work in the very near future. Mr. Bivins and mother, who resided with us last summer speaks very kindly of old Laporte.

BRECKINRIDGE IS BOLD AND BRASSY.

The Disgraced Kentuckian Exhibits Himself.

WASHINGTON, April 15.—Representative Breckinridge, against whom a verdict of \$15,000 in favor of Miss Pollard was rendered Saturday spent most of the day at home with his family and friends. Shortly after noon the charming weather tempted him and Mrs. Breckinridge to take a drive.

The defendant in the famous breach of promise case will have a conference to-morrow with Messrs. Butterworth and McKimsey, of his counsel to discuss the motion for a new trial, which, he said to-night, would be made within the time fixed by the rule of the court—four days. It will be pressed to a determination with all the vigor possible and if overruled, as he anticipates, there will then be an appeal to the Court of Appeals of the district.

"During the past month and to-day" said Colonel Breckinridge to-night, "I have been in receipt of letters and telegrams from every county in my district assuring me of the continued constancy of my friends. They believe that my career is not yet ended; that I have some years of good work in me as their representative. Today I received a cordial and earnest invitation to speak in Bourbon county, Ky., on the seventh of May, and numerous telegrams from other portions of my district. I have no doubt of my re-nomination and re-election, if my life is spared."

Miss Pollard was so overcome by the protracted strain upon her that she was taken last night to Providence Hospital, where she still remains. She received no callers to-day and this evening was reported by the attendant to be resting quietly. She and the famous old claimant, McKimsey, are both entered on the books of the hospital as suffering from nervous prostration.
