For reasons unknown to the public in general, the W. & N. B. R. R., will not run their trains over the I. V. tracks to Towanda as published heretofore. We have come to the conclusion that railroad news is very uncertain.

If you wish good goods at bottom prices, go to BODINE & WARN, Sonestown, Pa.

A gentleman while passing through the county seat, Saturday, inquired for Dushore. He was told that it was near Satterfield. This was satisfactory to the gentleman and he passed on in the direction of Satterfield.

The Democrats are justified in scoring Senator Hill for the unfair means he has resorted to in carrying his points against President Cleveland. As a politician, Hill is as large as the Allegheny mountain.

A young printer in a country newspaper office fell in love with a clergyman's daughter who did not seem to reciprocate his affections. The next time he went to church he was rather taken back when the minister announced the text: "My daughter is grievously tormented with a devil."

We received several communications this week, too late for publication.

The recent rains were not considered severe at Laporte. On Saturday at intervals it rained quite hard, but our people did not take any notice of it. Our streams were not raised uncommonly high and Lake Mokoma was only six inches above high water mark. On Sunday the sun shone for a short time during the forenoon.

A green worm from a quarter to a half inch in length is destroying the green clover in many sections of this State. Whole fields of clover have been entirely eaten by the destructive worms, which appear in myriads. After the worm has eaten the clover to the ground it crawls up on stubbles or blades of timothy as high as it can get and dies.—Exc.

Ever since the arrest of Blank and Rosenweig in Canada, for the murder of Marks, there has been an unpaid claim of the Canadian authorities against this county. The claim amounted to about \$350, and was disputed by our County Commissioners. On Tuesday, however, a draft for \$165 was sent to the State Department in settlement of the claim.—Tunkhannock Republican.

Hon. Russel Karns of Laporte, came up from Philadelphia on Tuesday. He left the city on Monday at 10 a. m., but owing to the condition of the railroads, was detained in many places along his route, and did not reach home until Tuesday evening. Rus has a great story of his adventures. He left the city on the Reading and before he reached home had ridden on three different railroads. He came by the way of Bloomsburg and at Benton hired a liveryman to bring him over the mountain. Mr. Karns was accompanied by editor Smith and wife of the Benton Argus.

There is some talk of a Davidson Democrat coming up for the nomination of Member. There isn't any use for this however, as Cherry and neighboring precincts run Democracy in this county and they propose nominating their own man. Davidson and several other precincts including the two Laportes are only side issues in our Democratic party. When Cherry says get aboard, we all get aboard, and we never complain of a bitter pill, either. We swallow it, and say amen. We Democrats over in this end of the county are satisfied to be known as good Democrats.

Dr. Meyer Guilty.

New York, May 18.—The jury in the case of Dr. Henry C. F. Meyer, who is charged with poisoning Ludwig Brandt, to-day returned a verdict of murder in the second degree, the penalty for which is imprisonment for life. When the jury gave the verdict Meyer sank to his chair absolutely crestfallen. His hands twitched nervously and his whole appearance showed plainly that he was disappointed at the verdict. It transpired afterwards that he was very hopeful of a disagreement. The lawyers moved for a new trial.

The body of Isacher Houseknecht who was supposed to have been murdered at Muncy in February last, was found in the West Branch of the Susquehanna river at Allenwood, the first station below Montgomery, on Sunday evening last. A young man by the name of Troxel of Allenwood discovered the body and was in the act of pulling it ashore when A. D. Updegraff of Watsonstown came along and seized it and towed it down the river to his home. The body was well preserved, considering the time it was in the water. In his pocket was found his watch and pocket-book. The latter containing \$12, and a receipt. The body was identified by immediate friends, who took charge of the remains after the inquest was held.

Mr. C. W. Champion and Miss Ada Frutchey, have established a dress makers shop over D. E. Mingo & Co. store, Dushore, Pa. Competent judges of sewing pronounce their work as good as the best.

Rev. A. D. Edgar. Abraham D. Edgar, was born April 18th, 1817, in the town of Huntington, Luzerne county, Pa., and was converted at a meeting held in that town. The meeting was held in the bounds of the Baltimore Conference and conducted by Rev. David Steel.

At the first opportunity he joined the M. E. church which gave him a helping hand. About six years afterwards at a camp meeting conducted by Rev. Clark A. Smith, held at Muncy Creek, he received a greater baptism of the Holy Spirit's power than he had ever felt before.

He received his first license to exhort in 1839, signed by Rev. John H. Wallace and his first license to preach was authorized by a quarterly conference held at Henrietta and signed by the Rev. John Copeland, presiding elder of the Rochester district July 2d, 1841. He was at the time devoting his time to study at Sima Seminary, preparatory to the work of the ministry. He was employed for three successive years by Jonas Dodge, presiding elder of Seneca Lake district.

In the regular work his first appointments was in 1842, Loyalsock junior preacher, followed in 1843, Cherry. He continued after filling these appointments for 32 years in the regular service filling important appointments in western New York and twice after located in Bradford county. In 1876 he was placed on the Superannuated list, but did not altogether retire from the work of the ministry.

His death occurred Nov. 2d, 1892, when 75 years of age. Rev. Edgar spent much of his early life in this county. His mother married for her second husband Mr. Converse, and his brother Andrew Edgar being a well known citizen of Davidson township.

From the records of the Loyalsock and Cherry circuits we find that at a quarterly meeting, held June 29th, 1844, he was there recommended to the traveling connection, and the following names appear among the official members of the conference: Thomas Chambers, David H. Goodwin, John Rogers, John Boyle, John Molyneux, Joseph Grange, Tobias Little, John P. Little, Enoch Worthington, Jonas Bedford, Joseph Hoffman, Absolom Carr, Amos Haverly.

The writer is very desirous to present a brief but comprehensive history of all the church organizations that have existed in the county and especially to give as full a statement as can be found relating to the ministers who first engaged in the work on this field.

Notice!

On account of the destruction of the Philadelphia & Reading Railroad Bridge at Muncy, there will be an interruption in Railroad business for a time and our merchants are advised to have their shipments from New York made over the L. Passenger connection is made at Satterfield for New York and Philadelphia via Towanda and Wilkes-Barre. Train No. 25 makes close connection at Satterfield for Wilkes-Barre and arrives in Philadelphia at 8:37 p. m. and in New York at 9:23 p. m. Hughesville, Pa., May 23, 1894. BENJ. G. WELCH, General Manager.

Judge Savidge of Sunbury refused last week to issue naturalization papers to a Poland who bore a shady reputation. The Judge did what was right. There are entirely too many of this kind of cattle being made citizens. All Judges we are sorry to say, do not look at this matter in the light that Judge Savidge does, and for this reason the responsibility of making American citizens should be shifted to the United States Courts.

Linburger cheese laid away in boards and refrigerators will drive away ants. It will do much more; it will drive a spike through a brick; it will drive a hog out of a tan yard; it will drive a tramp away from a meal of vitals; it will drive a mule through a barbed fence; it will drive a herd of cattle over a precipice; it will drive a negro away from a chicken roost, or a man into insanity who stays five minutes within ten feet of its unsavory presence, and some men will set up and eat the stuff and profess to like it.
