The Altoona bank cashier, who skipped recently, was liberal. He left \$3,000 in the safe.

Everybody is trying to convince everybody else, how little he knows about the tariff question.

Tuesday was a cold day for the Democrats, but the 6th of November will be a colder one.

Geese splits, if half of our politicians were as knowing before a convention as they are, after the ball is over, what an intelligent lot of people we would have in our midst.

The man who says farming doesn't pay always has time to prove it in a loud tone of voice, while the man who knows it does pay, is usually too busy to say much about it.

We placed nineteen new subscribers on our subscription book, Monday. They were addressed to us by one of our agents residing in the Northern section of the county.

American wool has no friends in the Democratic party, but its former champions will avenge it by getting very strongly and sharply into the Democratic wool on election day.

We noticed that several of the old time Democrats of Laporte twp., were not in attendance at their delegate election, on Saturday. Good. This has the appearance of a turn in the right direction.

Cards are out announcing the marriage of Mr. S. E. Worthington of Eagles Mere and Miss Mame M. Fulmer, to take place at the bride's home near Muncy Valley, on Wednesday, September 5th, 1894.

That Monroe H. Kulp is a sure winner for congress there can be no doubt. At the mention of his name in the Northumberland county Democratic convention there was great applause, and one of the delegates declared he would get 3200 majority in Northumberland county.

The Democratic ticket placed in nomination Tuesday, is said to be strong by some people and by others it is said to be the weakest ticket possible to nominate. You can take your choice of these predictions. The true facts will not be known for some time to come. November 6th will reveal the secret.

We address several sample copies of the REPUBLICAN to individuals throughout the county, this week. Our paper, though, does not contain as much reading matter as usual, owing to new advertisements. Notwithstanding this, you will find it the newest paper published in the county. Subscribe, only one dollar a year.

Democrats and Republicans, if you want the good times restored of only a year ago, elect Republican Congressman, Hon. Monroe H. Kulp of Northumberland county is our candidate and every voter in the district should give him their support. He don't favor free wool by any means.

A party of middle aged people of Eagles Mere, while visiting Lake Mokoma recently, was favorably impressed with the Mokoma Pavilion and contemplate leasing it for a grand party of Meere people, some evening in the near future. They say a building of this kind should be constructed over there. A building like ours would be most too expensive for the Meere.

There was considerable of a breeze at the Democratic delegate election in Laporte borough, Saturday. The fight was over Congressman. P. Connor's friends headed by Frank Gallagher, did their best to carry the delegates for Mr. Connor, but Mr. Buckeater's friends were (five) in the majority, and Patsy came out second best. This surely must be humiliating to Mr. Connor.

On the 12th of Aug. there was no preaching in the M. E. church because of "Camp Meeting," but on Sunday Aug. 26, there will be Divine Services in the morning at 11 a. m. and 8 p. m. at Laporte. The Rev. O. H. Albertson will preach. All are welcome. Let the house be filled.

On Sunday Sep. 2nd, preaching at Nordmont, morning and evening. By order of Pastor, E. S. LATSHAW.

The Sullivan County Republican Standing Committee met in Laporte Saturday and endorsed Frank H. Ingham for Senator in this district. Mr. Ingham is a bright young lawyer of Laporte, having been admitted to practice law at the bar of the several courts of Sullivan county for the past seven or eight years. Frank is a good Republican and is competent in every respect to fill the office to which he aspires and should the District Conference choose him for our candidate, they will make no mistake.

Normal Institute is in progress at Dushore with over ninety in attendance. Of this number about seventy-five are teachers. The others are advanced pupils from the schools of Dushore and Cherry. The work of the institute consists of a brief review of the branches of study included in the common school course. As there are only eighty-seven schools in the county it will be noticed that nearly all of our teachers are in attendance. As attendance at this institute is entirely optional with the teachers, it speaks well for their earnestness and desire for improvement.

B. WORTH JENNINGS. REPUBLICAN NOMINEE FOR MEMBER.

B. Worth Jennings was born in Pittston, Luzerne county May 4th, 1862. He is descended from a race of men who have been engaged in farming and lumbering in the Northern part of Pennsylvania since the year 1800. In 1820 his grandfather William Jennings was a workman in the woods near Hazelton, Pa., after this he bought a farm and grist mill at Mehoopany, Wyoming county where he resided until his death in the year 1865. Jenningsville, Wyoming county, was named after him.

B. Worth Jennings came to Sullivan county in 1881 when he was 19 years of age. He and his brother C. H. Jennings commenced the lumbering business near the place now known as Lopez. At that time no industry had been started there and the Jennings Bros. who had made their venture in this new field with small capital, were compelled to work not only with their brains, but with their hands. Worth, the subject of this sketch, worked as a teamster and guided many loads of bark and lumber over the rough roads of the county of his adoption.

With the building of the Railroad from Bernice to Lopez, the Jennings boys erected a new and modern saw mill there. They have built log Railroads connecting with the L. V. R. R. at Bernice and have now at Lopez, one of the best saw mills in the state which will not fear comparison with the best at Williamsport or DuBois.

Jennings Bros. have made their improvements of a permanent character. In addition to building some 20 miles of Rail Road they have still on hand over 20,000 acres of forest not yet touched by the axe. All this bark and lumber will come to Lopez and be manufactured there.

The character of the Jennings boys is shown by the nature of their improvements. Everything is solid and lasting and not built for a day. Both, B. W. and C. H. Jennings are married and their wives and families reside at Lopez.

Worth is well known to many of our readers. He is a frank, fearless and outspoken man. No one doubts his position on any subject. He has been a School Director and Justice of the Peace for the past six years. In these positions he has shown his zeal for good schools and his fairness as an arbitrator. His schooling was obtained in the Kingston and Bloomsburg schools. Since he was 17 years of age Mr. Jennings has been in business and with the exception of two years his entire business life has been spent in Sullivan county. During that time no bark or lumber jobber in his employ has ever complained that he was not fairly treated and fully paid. At the present time over 200 men are employed by the Jennings Bros. and their payroll for the month of July was over ten thousand dollars. They paid nine hundred dollars county tax for the year 1893.

Those who know Mr. Jennings know how well fitted he is for any public position requiring intelligence, honesty, energy and ability. Those who do not know him personally can rely on the record above set forth. He is one of the pioneers in extensive business operations in this county, one who has invested his money, his brains and his muscles in the developments of this county, one who has employed labor and paid for it, one who knows the wants of the people and has the intelligence and the ability to successfully meet their requirements. If elected to the office of Representative he will be a faithful and honorable servant of the people. He is a large employer of workmen and has been a day laborer himself, and he fully appreciates what is due to the bone and sinew of the country.

Mr. Jennings has always taken an active interest in all plans for the developments of this county and has been a liberal contributor to every new enterprise. He is a director of the Dushore Driving Park and has been a director of the Dushore National Bank since its institution.

Mr. Jennings has always been a Republican believing in a tariff for the protection of labor, and that wages in this country should not be leveled to those paid in foreign countries. On national questions he can be relied upon to oppose free wool and lumber. On local questions, Mr. Jennings has always been liberal, believing in the policy that the best men should be selected for local offices and that in choosing an official the question should not be— is he a Democrat or a Republican, but is he fit for the office he seeks.

Without further referring to the public record of Mr. Jennings, it is safe to say his private character to the testimony of the 200 men who are in his employ and who daily meet him and know how thoroughly, honorably and square dealing is his private life.

COMPULSORY EDUCATION.

State Superintendent Schaffer to Move in That Direction.

Nathan C. Schaffer, State Superintendent of public instruction, said in Pittsburg the other day: "In my next report to the Legislature I will ask for a school census, which will be the first step for compulsory education. I will ask that assessors be instructed to inquire as to the number of births in families and in this way the county authorities will know the age of children and whether they should be in school. I will recommend that all schools be closed in districts where the population has so decreased that there are but a few scholars in each school and that the State provide transportation for the pupils to the nearest schools."

The County Commissioners, Farrell, Litzelman and Webster, met in their office at Laporte and awarded the contract for the heating apparatus for the new court house building on Wednesday. The Commissioners adopted the hot water system. There were nine bidders. We give below the names of a few of them and their price:

W. J. Kennedy, representing Russell, Wheeler & Co., of Utica, N. Y., bid \$2,200; E. F. Colvin, of Milton, Pa., local agent of H. B. Smith & Co., N. Y., \$1,958; George C. Jackson, \$1,900; Samuel Cole, Dushore, local agent, representing The American Boiler Co., \$1,630; H. B. Smith & Co., N. Y., represented by J. A. Connolly, \$2,000. Mr. Connolly was awarded the contract.

Laporte is steadily improving in many ways. Our mechanics and laborers are all employed. Many dwellings are being erected and more are to follow. Our people are enjoying remarkably good health. The death rate for 1894 has not been in the extreme, yet we can not say it has been low. Our merchants are carrying a large stock of goods in their various lines, and are doing a good business. And from a pleasure point of view we do not remember a year when so many picnics and excursions have visited us. Our people have every reason to believe that the dark cloud has passed over Laporte and that it will boom yearly.

We received several letters the early part of this week, of parties residing in the Western part of the county, desiring to know at what time the excursion train would pass Laporte en route to Niagara Falls, on Saturday next, and rates. We could not give the desired information as the Rail Road officials had not given them to us. Wouldn't it be advisable to publish time tables of excursions of this kind in the newspapers and give the people an opportunity to see what is going on? A few dollars paid the poor printer for work in this direction would materially fatten the pockets of the Rail Road officials.

William Tonstall of Bernice, has got an idea in his bonnet that the people want him for Member, and is about to announce himself a candidate on the Populist ticket. Now just how William can get on the Populist ticket, without a convention of that party, we can not perceive; but the movements of the Populist is a trifle peculiar and Mr. Tonstall ought to know his business. He says he don't mean to make it a boodle campaign. This is good for all concerned, and especially William.

Certificates of nomination and nomination papers of legislative candidates are being filed in the office of the secretary of the Commonwealth at Harrisburg for various districts of the State. In nearly every case these papers are liable to be declared invalid on account of a mistake in the designation of office. It should be "representative in the general assembly," but with few exceptions the office is designated "member of the legislature" or "for the assembly." Our friend Mr. Wm. Tonstall, will please take notice.
