

THE REPUBLICAN.

W. M. CHENEY, Editor. FRIDAY, SEPTEMBER 14, 1894.

REPUBLICAN NOMINATIONS.

STATE. For Governor. GEN. D. H. HASTINGS, Centre Co. For Lieutenant Governor. WALTER LYON, Allegheny County. For Auditor General. AMOS H. MYLIN, Lancaster County. For Secretary of Internal Affairs. GEN. JAMES W. LATTA, Philadelphia. For Congressman-at-Large. GALUSHA A. GROW, Susquehanna Co. GEORGE P. HUFF, Westmoreland Co. REPUBLICAN COUNTY TICKET. For Congress. MONROE H. KULP, Shamokin, Pa. For Senator. C. E. GEYER, of Columbia County. For President Judge. E. M. DUNHAM, Laporte, Pa. For Member. B. W. JENNINGS, Lopez, Pa. For Jury Commissioner. Z. E. KILMER, Shunk, Pa.

It was rumored in town on Wednesday evening that Mr. Buckalew had received the democratic Congressional nomination. This was not correct. Up to this date Thursday the conference has made no choice.

Steak for Congress. A petition is being circulated and signed by the Democratic friends of Charles T. Steck, of Shamokin, asking the conferees of the Seventeenth district, on account of the evident impossibility of their efforts to unite in the choice of any of the gentlemen so far considered by them as candidates for the congressional nomination to earnestly consider the advisability of placing the gentleman on the ticket.—Shamokin News.

Tobacco manufacturers of Reading are greatly disturbed over the latest ruling of Secretary Curless on the Wilson bill provisions. They say if the ruling is not modified they cannot sell leaf and other tobacco to small manufacturers, and that they will be compelled to discontinue that business. The ruling requires that all tobacco sold in small quantities shall be regarded as manufactured tobacco and stamped at the rate of 6 cents per pound. This they regard as unjust to their patrons.

The Democratic Congressional Conferees of this 17th District met in Sunbury on Tuesday of last week and organized by the election of Mr. George W. Miles of Montour county President. After several ballots they adjourned until the following day when after an unsuccessful attempt to nominate a congressman they adjourned to meet in Danville on Monday Sept. 10th at 1 o'clock. The vote on the last ballot stood 4 for Buckalew and 4 for Steinbach. The conferees of Sullivan are J. W. Flynn and A. L. Smith.

The 24th annual Fair of the Muncy Valley Farmers' Club will be held on the grounds of the Club in Hughesville, on Wednesday, Thursday, Friday and Saturday, Sept. 26, 27, 28 and 29th 1894. The management is doing all in its power to make it the best Fair ever held by the Club. Besides the horse racing which promises to be unusually interesting and exciting, the famous Jim Kid's Wild West Show, composed of Indians, cow boys, &c., and numerous other attractions have been secured. The Wild West Show will give from two to four exhibitions every day of the Fair. The agricultural and stock displays will excel those of any previous exhibition, and special attention will be given the home department making it unusually attractive. This is the only Fair in Lycoming county. Excursions on all railroads. Remember the dates September 26th to 29th inclusive.

Wedding Bells.

A very pretty wedding was solemnized at the home of the bride's parents, Mr. and Mrs. Wm. Fulmer, near Muncy Valley, on Wednesday Sept. 5. Miss Mary Mable Fulmer and Mr. S. E. Worthington of Eagles Mere were the contracting parties. At "high noon" the bridal party advanced, to the front verandah, where the ceremony was performed by Rev. A. D. McClosky of Proctor, the guests witnessing the marriage from the lawn.

Miss Elizabeth Taylor of Muncy Valley and Mr. Alvin Fulmer, brother of the bride, were respectively bridesmaid and groomsmen. After the numerous congratulations and best wishes of their friends, all repaired to the dining room, where a sumptuous repast was served.

About fifty guests were present, who after a pleasant social time, returned home, wishing Mr. and Mrs. Worthington a happy and prosperous future. To Jackson and Cole.

Answering the article of Messrs Jackson and Cole which appeared in the columns of the Dushore paper some days since, we have this to say:— When the question of heating the Court House presented itself we at once resolved that the question of a few dollars should not and would not stand in the way of placing the very best article the market afforded. We were not familiar with the different and best methods of heating, and decided first of all to avail ourselves of every possible source of information. First of all the different heating firms were consulted, and their opinions carefully considered. We at once learned that hot-water is the most economical, the most durable, and in every way the most desirable. We had in addition to consulting the different firms who represented the heating business, traveled to different points throughout the state, and consulted other County Commissioners and County Officers. In the meantime the parties from Dushore were endeavoring to convince us that Hot-water would prove unsuccessful, and cause us endless trouble, but when they finally saw that hot-water would be the best, they asked us to put in a job for us. How could we consistently consider their bids on hot-water, when they professed to know nothing about it? We are therefore compelled to state that when the gentlemen say that Connolly ONLY favored hot-water, that they "aid" what I fail in every particular. They know Russell, Wheeler & Co. talked nothing else but hot-water, and would not bid on steam. They know that Peter Forve talked in favor of hot-water, and advised it. They know that Colvin is a hot water man, and that Ritz of Sunbury also favored hot-water. They have stated what they must have known to be untrue in this regard what part of their article will you give credence to? We come now to the question upon which they lay so much emphasis, viz:— why was Colvin awarded the contract as against Colvin, there being a difference of \$42, and Colvin being the cheaper. When Colvin represented the very same article. We are here to say that again they have misrepresented. Colvin specified no class of heating, only that it would be hot-water. He did not say in his specification what goods he would use. He is no more the Agent of H. B. Smith & Co. than he is of any other large heating concern. He buys from every concern, where he can suit himself the best and is not the sole Agent of H. B. Smith & Co. Peter Forve, also handles H. B. Smith & Co's goods, but offered us a Dunning Boiler. We can also truthfully state that there is not a specification on file as complete as is the specification of H. B. Smith & Co. they have specified a brick arch, and cast iron bed for their boiler. They have filed a Bond to build the building to 70 Degrees in the COLDEST WEATHER (which frequently means 20 and 25 Degrees below zero in Laporte) where nearly every other concern specified 70 Degrees of heat in ZERO weather. Is not this in itself worth the \$42? Then Connolly has specified his boiler. It is the No. 11 Mercer Boiler, listed at \$647. In fact he has specified every inch of work that is to go into the apparatus, and we know just what we have purchased. We also are comforted by knowing that we have on file in our office the Bond of H. B. Smith & Co., doubtless the largest heating concern in this country, and whose reputation as a heating concern cannot be questioned. As to the price we were not expecting to get something for nothing after looking at different jobs, we concluded that a fair price for our heater would be somewhere in the neighborhood of \$2000, and when we came to consider the bids we found that the best bids ran all the way from \$1,900 to \$2,445. We certainly liked Smith & Co's specification the best, and decided that if they would put in a heater at the price mentioned, they could have the contract for doing so. We then instructed our Clerk to bring Mr. Connolly before us, and it is a great injustice to our Clerk to accuse him of not doing his duty in this matter. He simply acted under our directions and did as he was requested. In conclusion, we desire to assure the tax payers of the County, that as in other matters that have come before us, we have endeavored to keep in view the best interests of the County. We desire now to let the matter rest until the December term of court, when all can see the merits of our new Heater.

Respectfully, GABRIEL LITZELMAN, JOHN J. WEBSTER, JOHN H. FARRELL, Co. Com's.
