

A Great Republican Avalanche.

Free Trade is Dead.

STRONG REPUBLICAN GAINS REPORTED ALL OVER.

Levi P. Morton Comes in by a Big Majority, Pennsylvania True to Protection.

Pennsylvania as usual leads the way to a return of prosperity by rolling in upon the topmost crest of the Republican tidal wave of majorities with a plurality of over 200,000 for Hastings for Governor. The glorious majority for Grow has been eclipsed. All honor to the voters of Pennsylvania.

New York state elects Hon. Levi P. Morton Republican candidate for Governor, by 130,000 majority. Strong the Republican candidate for Mayor of New York city is elected by 40,000 majority.

Ohio goes Republican by 100,000. The Democrats do not elect a single Congressman in this state.

West Virginia—The chairman of the national Republican Com. claims three Republican Congressmen. He also claims that Free Trade Wilson is defeated.

Massachusetts goes Republican but correct figures can not be given at this date.

Connecticut is in line and elects the entire Republican ticket.

Maryland elects four of the six Congressmen a net gain of four. The city of Baltimore will for the first time, be controlled by the Republicans.

Iowa gives 50,000 Republican and the entire state ticket is elected with the exception of Judge Granger and Judge B. I. Sallingier for the Supreme court, whose opponents were endorsed by the Populists. The Republicans elect ten congressmen.

Arkansas goes Democratic. No change in this state. North Carolina is also Democratic. No change here.

New Jersey Republicans elect a majority of Assemblymen in this state, which insures a Republican United States Senator.

Illinois goes Republican by 70,000 majority. Sixteen Congressmen at least and both branches of the General Assembly are elected. This also insures a Republican United States Senator.

Virginia is Democratic but will not have her usual majority.

Delaware is in the doubtful column. The Republicans are claiming it however, and predicts the election of a Republican Governor.

Georgia sends a solid Democratic delegation to Congress. Missouri is also Democratic. Wisconsin gives a Republican majority of 20,000 majority. Colorado elects the Republican ticket by 15,000 majority. South Carolina elects Evans the Democratic nominee for Governor by 18,000 majority. Indiana goes Republican by 60,000 majority. Michigan elected 12 Congressmen. The state goes Republican.

ELECTION NEWS.

Monroe H. Kulp Esq. is elected Congressman of the 17th District over Hon. C. R. Buckalew by over six hundred majority. Following are the figures of majorities received from each county in the district: Northumberland 1800 for Kulp; Montour 300 for Buckalew; Columbia 750 for Buckalew and Sullivan 20 for Buckalew. Making a total for Buckalew of 1070 against 1800 for Kulp. This is not official other than Sullivan county and the result will no doubt vary more or less.

OFFICIAL—Kulp is elected by 925 majority.

For Member, B. W. Jennings, the Republican nominee, is elected by 358 majority, as you will perceive by our election table, elsewhere.

Hon. E. M. Dunham the Republican candidate for President Judge is elected. It was a close call, but Ed got there just the same. The vote in Sullivan county was 273 majority for Dunham and in Wyoming county, Judge Sittser received 244 majority, leaving a balance in favor of Mr. Dunham of 29 votes. This is official.

Many Thanks to Our Democratic and Prohibition Friends.

We thank our Democratic and Prohibition friends for favors shown our candidates on Tuesday, and we feel confident that they will have no reason to regret their actions in the future. The ticket elected is a good one, that we must all admit. The campaign was fought on manly principles and mud slinging took no part in the contest. This must be pleasing to all. The Republican

gain on the state ticket is accounted for by the hard times of the past two years. Our readers will notice by the official table published elsewhere that our Democratic friends only have a majority of 51 on the state ticket. This certainly indicates that Sullivan will in the very near future join the Republican column. What else can you make of it? The Democratic majority has fallen from 394 in 1892 to 51 in 1894. What will it be in 1896? All are welcome to join the G. O. party. Our inducements are—"Protection to the working people and American Industries" No free wool, free coal, free iron ore or taxed sugar will be tolerated by a Republican administration. Will you come?

Snow fell to the depth of an inch or more, Wednesday night, and the hunters are on the war path to-day.

The tone of our paper this week is tame, and we think much more so than the Gazette would have been had the Democratic ticket been successful. We made this promise, however, and too, we are a little differently situated from the Gazette. We are 51 in the minority.

Miss Olive Barrows and Miss Ione Mason, both little girls at the age of 6 years, visited the election house on Tuesday and presented the Judge of Election with Dunham ballots. The presence of the girls was welcomed by the house and showed the esteem in which Mr. Dunham is held by the people of his home.

The boys of town gave a salute in honor of Mr Dunham's election, on Wednesday evening. On hearing the cannonading, we took especial pains to go and look over the crowd and observe if there were any voters among the list, and found them all to be young men and under the age of twenty-one. There will be no Republican demonstration at the county seat.

Thanksgiving Day.

Governor Pattison has issued the following Thanksgiving proclamation:

"In grateful remembrance of the Supreme Lord of the universe, who is the dispenser of life, health and happiness, to individuals and nations whose infinite compassion and goodness have been manifested during the year that has passed by multiplied benedictions, and whom we pray of His infinite mercy to vouchsafe His blessing in time to come.

"Now, therefore, I, Robert E. Pattison, governor of the Commonwealth of Pennsylvania, in conformity with the recommendation of the President of the United States, and the uniform custom of our Christian communities, do recommend Thursday, the 29 day of November, in the year of our Lord one thousand eight hundred and ninety-four, as a day of thanksgiving and prayer. On that day let all secular business be suspended and let the people assemble in their usual places of worship, and with prayer and songs of praise devoutly testify their gratitude for His goodness and His wonderful works, and so make known that we forget not all His benefits, and let there also be on this day thus set apart a reunion of families and friends, that the love for home may be strengthened and the spirit of good will increased. Let us not forget to crown the day with deeds of charity and kind remembrance of the poor, bearing in mind that 'Blessed is he that considereth the poor.'"

There is no medicine so often needed in every home and so admirably adapted to the purposes for which it was intended, as Chamberlain's Pain Balm. Hardley a day passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly relieved and the oedema in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen which can only be done when the Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved with paying a doctor's bill. Procure a 50 cent bottle at once and you will never regret it. For sale by Dr. Hill, Laporte, Pa.
