

The N. Y. Weekly Tribune and Sullivan Republican for \$1.25 One Year \$1.25.

And it snowed. Profoundly pleasing. Winter is coming this way. Christmas will soon be here.

Election passed off very nicely in this district. The Czar of Russia, died on Thursday Nov. 1st at 2 p. m.

With election over, everybody can look after their own business. Free trade is no longer a factor in politics. It was snowed under.

Congress will be Republican. A just condemnation of free trade. J. W. Ballard of Laporte, was doing business in Scranton last week.

The bell for the new Catholic church has arrived. It is said to be a very good one. The heavy rain on Friday night last, raised the Loyal Sock to mad-dened pitch.

Landlord McKibbins and wife, of the Commercial Hotel, made Wyalusing a visit on Tuesday. E. A. Tripp has laid a new walk in front of his dwelling. Eugene is always up with the times.

Charles Lee, proprietor of the Lee, show of Canton, contemplates traveling by rail, next season. Stewart Chase of Laporte, is now proprietor of the mail route between this place and Forksville.

Court will convene on December 10th. There are fourteen cases put down on the trial list for trial. Thanksgiving comes on November 29, and the president's proclamation was issued on Wednesday.

The campaign of '94 is over, and it certainly is apparent that the Hill is not much of a mountain after all. Election Day brought with it re-pudiation of free trade, theoretical fallacies and the Democratic administration.

Hon. E. M. Dunham, received a handsome home vote, on Tuesday, for which he extends thanks to his many friends of Sullivan county. The people of Troy are proud of their new court house. The people of Sullivan county, will be proud of our new court justice building, when it is completed, too.

The REPUBLICAN can give a complete and official table of the result of election, elsewhere. The REPUBLICAN is always first to give the news of the county. Subscribe.

The farmers are busy husking corn. They report the crop not up to the average. The prolonged rain in May, and the drought in mid summer did much damage to the corn as well as other farm crops.

A breakage occurred about the machinery of the Laporte tannery, on Monday. Supt. Flynn hopes, however, to make it good this week, hence the tannery will not be shut down but a few days in consequence.

A wash-board factory and a mangle factory will be established at Stonetown, in the very near future. We congratulate our neighbor town in securing these industries. May they add many more to the list.

A new kindling wood factory is talk-ed of at Lopez. We understand that the parties concerned have selected the site upon which they will build the enterprise. Lopez is the only manufacturing town in the county.

With wheat selling at 54 cents per bushel, our baker should reduce the price of bread in proportion. The price remains the same as a year ago, three loaves for 25 cents. This is entirely too much and our people should bolt on the price.

Through the columns of an exchange a scientist is trying to get up a scare that kissing is unhealthy. As long as there is a man and woman left on this mundane sphere this desirable custom will prevail, no matter what the result may be. How about this Professor?

On Saturday November 17th, at 10 o'clock a. m., an administrator's sale of the estate of Cyrus B. Miller, late of Davidson twp., will take place upon the premises of Dr. J. H. Rothrock, in the village of Stonetown. There is a long list of personal property to be disposed of, consisting of horses, harness, wagons, farming utensils and farm products.

The REPUBLICAN did much to accomplish the result of Tuesday, and we feel very much elated over the out come.

Our Dushore contemporaries made wild guesses on the result of the state ticket in the county. The Review said 350 Democratic and the Gazette 250. The correct figures are 51, which is the smallest Democratic majority ever given at a general election in Sullivan county. The boys are joining us, you had better come too.

Lycoming county in the Republican column. She gives Hastings 327 majority and elects two Republican Members—Collins by a majority of 296 and King by 387. Rutter of the Mail and the Dem. nominee is elected over Kilbourn the Rep. nominee. Rutter's majority is 384. Leonard the Rep. nominee for Congress is elected. Cooran the Dem. nominee for Senator is elected.

Our people will no doubt be pleased with the appearance of our new court room. It certainly is a pleasant and a handsome room. The ceiling was completed this week and the workmanship of the same is complimented very highly by all who visited the new structure. The moulding along the out edges of the ceiling and over the Judge's desk is very artistically done and attracts the eye on entering the room. Messrs. Levi Whitman and J. W. Blint, both of Williamsport, were the contractors of this work and have proven themselves experienced and first class workmen.

Only Women Voted. SAN BERNARDINO, Cal. Nov. 5.—The first election ever held in this county at which women only cast a ballot for candidates for county and state officers has been held in Southern California, and French, the Prohibition candidate for Governor, is probably elected. The movement originated in San Bernardino two months ago.

"For God and Home and Native Land," was the motto everywhere in sight about the polling booths. About 20,000 votes were polled, almost all the ballots being scratched, although the Prohibitionists and Populists received many more votes than the old line parties. To prepare their ballots in two cases, it required forty minutes. The best time made by any female voter was twelve and a half minutes. Several disturbances occurred at the polls because some ladies demanded the right to delve in the ballot boxes and fish out a ticket which had been voted to make desired corrections. When the judges demurred to this there were some exciting scenes and an interchange of harsh words. The count of the ballots is not yet complete. The women will work tomorrow for tickets successful in their own election.

Teachers' Local Institutes. The Teachers' Local Institute for Fox, Elkland, Forks, Forkville and Hills Grove will be held at Forkville on Saturday, Nov. 24th; for Dushore, Cherry and Colley, at Dushore on Saturday, December 1st; for Laporte, Laporte Twp., Davidson and Shrewsbury, at Stonetown on Saturday, December 8th. The following topics have been assigned: Using the Dictionary; J. L. Hoagland, Elsie Forbes, Anna Karge. How to Awaken a Taste for Good Literature, F. H. McGuire, H. J. McAllister, Thos. Gallagher. Suggestions on Teaching Penmanship; A. F. Hess, Julia M. Cronin, Jennie Roach. Methods of Teaching Orthography, Cora E. Battin, J. Lyman Snyder, Harriet E. Grim. How to Develop Expression in Reading; Emm Hoffman, Belle McLaughlin, Jennie Vaughan. Character, Objects and Effects of Proper School Discipline; H. E. Emig, J. H. Thayer, O. L. Davis. Essentials and Non-essentials in Teaching History; I. D. Haverly, M. D. Sweeney, Ella Sweeney.

Papers will be read as follows: Life and Work of Pestalozzi, Mary Clarke, Endora Weisbrod, Anastasia Lusch. How to Teach Politeness and Good Manners, Ettie Randall, Mrs. Sweet, Linda Lawrence. Busy Work for Primary Pupils, Margaret Stephens, Maud Hayman, Nora McHale.

Drills will be given in the following subjects: Complex Sentences, Phonic Analysis, Longitude and Time, Bank Discount and Board Measure. Sessions begin at 9 a. m. and 1:30 p. m. We expect to have live, enthusiastic meetings and request the presence of every teacher in each district. A cordial invitation is extended to School Directors and citizens.

F. W. MEYER, Co. Supt. Laporte, Pa., Nov. 5, 1894.

"County Roads" makes this suggestion of an aid in making good highways: "Front wheels and rear wheels should not 'track';" make the rear axles longer than the front, tracking wheels produce deep ruts; you never saw ruts at a turn in the road.

The County Commissioners have very wisely, set out a number of nice shade trees in the yard of the county jail. They have also replaced some in the Court House yard.—Danville American.

Our County Commissioners should follow the example of our neighbor officials.

Following a course of events in a friendly scuffle at the barber shop, last Monday evening, Thomas Mahaffey jr. had his head forced through a pane of glass, inflicting an ugly incision on the crown of his cranium. One of the large window panes in the front was broken in a similar manner a few evenings previous. The shop makes a most jolly wigwam for the "Indians."

Another Traveling Swindler.

An exchange warns people against an insurance agent who is going over the country swindling policy holders. His method is to find out in what company certain parties are insured and go to them with the statement that the company which issues their policy has suspended and that he has been employed to assist in adjusting their affairs. He will take great pleasure in transferring their policy to a good reliable company, and in order to do this requires his victim to sign a slip of paper supposed to be a transfer, but in a short time it turns out to be a \$35 note.

While playing upon a moving one-horse lumber wagon, loaded with potatoes, Master Freddie Vincent, of Dushore, met with a painful accident by falling to the ground and before the wagon could be stopped, one wheel had passed over his right arm, breaking it below the elbow. Freddie's pain was excruciating before a doctor could be reached to properly locate the fractured member. There are quite a number of small boys in our town who participate most too freely in jumping on wagons passing through the streets, carelessly unmindful of the seriousness which might result in so doing.

May Sue the Valley.

A New York special to the Philadelphia Press says: It is understood that Mrs. Chas. Cummings, who was born Mary Packer and is the youngest daughter of the late Judge Asa Packer, has retained legal counsel to look after her interests in the Lehigh Valley railroad company.

Mrs. Cummings is the last surviving child of her father, and under his will she is entitled to an income estimated at more than half a million dollars annually. Some years ago she gave up her rights to the sum and agreed to accept \$200,000 per year from her father's executors in lieu of her claims on the estate. This was done because the sum named was sufficient, in Mrs. Cummings' opinion, for requirements. She has no children and only a life interest in the estate.

For many years Mrs. Cummings has been dissatisfied with the management of the Lehigh Valley Co. and affairs have now reached a point at which she feels it incumbent to take steps to look after, and if necessary, protect her large interests in the property.

China for Peace.

PEKIN, Nov. 5.—It is reported that China is disposed to conclude a peace with Japan on the basis of a guarantee of the independence of Corea and the payment of an indemnity, the amount to be fixed by the powers. China has invited the representatives of the powers to intervene to secure peace, it is also said. It is stated that Viceroy Li Hung Chang, instead of taking command of the First Chinese Army, as it was said he had been ordered to do, has been transferred from Tien Tsin to Pekin.

The telegraph line to Port Arthur was out yesterday, probably at the narrow isthmus between Port Adams and Talien-Wan, indicating that the Japanese are within a day's march of the Talien-Wan forts.

Orders have been issued rescinding the projected dispatch of large supplies of rice for the army to New-Chwang. This is due to the fact that the Board of War has abandoned all hope of staying the progress of the Japanese Army in Manchuria. Many Chinese merchant vessels have been placed under the German flag.

The doings of the Ringsters of the Democratic party of Sullivan county, are most gratifying to us, and it is evident that they are the right men in the right place.

LICENSE ACT IS FAULTY.

Marriage License Not Required Until October, 1895.

Attorney William Reardon, in criminal court at Pittsburg on Tuesday raised a point of law which amounts to a legal sensation. He was defending Thomas McQuirk, charged with perjury for falsely swearing to the age of the woman he married, and Mr Reardon moved to quash the indictment on the ground that there was no such offence under the law, as the marriage license was not in force and no license was required to be taken out by parties who desired to be married.

This caused Judge Magee to remark: "Why, Mr. Reardon, you surely don't make such a statement in earnest?"

"I do, your honor, and I can prove it. The marriage license act was passed in 1885, and was amended in 1893. By that amendment, on and after October 1, 1895, parties desiring to be married in this State must take out a license."

The acts of 1885 and 1893 were sent for and read to the court. Judge Magee said that if the act was correctly printed Mr. Reardon was right and the present marriage license law would not be in force until 1895. By agreement of counsel a certified copy of the act was sent for and the trial proceeded.

The point is a new one and if sustained will make Pennsylvania a regular Greta Green, as any one can then be married in this State without a license.

A telegram from Harrisburg states that owing to an error in the transcribing of the supplement of 1893, to the marriage license act of 1885, the supplement does not go into effect until October 1st, 1895. It was clearly the intention of the author of the bill that it should take effect October 1st, 1893, but the transcribing clerk made the mistake of writing "five" for "three," and the result is the delay of two years in the operation of the supplement.

The error was discovered shortly after the Legislature adjourned, but it was then too late to rectify the mistake. The original bill on file at the State Department fixes October 1, 1895, as the date upon which the supplement shall go into effect.

Diphtheria's New Foe.

WASHINGTON, Oct. 25.—The new treatment by inoculation for diphtheria and croup as practiced in France is the subject of a special report to the Department of State by United States Consul C. W. Chancellor, at Havre. He says that by this method of treatment only one out of four diphtheritic patients succumbs, whereas the figure is double for other methods of treatment heretofore employed. Consequently the Consul who is a Baltimore physician of repute, says that it would seem very desirable that the anti-diphtheritic serum should be introduced and come into general use at the earliest period practicable in America, where many thousand children and numerous physician, students and nurses die annually from diphtheria and croup.

The Consul gives in detail a history of the development of the treatment by Dr. Pasteur and his assistant, Dr. Roux, who has been experimenting with it for five years, keeping it secret until they had satisfied themselves of its efficacy and had selected the animal (the horse) best adapted to transform the diphtheritic poison into an anti-toxine.

A trial of the new treatment at one of the largest children's hospitals of Paris resulting in reducing the death rate from diphtheria from 51.70 per cent. to 24.33 per cent. In addition it is stated that children are vaccinated with the serum in close contact with diphtheritic patients. Movements are on foot in different localities to establish auxiliary stations.

The peculiar stone found at Beech Lake is on exhibition at Ferber Bros. In a number of places on it the figures "1683" are distinctly traced and the whole surface is covered with writing which has become so worn that it is illegible. A portion of one line reads "has gone on to" but the name and place cannot be made out. In another place "O'Mares I must die" is plainly carved. The stone is filled with shells and fossiliferous tracings. What a romantic story might be woven from it.—Wayne Independent.

We are told that Mr. Streby, editor of the Dushore Gazette, got angry at some Democratic politicians on election day and did not go to the polls and cast his ballot. Mr. Streby and Mr. Cleveland are on a level in this respect. We did feel, however, that George could take more interest in Mr. Buckleaw than this, but we were confident that Grover was not a bit anxious about Hill.

A Prohibitionist of Laporte voted the state Prohib. ticket and for Farrell for Assembly and for Dunham for Judge. It is evident that this fellow was anxious to be in the winning column.

Advertisements in this column are charged Five Cents a line for each insertion.

LIBERMAN.

The Regular Visiting Optician, of Pen Yan, N. Y.

Will be at Hotel Carroll, Dushore, on November 14th to 17th inclusive. Hills Grove House, Hills Grove, Pa., on Nov. 20 and 21st. For the purpose of testing all defective vision of young and old, and fitting proper glasses. To all who may have peculiar or difficult eyes to fit with glasses, by giving me a call can receive the best satisfaction, without any cost for consultation.

The eye is a very delicately constructed organ, and is easily injured beyond repair. Thousands are injuring their eyes every year by the use of imperfect and improperly fitted spectacles, and I find but very few when using spectacles who are using the proper correction for their eyes. Glasses that are not properly fitted are apt to do irreparable damage. All persons who wear glasses should have their eyes examined at least once a year. I correct all errors of refraction, and fit glasses where glasses will correct.
