Atty. A. J. Bradley has changed his place of abode so far as his office is concerned. He now occupies the office recently occupied by the Prothonotary, in the county office building.

Judge Dunham presided over the Lyecoming county court on Wednesday of last week. He granted a charter of incorporation to the Lyecoming County Centennial Association.

Mr. Ernest Gasparini, an old resident and employe of the Laporte tannery, with his family, moved to Providence R. I., Wednesday. Mr. G. is of Italian birth, but varies very much from the majority of his people who visit the United States. He is a good American and neighbor.

The sociality in Laporte, is not what it used to be. Once, Laporte was looked upon as being a model town so far as sociability is concerned. Of late it has changed and the word and act is hardly known in our midst. It is needless to say that this is wrong and that agreeableness should be preferred by each one of us.

Mrs. Knipe, wife of conductor H. A. Knipe, spent Sunday with her husband at Satterfield.

ADA MEYLER, Sec'y.

This Judicial contest case with the pauper Democratic times we are having, will place Sullivan county in the Republican column in the future. You can't fool the people all of the time.

The Baptist congregation of Laporte, assisted by outside friends, have purchased a new organ for their church. They purchased it of a Towanda firm, and it is said to be a good one.

The most contagious disease is spring fever. The spring sunlight containing germs of this dreadful complaint, has come this way and has captured about half of the town. None are dangerous, however.

Geo. W. Simmons is the owner of one of the prettiest homes in Stonestown, and he with his family enjoys it, too. We wish all of our old soldier boys were as comfortably situated as our old friend George is.

The Wm. Meylert property in Laporte, was sold at sheriff's sale on Saturday. Both the store property and homestead were purchased by Miss Ann F. Meylert; consideration—store property, \$751; homestead, \$350.

We give council proceedings elsewhere. They are interesting and will be read by all of our home readers. It is useless for us to say that our prediction of the position of "Broad View" in council, has been sustained. THE REPUBLICAN is official.

All of the county office holders will be Republicans after next fall. Come over and join us. The Republicans will take good care of you. No bosses in the Republican ranks. Think of the hard times we are having and the good times we were promised by the advocates of Democracy previous to the '92 election. We would not remain longer with a party that brought the price of wool down to 17 cents a pound. Come.

Heretofore the meeting of the Sullivan County Democratic Standing Committee, was considered a big day in our midst. The meeting of this committee on Monday was a complete failure, so far as a large gathering was concerned. We doubt if there were more than six people present from a distance. A few of the Democratic bosses about town were there and gave the audience a few pointers.

Sullivan county only gave 55 Democratic majority at the recent fall election and at the February election 1894 these figures were reduced to 40 majority. This is evident that the old farmers are disgusted with democracy and are joining the party that has an interest in their welfare. The old soldiers too, are flocking to their friends. Sullivan county will go Republican next fall, and our majority will be anywhere from 100 to 300 votes.

Mr. Will Colt, who served as manager of Trexell & Terrell's store at Lopez and Ricketts for several years, resigned said position last week, and has invested in a business of his own in Pittston, wholesaling and retailing flour and feed. Mr. Thos. E. Kennedy of Laporte has accepted Mr. Colt's former position and with his experience in the mercantile business, will do the work assigned him with neatness and dispatch.

Mason to survey the borough limits making a draft of same and make the line in a suitable manner making good permanent corners and showing plainly where the line crosses public highways.

Michael Flynn nominated James P. Walsh for street commissioner. James McFarlane nominated Edward Schrader. A vote was taken as follows: For Schrader—James McFarlane. For James P. Walsh—W. A. Kennedy, Michael Flynn, T. J. Keeler and F. H. Ingham. Jas. P. Walsh having the majority of votes cast was declared duly elected. Wages to be paid at the same rate as last year, viz: 15c per hour for commissioner, 12 1/2c per hour for laborers and 30c per hour for man and team. On motion of F. H. Ingham seconded by James McFarlane it was resolved that the street commissioner be governed by the council. On motion council adjourned to meet on the first Monday in May at the regular time and place.

The following was filed with the Secretary: "Be it remembered that the street in Laporte borough which is now open, and as now opened from the line of my land leading westerly until it connects with the township road which leads down Mill Creek, has been and is now dedicated for use as a public highway. Witness my hand and seal this 1st day of April A. D. 1895. JAMES MCFARLANE.

A Big Oil Deal.

OIL CITY, March 31.—One of the largest deals made in oil property for some time has just been consummated between F. H. Jennings, of Pittsburg, and others and the Ohio Oil Company, a Standard affiliation, by which the Ohio Oil Company becomes the owner of the Kanawa Oil Company, one of the largest producing corporations of Sisterville, W. Va. The purchase includes over 250 wells and a daily production of about 2000 barrels per day. The consideration is not known.

Janitor Young, at the court house, is collecting the pictures of all of the members of the bar with the date of their admission, all of the judges and ex-judges, and all of the county officers and ex-officers. These will all be suitably framed and hung on the walls in the Judges' room.—Wyoming Dem.

It was then desired that the Secretary write to the American Baptist Publication Society for a contribution of \$10 which is a customary offering to all new Baptist Sunday schools. ARTHUR MINER, Sec. Protem.

The New York Recorder says there will be a trolley line all the way from New York to Philadelphia before the year is out and that it is doubtful whether there will be any steam roads at all by 1910.

An Ejected Twin.

BROOKLYN, March 28.—Thomas Nevins, a merchant of this city, died at the Seney Hospital to-day from an operation for the purpose of removing a human mole.

Two months ago the man, who was an athlete, was taken ill. He complained to his friends of having sharp pains in the sides and back. An operation disclosed the presence in his side of a male child eight inches in length and perfectly formed. It was solidly imbedded in the tissues.

Such cases are uncommon. The child, as in this case, is an encysted twin, which remained in his brother's side from birth.

The Judge was Indignant.

HARRISBURG, March 23.—Judge McPherson was indignant to-day over a verdict of not guilty rendered by a jury to-day in the case of the Williamsport Lumbermen's Exchange against Frederick Engle, of Royaltown, for cutting up and using for fire wood, saw logs that had floated out of the boom at Williamsport and lodged on Engle's land.

The evidence against Engle, it is claimed, was direct, even to the identification of marks on the wood he had stored up for use. There were no witnesses for the defence and the defendant did not even go on the stand.

Judge McPherson turned to the jury after the verdict was announced and asked: "Do we understand that you have brought in a verdict of not guilty and direct the prosecution to pay the costs?" The twelve men, good and true, nodded their heads in assent.

"Well, we hope you can satisfy your consciences with regard to it," the Court continued, "for there has been no verdict this week that has so flatly disregarded the evidence."

The Democratic County Committee will meet at the court house next Monday for the purpose of electing a chairman, etc. The Tunkhannock correspondent of the Scranton Rep. is authority for the statement that Mr. Keeler, the present chairman, feels that there is "not that unity in the ranks that tends to foster party supremacy in the future." Mr. Keeler can rest assured that the unity in the Democratic ranks in this county will compare favorably with the unity existing in the ranks of the Democratic party in every county in the Union to-day, and we cannot see how they can change matters in any way at present.—Tunkhannock Rep.

District Court Cases.

SCRANTON, March 27.—John Carr of Towanda Bradford county, was arranged in the United States District Court before Judge Bullington this morning charged with sending defamatory postal cards through the mails. He is a "botanic and electric doctor" and has a Rip Van Winkle appearance. He is considered demented and has a delusion that he has a bill that he wants Congress to pass and imagines certain prominent citizens of Towanda are opposing his efforts. The evidence was overwhelming and he was convicted, but Judge Bullington suspended sentence during good behavior.

Joseph Conrad of Sunbury, was convicted of obtaining a pension by impersonating another man. Like the former defendant he is an old man bent with years.

Card of Thanks.

The members of the Baptist church at Laporte, desire to return thanks to all who have contributed towards the organ, purchased for this denomination, and placed in the Presbyterian church last week.

Mr. A. T. Armstrong of Stonestown who recently purchased the John Hazen grist mill at said place, has put it in excellent repair at an expense of several thousand dollars. The mill is not overly large, but Al will make up for this deficiency by erecting a large storage building. He also contemplates running a switch from the main line of the W. & N. B. to his mill, the distance only being about 250 feet. Mr. Armstrong is urging the railroad officials to make this change. The grinding capacity of the mill is about seven hundred bushels daily. Flour and feed ground in this mill find a ready sale.
