The candidacy of W. J. Lawrence of Dushore, for the Republican nomination for the office of Sheriff is being well received all over the county. Mr. Lawrence is one of the most prominent and best known business men of the county, and his character and business ability are such that assures the people that he would make the strongest kind of a candidate, and a first class officer.

Another bond sale is probable on account of the continued deficits, and the continued deficits are due, as everybody knows, to Democratic tinkering with the tariff.

The Wyalusing Rocket is informed that work on the proposed railroad from Binghamton to Williamsport which is to pass through that village is soon to be commenced again, and that the project is being backed by the Delaware and Hudson and the D. L. & W. roads.

Andrew Edgar of Sonestown, made us a pleasant call, Tuesday. Mr. Edgar was here to testify for the petitioners requesting the village of Sonestown to be incorporated into a borough. There is quite a feeling pro and con relative to the movements of the petitioners in this matter and in consequence there are a large number of witnesses here, at this writing, to testify in this case.

The county seat removal bill, will receive the attention of the members of the legislature on third reading, this Friday. With this bill to an end the people of Bradford county will know whether or not they are to vote for a change of their county seat. It gives the Democrats a pain to think of the proposed Republican ticket, this fall. They think the proposed candidates too good to go on the Republican ticket. Well, it is characteristic of the Republicans to nominate good men, and we are pleased to know that our Democratic friends concede the good qualifications of the two gentlemen spoken of as candidates on our ticket. We shall use their commendable words in the campaign.

Bicyclists Fatally Hurt.

MADRID, May 27.—The bicycle champions, Campos and Lacasa, were terribly injured by a collision during a race yesterday and one of them will die. They were riding together in a tandem race, which they were just about winning, when their opponents crossed their path. The two machines came together with a crash, and the riders were thrown to the ground in a heap. Lacasa was frightfully lacerated in the chest, and is dying. Campos had both arms broken. Our fast riders, especially Judge Dunham and Atty. Ingham will please take warning.

Lycoming County Centennial.

Interest in the coming Centennial celebration of Lycoming county at Williamsport on July 23, 3d and 4th is spreading all over the country that once formed a part of the original county. Every one should lay aside the care of business and pay a visit to the beautiful city of Williamsport during the first week of July and join the patriotic throng that will congregate there. The various committees are making every effort to entertain all who may come. The antiquarian display will be a feature long to be remembered. Within the walls of the exposition building will be gathered thousands of rare and curious articles from this and foreign lands. Lovers of the antique will find a mint of things that will interest them; ancient furniture, glass, china, wearing apparel, guns, watches, jewelry, rare and valuable works of art, relics of the revolution etc. The exhibition will be one that will be of interest to all classes and from all lands; the soldier will find many relics of the late war; the student will find many rare and curious books; the lawyer can look upon documents of great antiquity and quaint wordings; the farmer upon the crude implements of husbandry use in the early days; to those from foreign lands, but who now make their home among us, there will be many treasures from the Fatherland—German, Irish, English, Scotch, Swedes, etc.

All of the railroads leading to Williamsport will give the people reduced rates of fare and make all arrangements for safe and quick transportation to and from the city. All who can should avail themselves of this splendid opportunity to show their patriotism by joining in celebrating Lycoming's centennial.

Make it a point to visit my store before you buy your clothing. Not only will you save money but you'll get larger and better selections, and better goods. We have clothing to suit everybody, no matter how critical, how big or how small, even as large as a 34 inch breast. Jacob Per's Hughesville, Pa.

We know that the people of Sullivan county are well satisfied with the record of our Representative in the State Legislature, Hon. B. W. Jennings. He is a faithful member, and can always be found at his post. His vote is uniformly recorded on the right side. No member from this county for years has taken the pains to find out the wishes of his constituents that he has, and no member has ever, when he has ascertained the will of the people, been more willing to carry it out. We do not recall an instance, on any important question of legislation, in which his vote will not be heartily indorsed by a great majority of our people. We know of no better man in the county to succeed him in the next Legislature than Hon. B. W. Jennings, himself.

T. J. Keeler can fit you out with Boys, Youths and Mens ready made clothing at bottom prices.

"Dead" Says Hewitt.

Abraham S. Hewitt of New York was one of the leading Democrats of this country. He was formerly Mayor of New York city and upon different occasions his name has been canvassed as a possible candidate for president. He is now in London where he was recently interviewed by a reporter. The following dialogue took place: "Do you regard the political situation as favorable to the Democrats?" Hewitt replied: "I do not. It is my opinion that the democratic party is dead and has no show whatever before the country. As I told somebody the other day, it needs a new birth. It must be born again."

Congressional Reapportionment.

Under the scheme of congressional reapportionment, the fifteenth congressional district is to be dismembered. Susquehanna and Lackawanna together are to constitute the twelfth district, and Wayne is to be linked with the present eighth district; while Bradford and Wyoming are to be joined with Sullivan, Lycoming and Union—making a district solidly Republican.

T. J. Keeler can fit your boy with a suit of clothes from \$1.25, up.

Married.

When the boys came home from the war. Molyneux—McCarty.—In Elkland twp., at the house of the bride's father, Dec. 27, 1895, by Rev. D. Baker, Mr. Joel L. Molyneux, of Millview, and Miss Elvira M. McCarty, of Elkland twp., Sullivan Co. Joel, old comrade, your marriage notice comes late, but none the less welcome for that. We wish you a long life and a happy one. Here's our best wishes.—Free Press, JOHN BREWSTER, Editor.

Escaped Convict.

Bert Jones, the convict who was placed in our new county jail in February last, charged with forgery, escaped from our new castle for correction on Saturday last. His freedom was gained like this: The prisoners, four in number, are only confined in steel cages at night time, and during the day the cages are thrown open and they are allowed to go about and enjoy themselves, in both the female and male wards. On Saturday by request Mrs. Sheriff Mahaffey gave Jones some newspapers and thoughtlessly left the dinner door unfastened through which she had handed the papers and passed into the front room of her department. Jones took advantage of the open door, which is, perhaps 20 by 24 inches in size and made good his escape. He passed through the kitchen of the Sheriff's department and out the east door and over the hill back of the cemetery. The remaining three prisoners gave the alarm but before the Sheriff had been acquainted with the "slip," Jones had hid himself in the forest east of town.

A number of men went in search of him, but at this writing he is still enjoying his freedom.

Jones is the man who forged the names of B. Meeker of Dushore and Clint Lawrence also of Dushore on checks and successfully negotiated both papers. The check of \$17 forged on Lawrence he passed on Meeker for a silver watch the price of which was \$11, the balance \$6 was given Jones in cold cash. The other check forged on Meeker was given Lawrence to offset a board bill.

Following is a description of the escaped convict. Owing to his unusual height he is thought to be an easy sucker to catch:

Height—6 feet, 7 inches, dark hair and complexion, slim built, age about 28 years, had on dark coat and vest, blue overalls, slouch hat and gum boots.

The judicial contest court adjourned on Thursday of last week and will convene in Tunkhannock on Monday, June 17th, when the court will hear the Wyoming story for the contestants. If it don't show up more favorable for the Sittserites than Sullivan has, we would suggest that brother Day call a halt of the proceedings. On Tuesday June 25, the judges will sit in Laporte and take up Judge Dunham's side of the case, when it is believed that a whole lot of Sittser votes will go down to the bottom of the sea, and a number of boodlers will meet their fate. The alleged Republican boodlers of Sullivan county were on the witness stand Wednesday of last week and proved their skirts as white as a January snow; not a single iota of evidence relative to illegally paying out money, was proved against them. We sincerely hope that the boodlers on the other side can equally sustain their movements in this direction, when they are called upon the stand. We are given to understand that the boodlers both in Sullivan and Wyoming on the Sittser side, will be given a thorough examination and the questions will be equally as piercing as were those asked by Mr. Piatt on Wednesday. It is believed that we have the evidence to prove the charge. In this respect the Sittserites were, as Judge Rice remarked, on a fishing expedition.

Thus far the Sittserites have accomplished nothing and it is folly and nonsense to say otherwise. It is a rank shame that the people of Sullivan and Wyoming counties are called upon to pay the exorbitant bills that will follow. From the general opinion of people in this vicinity, it is believed that Judge Dunham will continue to preside as our Judge and that his majority will, owing to the contest, be increased a hundred or more votes.

The Tunkhannock Republican will not publish the list of names of persons charged by the contestants with having used boodle to encompass the defeat of Judge Sittser. It can profit from the ill-received publication of the list of persons charged in the Dunham bill of particulars. There has been no proposition upon the part of the Dunhamites to begin prosecutions on a dozen or more cases, when they have in their hands the proof positive which will convict. They are trying to avoid this course of procedure. The contest opening over here on June 17 promises to absorb the whole public mind and the revelations to be made will be many and of a startling character. But, as remarked once before, the glove was thrown down and it is to be a battle royal to the end, with the chips falling where they may.—Tunkhannock correspondent to Scranton Rep.

To Our Democratic Friends.

If the Democrats of Sullivan county who voted for Kulp last fall will join hands with the Republicans, Sullivan county could be made Republican at this fall's election. It is worth while for thinking, intelligent men who do not approve of Democratic tariff notions to take an active stand with the Republican party in this county. They would be gladly welcomed, given high seats in the synagogue and treated with the best fatted veal in the market. It would only be a short time when the county would be in the hands of the New Republican party. A great many Democrats who voted the ticket are at heart, very tired of the present Democratic management and in the accession of the would-be leaders, they see no relief. Why not then forsake the sinking ship and come to one where there are no rings and no leadership, except as the hour demands. Where all the townships have a fair chance to be heard and a man can get on the ticket, if suitable, without reference to the locality in which he resides?

Now is a good time to come to the Republican party. The past is dead and all the old time issues are buried. The great question of today is, how taxes on imports shall be levied, to give protection or merely to obtain revenue. The Republican party stands fair and square for Protection. If you believe in Protection for all, and are a Democrat, why do you not leave the party which openly says it is for Free Trade? What other pills will you have to swallow if you become a Republican? Well you ought to believe in the support and maintenance of our Public School System as a non-sectarian institute. Also you ought to believe that the American flag flies for a big nation and shall be honored abroad and at home. That is about all. Very likely many Democrats will say, I have believed in these from my youth up. If so, you will have less far to come and in truth the tariff to-day is about the only point of contention and if a voter believes in a Protective tariff he ought to be a Republican. If any of our Democratic readers feels as if there was truth in this article let him declare himself openly and frankly with his Republican neighbors. If a question of office getting stands in your light, be not afraid. We need new recruits and some of you will be captains and we shall be winners in snug and happy little Sullivan.

Ladies, have you seen the new dress goods at T. J. Keeler's. He can astonish you, both in quality and price.

At Philadelphia on Sunday Archbishop Ryan delivered a memorial sermon to one of the many Grand Army Posts of that city. The only feature unusual in connection with this service was the fact that it was the first time on record that a non-sectarian organization attended divine worship in a Roman Catholic church, the memorial sermons having been preached by Protestant ministers. Archbishop Ryan is one of the most gifted men in this country, and as an orator he has few equals in the pulpit. His patriotism and that of his congregation was proven by the manner in which they received their soldier guests, the great cathedral being made resplendent with the stars and stripes. The change will undoubtedly have a good effect.
