

Meeting of Republican Standing Committee of Sullivan County.

On motion it was resolved that we hold the County Convention for the nomination of County Officers and a delegate to the State Convention in the Court House at Laporte on Saturday July 20th, 1895, at ONE O'CLOCK P. M.

Electric Bill Killed.

The most villainous bill that was ever sneaked through the Pennsylvania Legislature was just vetoed by the Governor. It is hardly necessary to explain that it was the Electric Light bill, which was introduced by Senator Hackenberg as a courtesy to his supposed friends, Senator Cochran, of Williamsport, and ex-Attorney General Hensel, of Lancaster.

The intent of the bill was not revealed to the Senator of this district who was kind enough to introduce it, and the apparent friendship between him and his Democratic colleague was supposed by him to be sufficient security against being used other than in good faith.

How the bill got through both Houses is a mystery that no one seems to understand, but when its full meaning and purpose became known it was universally condemned and many good members and Senators are gratified to know that it has been dealt a death-blow by the Governor. The fact is, the infamous measure was planned in the city of Williamsport in the interest of a corporation with monopolistic aspirations and which is a combination of the Lycoming Electric Light Co., and all the electric railway companies and against a small block company known as the Citizens' Electric Company, which has been in successful operation for a short time and run without a charter of incorporation.

This new company started on a small scale on the block system, and their patrons comprise nearly all the business houses in the block in which the Udegraff Hotel and the Gazette and Bulletin office are situated. The office of the Citizen's company is located in the next block north of the one in which their plant is and they run a wire across Third street to connect with the office.

This proceeding did not suit the combine and they immediately opened war on the small concern. They tried through the city council to have the wire removed and as they are not a corporation it seems that the council to have the wire removed and as they are not a corporation it seems that the council could not grant a franchise of the streets for running wires across them and notified them to take it down. By some grace or other, however, the wire is still up and the parties who own the plant are about procuring a charter for the company when they expect to be entitled to fair consideration from council and intend enlarging the plant as soon as arrangements can be procured.

In order to reduce to insignificance the new company and defeat their plans Mr. Cochran and others who are interested in the big company had a blanket bill prepared which would allow no new company to have the right of way on any street or alley that was occupied by another company. Not even would the city or borough itself be allowed to erect a plant for its own use according to the bill. When the purpose of the bill became known remonstrances began to pour in against it from every section of the State. The press was almost unanimous in condemning the iniquitous conspiracy and the Governor has maintained the good will of a vast number of people, including many Democrats, by his prompt action in wiping it out. The bill was so grossly outrageous that Mr. Cochran would not risk introducing it but induced a Republican Senator to do so, that in the event of it being exposed it might be charged as coming from the Republican side of the Senate. However, Mr. Hackenberg promptly laid the facts bare and the public is now familiar with them. Hereafter friendly Senators will be chary of doing courteous favors for Senator Cochran, and the whole Senate will scrutinize any measure that that gentleman in the future may propose.—Sunbury American, July 12.

Only four survivors of the battle of Waterloo are now to be found in Europe. The vast armies of Napoleon, Wellington and Blucher are gone, and it is not on record that in their declining years they ever came in contact with an official like Hoke Smith.

Scythes, rakes, forks, mowing machine etc., at Bodine & Warn Sonestown. Editor Rutter, of the Hughesville Mail, was the victim of some pick-pocket while at Williamsport, on the evening of the Fourth. His pocket-book, containing all his money, his railway passes and some valuable papers was taken while riding on a street car.

Every farmer and lot owner is liable to a fine of \$15 for permitting Canada thistles to grow on his premises. And it is the duty of Street Commissioners and Supervisors throughout the State, to cut and destroy the same where they may be found growing along the public highways. As this noxious weed is prevalent in this section attention should promptly be given to its destruction whenever found.

HILLSGROVE ITEMS.

Morgan Gavitt, of Laporte, was in town last Monday and Tuesday, picking up what Ed. Franke didn't get.

E. E. Mecum is making a tour of the county, and counting his votes for Prothonotary.

There is no "boodle seekers" in Hillsgrove twp., this fall. Contest medicine is sure cure.

The wheelmen of our town are happy now, and are taking advantage of the good roads and weather.

The picnic held here on the Fourth given by the Hillsgrove band, was a grand success. Everybody had a good time, and got gloriously full of ice cream and dinner.

Lewis Gumble of Laporte, spent the week of the Fourth with friends here, as the guest of Miss —, no, H. A. Green.

July 4th at 10:30 p. m. fire was discovered in the tannery bark mill, but was extinguished before any damage was done. It was caused by a hot box while running through the day. If it had not been for the boys it would soon have done great damage to the company's plant. That is the way they (the boys) pay for the 15 per cent. reduction in their wages. "Return good for evil."

The voting "boodlers" of our town was called to Laporte at the last session of the judicial contest, to account for what they done with their boodle and that bottle of hand me down. "Still there are more to follow."

RINGDALE ITEMS.

The apple crop looks favorable in this section.

Peter says "the dog is not cross." James Murray contemplates purchasing a bicycle.

John Walsh is peeling the remainder of his bark, about 400 cords.

G. W. Sanders will have his entire stock sawed in another month.

The last base ball was played on June 23, the bill had 20 to our 36.

Martin Jordan who had his arm badly broken by a stone, some time ago, is improving.

George Karge is erecting a beautiful dwelling house.

Supervisor Wm. Kernan has repaired the county and township bridges near Ringdale.

Mrs. Jacob Broschart is convalescing under the skillful treatment of Dr. Pratt.

Miss Mary Smith of Cherry Mills is developing her musical talents under the instruction of Will Kernan.

Jack O'Donald has moved in the house of the W. & N. B. R. R. Co., by which he is employed. Jack is an experienced railroad man, and highly deserving of the position he occupies.

James Walsh of Dushore has moved to Cherry.

Several of the voters were subpoenaed on the contest.

REGULAR.

SONESTOWN ITEMS.

Haying and harvesting is now here and our farmers are busy, and report a fine crop of both hay and grain.

The Lyon Lumber Company are shipping lumber from this place pretty lively. The E. M. R. R. Co., have also been sending out lumber in large quantities, lately.

Sonestown is now having a large number of R. R. trains each day.

More passengers are now on their way to Eagles Mere each day.
