

REPUBLICAN CONVENTION.

HON. W. C. ROGERS ELECTED DELEGATE TO THE STATE CONVENTION.

He Will Support the Administration From First to Last.

Pursuant to call the Republicans of Sullivan county met in convention at the court house in Laporte on Saturday, July 20th.

The convention was very largely attended. Each precinct was represented by her quota of delegates, and all were anxious to help name the Delegate to our State convention which will convene in Harrisburg on Wednesday, August 28th, 1895.

The weather with the exception of being quite warm, was all that could be judiciously asked for. Delegates and visitors arrived by train and private conveyances from 8 until 12 o'clock. They were indeed a representative body of men, with seemingly lots of business on hand. The candidates and friends arrived at an early hour in the morning, and groups of four and a half dozen people could be seen on most every corner engaged in earnest conversation concerning "who shall be our Delegate to the State Convention."

It was 1:40 p. m., when Chairman Vincent called the convention to order. It was a fine looking assemblage of men, the party having chosen good representatives to do the work of this convention.

Ulysses Bird Esq., of Estella, and A. E. Campbell of Shunk, were elected temporary secretaries for enrollment. With this work done the convention proceeded to organize by electing officers of the convention.

Ulysses Bird Esq., was made President and R. H. Guye of Bernice, and W. L. Hoffman of Hills Grove Vice-Presidents; F. G. Rice of Lopez and A. E. Campbell of Shunk, Secretaries.

With the organization perfected nominations for Delegate to the State Convention was declared in order. Hon. W. C. Rogers of Forksville, and F. H. Ingham of Laporte, were placed in nomination. Ingham withdrew and Rogers was elected by acclamation. Rogers will go to the State convention unopposed, but will vote with the Administration from first to last.

With this business of the convention over, nominations for county offices were in order, but owing to the feeling existing in the convention, it was deemed advisable to postpone this work until some future day. Several persons were placed in nomination for Sheriff, however, but all withdrew and the convention adjourned to meet in Dushore on Tuesday, September 3d, delegates present to hold over and make said nominations and select a standing committee etc.

The delegates are as follows: BERNICE.—Dan Schoonover, R. H. Guye, H. W. Taylor, H. Hampson, and C. B. Watson. COLLEGE.—H. C. Pichard, Royal Scouter and William Allen. CHERRY.—Henry G. Kerosene will take iron rust and fruit stains from almost every kind of goods, without injuring the fabric. Wash the soiled spot in kerosene as you would in water. The spots must be washed in the kerosene before they have been put into soap and water, or it will do no good.

A vein of canal coal has been discovered near Williamsport. It was discovered at a depth of 36 feet while boring for an artesian well. If the vein proves large enough a shaft will be sunk and the coal mined.

Call for State Convention.

The midsummer reports from all commercial centres, to which more space is given than usual, are of especial interest, covering the questions on which the future of business depends. They indicate distinctly better crop prospects than other official or commercial accounts, a marked increase in retail distribution of products, an active demand for goods, and a general enlargement of the working force, with some advance in the wages of more than a half a million hands.

A horse owned by W. A. Kennedy of Laporte, while pasturing in a field close by the railroad track in the second ward, frightened at the locomotive on day last week and jumped the fence and ran ahead of the train to Ringdale, a distance of perhaps 8 miles. The horse in crossing culverts and small bridges fell several times and the train was brought to a halt. The animal was caught at Ringdale and other than a few scratches on its legs, came out of the fracas all o. k.

ESTELLA ITEMS. Chauncey Fuller, one of our genial blacksmiths, serves ice cream to all wanting such refreshments, every Saturday evening.

Ladies Aid, meets at the home of Mrs. I. K. Brown, on Thursday next, George Warburton of Muncy Valley, formerly of Lincoln Falls, was looking after business interests in town, the forepart of this week.

A party of young people from the city of Forksville tried to take in the Falls on Sunday last. Evidently their mothers did not know they were out. Country people seemed to be a great curiosity to them. If their driver goes back to college he better make application to a class where he can learn the A. B. C. of good manners.

Hay is a light crop and the farmers are mostly done in this section. Corn looks fine after the nice rains of the last few days. Sumner Rogers is rejoicing over the arrival of a young son.

The young people gave a surprise party to Artist Hess on Monday evening; it being his nineteenth birthday. They were served with ice cream and cake.

VERDANCY. COLLEY ITEMS. The farmers are at their haying, and the weather is fine. Lightning struck D. D. Deffenbach's store on Thursday of last week, doing but very little damage. Lightning struck Geo. Messersmith's barn; Sunday last, doing very little damage; spoiling one post and taking some shingles off of the roof.

Geo. Landback's barn was destroyed by fire last Saturday morning. Cause unknown. The huckleberry pickers are doing very poorly in this section. A very heavy thunderstorm passed over us last Sunday. Hay and oats are a good crop in this section this season.

Corn and potatoes promise a good yield, also the bicycles run very freely through this town, these days.
