Notice.

Dr. Laird, Dentist, of Muncy Pa., will be at Fairview cottage, Laporte Tuesday and Wednesday, October 15 and 16th, 1895, for the practice of his profession.

Mrs. Anna F. Meylert of Laporte, has recently erected a very pretty railing around her front porch and is treating her dwelling to a coat of white paint. These improvements have added very much to the appearance of her home.

Mr. and Mrs. Russel Karns and Mr. and Mrs. S. B. Karns and daughter Helen, of Laporte, drove to Columbia county Wednesday and will visit old acquaintances in our neighbor county for several days. The party will take in the Bloom fair, Friday and Saturday.

The expression of John Gallagher concerning the old soldiers, published elsewhere in these columns, has caused a feeling in our borough of no little account. A taxpayer remarked the other evening that a petition should be circulated requesting the commissioners to dismiss him from the county's service.

We urge and insist that those of our taxpayers who feel aggrieved at Gallagher's remarks, give us a communication concerning the same for our next week's issue.

We publish in this issue a condensed report of the financial standing of the Dushore First National Bank. Our people will look the figures over with much interest. The bank retains its excellent standing as the resources will show.

The statement is prepared by M. D. Swarts, Cashier, and is attested to, by W. J. Lawrence, the people's candidate for Prothonotary, B. M. Sylvara and F. B. Pomeroy, Directors.

Many Millions in Court.

Before Judge Hanna, in the Orphans' Court, yesterday, there was under audit the account of Elisha P. Wilbur, Robert H. Sayre, Charles Harshorne, R. A. Lamberton and James I. Blesklee, executors and trustees of the millionaire estate of Asa Packer, who died in May, 1879.

Under the rules of court there was exhibited the securities comprising the bulk of the estate's assets. The entire fund before the court was said to be about \$8,000,000.

A large portion of the securities are Lehigh Valley Railroad Company stocks and bonds. There are also other stocks and bonds of railroad companies, bonds of water and gas companies and stocks of oil and iron companies. An adjunction of the account is to be filed shortly.

The people of Sullivan county are fortunate in their candidates this year of grace—1895. The office of Sheriff is an important one, and should be filled by a business man—a man who has the entire confidence of the community in which he resides and who is favorably known for his good citizenship the county over. Such a man is HENRY E. FAWCETT. He is an honorable, upright, conscientious man. A man eminently qualified to fill the position to which he aspires in a way creditable to the people and with honor to himself. His home vote it is said will more than equal that of any candidate Elkland has yet presented and his favorable acquaintance over the county, will give him a farther advantage not to be calculated.

For Prothonotary etc., the people have presented the name of W. J. LAWRENCE, who is eminently fitted for this office. An introduction seems superfluous. He was born and reared in Sullivan county and is termed "the old school teacher." Everybody regardless of politics will give him a hearty and united support on the 5th of November.

Botsford & Newman, general merchants of Nordmont have recently remodelled the interior of their store property and made it convenient in every particular. The store apartment has been enlarged by the removing of a partition in the rear of the room. New counters have been erected and they are very pretty and durable. The boys look after Uncle Sam in that vicinity and have recently invested in a brand new post office case of the latest pattern. The lock boxes are fastened with combination locks, and Mill says they give good satisfaction. The only objection we can conceive of the combination lock, would be in the evening with the light dim, it would be pretty hard to work the combination as quickly as you could place a key.

It was understood that the old soldiers would meet in the court house, Monday, but because of the cold weather and no fire in the building they were compelled to look up other quarters. This was not a very warm reception to the old soldiers, so far as those in charge of the court house was concerned, and the soldiers and citizens felt it, and did not hesitate to express their feelings of the matter.

The above article appeared in the REPUBLICAN last week.

John E. Gallagher, county commissioners' clerk and janitor of the court house, so far as the building of the fires are concerned, and who draws a salary of something like \$60 a month from the taxpayers, took exception to the above article and in his remarks called the soldiers "a lot of old bums."

Is a man of this character fit to occupy a position in our county buildings?

The first flock of wild pigeons observed near Hanover, York county, for a period of over twenty years was seen last week feeding on the mast in Felty's woods, about three miles southwest of the town. The flock numbered a hundred or more, but the birds were very wild and shy and the gunners of the neighborhood were unable to get a shot at them.

There is much speculation and comment in regard to the position of ex-President Harrison in connection with the next Presidential nomination by the Republican party. It has been stated that friends of Mr. Harrison have given out word that he will not be a candidate for that nomination. This may be true, but he has not personally made any such announcement through the press, and until he does so it is fair to presume that he would take the nomination providing the party deems him the most available standard bearer to lead them to victory in 1896.

It would appear that the Dushore Review is the Democratic organ this year, so far as the candidate for Prothonotary is concerned. The boys don't give Strey credit for anything this year. Guess they are afraid to trust him after hearing the evidence in the contest case.

Go to Bodine & Warn Sonestown Pa. for all kinds of general merchandise.

Have you arranged to attend the Dushore races next week? Over one thousand dollars in premiums will be given away and in fact the races will be the best and most exciting ever held in the county. Remember the date, Oct. 15, 16 and 17.

C. S. Horton, of Williamsport, and General Superintendent of the Union Tanning Company, was transacting business in Laporte, Monday. Mr. Horton in company with J. W. Flynn Supt. of the Laporte tannery, drove over to Hills Grove Monday afternoon.

Henry E. Fawcett the farmer's candidate for Sheriff is gaining friends every day. The farmers are interested in his behalf.

Simon Breiger of Laporte, moved to Athens Tuesday, where he has secured a position in the machine shops of that place. Simon is a first class machinist.

To win a wager of \$250, Asa Hill, proprietor of the American House, Westfield, entered a cage of three African lions of the Wombwell show in that village recently. The manager states that Mr. Hill is one of four persons only who has had the courage to enter the lion's den in his long experience in the show business.—Wellsboro Advocate.

T. J. Keeler can fit you out with Boys, Youths and Mens ready made clothing at bottom prices.

M. D. Scully, of Loyalsock, Lycoming county, with his box of snakes, was a feature of the fair at Lewisburg last week. The old gentleman is a "snake charmer" and handles "rattlers" fearlessly, sending the cold chills chasing each other up and down the spinal columns of the spectators as he caresses the reptiles and winds them around his neck. On Friday morning he was giving an exhibition when a cattle snake bit him on the cheek just below the eye. The poison took immediate effect and the man was hurried to town and given medical attention. He was terribly swollen and frothing at the mouth when the physician's office was reached.

A clever trio of crooks struck Waverly Monday. The gang began operation on Broad street, and resorted to the envelope game. They would enter different business places to obtain a \$5 bill for a smaller amount in silver. The silver would amount to perhaps, \$4.50. The crook would pretend to enclose the bill in a sealed envelope. The mistake being discovered in the change he would regain the change and return the envelope supposed to contain the \$5 to the original owner. Of course, the bill was not in the envelope. In at least one case the game is thought to have been successful, as it would elsewhere had Acting Chief-of-Police Beebe not discovered the gang. They, however, escaped across the line into Pennsylvania.—Ez.

The end of the world announced by the German weather prophet, Dr. Falb, to take place in 1896, has been postponed by the doctor owing to unexpected obstacles, until Nov. 13, 1899, between 2 and 4 o'clock in the evening. In this announcement Falb agrees with Brother Philippe Olivarius, of the Citeux cloister in France. According to a manuscript written in 1544, left by the monk, the city of Paris is to be destroyed in 1896, and the end of the world is to take place in 1899. It is strange that these little events are never pulled off according to the schedule.

It is the Law.

"Hereafter," says the law approved June 25, 1895, "all sewing machines and type writing machines, leased or hired by any person or persons residing in this Commonwealth, shall be exempt from levy and sale on execution, or distress for rent due by such person or persons so leasing any such sewing machine, type writer machine, in addition to any such articles now exempt by law. Provided that the owners of such machines or his or their event or the person or persons so leasing or hiring the same, shall give notice to the landlord or his agent that the instrument is leased or hired."

Ladies, have you seen the new dress goods at T. J. Keeler's. He can astonish you, both in quality and price.

For an Adamless Eden.

Dr. Mary Walker, who forty years ago preached the gospel of dress reform to the women of this country and who was arrested in many cities for dressing in public in male attire, is the apostle of a scheme for the bloomer girl. Through lawyer H. C. Benedict, of Oswego, N. Y., she has bought a farm containing 135 acres of land seven miles west of this city and proposes to form a colony in which man shall have no part. Only females who will bind themselves to a life of celibacy while members of the community and to wear bloomers for life.

They will work the farm in all its details, plant and harvest the crops, dispose of them in market and take care of the stock.

They will all live in a large, commodious farm house, for which plans are being prepared. Every member will have her own room. Portiers will take the place of doors. Steam will be employed for heating purposes, and there will be bathrooms and every convenience to be found in a well regulated and modern house.

Notice.

I am prepared to fill orders for Lehigh Valley "Stove" and "Nui" coal at \$4.50 for 2000 lbs. delivered, or \$4.00 from the yard. JAMES McFARLANE, Laporte.

SULLIVAN COUNTY FAIR.

Held at Forksville Oct. 23 and 1. Reported for the REPUBLICAN.

The fair was a success in every particular, the weather perfect and the attendance immense.

WEDNESDAY.

Wednesday was taken up making entries and getting everything in place. John G. Plotts was located in the eating house and dealt out meals at all hours to the satisfaction of the most eccentric. J. G. Meyer, C. B. Jennings, H. W. Thibert, Bender C. Rinebold and ... had groceries ... to be doing a thriving ... Snell and Vorhis of Athens run a hot candy and pop corn stand. There was four large shows on the ground. "The Roman Mystery" seemed to be best patronized, though all received a fair attendance. The "Whip Man" Ira Brister, was there as lively as ever. The Nigger head and ball racket was there as well as the cane board and knife tables, two cigar wheels, two jewelry stands a toy stand and the medicine man taking off warts and extricating teeth free of charge and then selling perfumed corn meal to cure all the ills of life. Last but not least was the over swing which was well patronized by the young people.

The exhibits, though in some departments not as large as former years, all were of the best quality. The display of growing plants and flowers was the finest ever shown in Sullivan county; most of them were owned by Alice Dunham, Eagles Mere. The Ladies Department showed great skill with the needle and crochet. M. ... fine display of furniture. The ... ville Co., showed fine organs and pianos. Ed Sherman had a fine display of harnesses, and Baldwin Bros. a choice lot of ladies wraps. Welles, of Towanda, machinery. F. Hanon, farm implements. The vegetables and grain was of superior quality. You would hardly call it an off year for fruit by the looks of the fine apples on exhibition. We have not the space to give this department proper mention. In the stock department Jos. Sick had a very fine exhibit of thorough bred Devons. Ezra S. Rinebold showed thorough bred Shropshire sheep and Polan China swine. Theodore Hess, thorough bred Oxford down sheep.

THURSDAY.

Thursday was the big day for attendance. Over 1,400 tickets were sold. Over 2,000 people were on the grounds, as children under twelve years go in free, and there are quite a number of life members.

The Sadler Band of New Albany, arrived about 10 o'clock and discoursed excellent music during the balance of the fair. The farmers' race took place at 2 o'clock. H. H. Brewer, of Dushore, taking first money. Esquire Kilmer, of Shunk, the second prize and Chas. Bryan of Forksville, third.

FRIDAY.

Friday was the most exciting day of all. Attendance good. The grand parade took place at 10:30 followed at 11:30 by the ladies race. The first prize \$10 was awarded to Mrs. Grant Little and second money \$7 to Mrs. W. E. Wheatley both of Estella. From two to three o'clock was occupied by the bicycle race and general trot. In the bicycle race Mr. Kiser of Dushore took first prize \$20. Walter Webster, second prize, \$10.

In the general trot F. D. Kerrick, of Durell came off victorious. H. H. Northrop of Liberty Corners second and Mr. Kenter of Dushore, third.

Shortly after three o'clock the premiums were paid and most every body went home pleased and happy. Financially the fair was a success and the new buildings costing about \$120, and the interest on land all can be paid leaving a net sum in the treasury. The officers merit much commendation for the business like manner they carried on the fair. The President, M. R. Black, is untiring in his efforts to please all and was second in this respect by Vice President, M. E. Wilcox. The busy Secretary, J. L. Hoagland slides a slick pen. Treasurer, L. B. Speaker, is a Knight at handling coin. The Executive Committee, Messrs. J. M. Osler, John Norton, H. E. Fawcett, E. S. Little and Ulysses Bird were stern but courteous. Entry clerk, Ed Franke, deserves special notice for his efficient work. It was whispered that Ed should have been on the ticket for Prothonotary instead of a beardless youth to fortune and to fame unknown. And that reminds us that the candidates were all there congratulating their old friends and trying to make new ones.

OSERVER.

I am prepared to fill orders for Lehigh Valley "Stove" and "Nui" coal at \$4.50 for 2000 lbs. delivered, or \$4.00 from the yard. JAMES McFARLANE, Laporte.
