Business of the Week.

The price barometer gives indications that are not entirely favorable. Cotton goods go up with increasing evidence that the crop of cotton is short. Prices of other manufactured products, of wool, hides and leather, have been few advances in wages of taken care of. labor within the past month, and only a few works have been closed by strikes for an advance.

The main cause of decreased orbut enough more to replenish stocks in an attitude of prayer. which had been cut down almost to bare shelves by two years of prostrathe given time. Also, as prices rose yard. many hastened to buy in advance of visible needs, hoping that every purchase would mean a gain, while multitudes hurried to get in their orders before competitors could buy as cheaply. Under such conditions buying continued for six months, and still continues in cotton goods, which have risen less than the material. But in most manufactured products buying for the same reason can no longer be expected, and the not yet known.

The production of pig iron, Oct. Tuesday. 1st, was the largest in the history of the country, 201,414 tons weekly, against 194,029 September 1st, 196,-000 having been the highest in 1895. Stocks unsold are not stated, but substantially the whole production is in execution of past orders. On the other hand new orders are exceedingly small. There is marked this place in the near future.
