The printer needs that money you owe him and needs it right away now pretty quick. If you don't owe us, don't read this.

The Y. W. C. T. Union will meet at the home of Miss Fannie Meylert, Friday evening, Oct. 25. All are cordially invited to attend.

Fawcett and Lawrence is a splendid ticket and the people can depend upon it, if they are elected they will do justice to every body.

Judge Dunham was called to Tunkhannock Tuesday to hear the arguments upon the exceptions filed in the Mack and Miller audit.

Have you made arrangements to get out the vote in your precinct? If not, don't you think it about time to take a step in that direction?

To Ed Franke:—If George Streby editor of the Gazette, is a competent judge of ability, you are not competent to fill the office of Prothonotary.

The slurs cast upon our people by the Dushore Gazette, will have a tendency to increase Fawcett and Lawrence's majority on the 5th of November.

The Supreme Court has decided that each elector can only vote for six Superior Court Judges. This will be the size of both the Republican and Democratic ticket.

We cannot change standing "ads" on Wednesday. Advertisers please make a note of this and get copy in early enough so that the work may be done Friday or Saturday.

It is rumored that the leaders of the Democratic ticket will address a "roorback" to the electors of the county in the very near future, that will astonish the receivers. Do not take any stock in these circulars until you have made inquiry concerning the same.

Vote for Lawrence. A. E. Tripp of Laporte, is nursing a felon.

Your organ grinder has bolted the ticket and why can't you? Fawcett is making friends daily and his election is almost a positive.

W. D. Coston of Scranton brother of H. R. Coston, is doing the shorthand in court this week.

John H. Green of Laporte, left for Washington, D. C., on Wednesday, where he will spend the winter.

Go to Bodine & Warn Sonestown Pa. for all kinds of general merchandise.

The election proclamation appears in this issue of the REPUBLICAN. Look over the ballot and come to a conclusion of just how you intend marking it on the 5th of November.

Great Scott, isn't this quiet for the closing days of a campaign? Every body is attending to their own affairs, just as if nothing was going to happen.

The voters of the county have their minds pretty well settled as to who they will cast their ballots for on election day, and anything that can be said will have no effect upon them.

Mr. and Mrs. Judge Ingham are both confined to the house with bad colds. Because of the Judge's illness the suit, Gaynor vs The W. & N. B. R. R., was continued until January 1896.

James Gallagher of Philadelphia, was visiting with friends in Laporte and Cherry last week. He left for his home on Monday morning accompanied by his sister, Miss Ellen Gallagher and Miss Annie Kennedy.

Mackerel, lake herring, and meat at Bodine & Warn's, Sonestown Pa.

The horse racing at Dushore last week, was a success both financially and sociably. The only discouraging feature about it, was the chilliness of the weather. The middle of Oct is a little late for out door sport in this country and the managers of the Park say they will bill the program to take place several weeks earlier next year.

For Sale. One well-bodded cutter, good as new; 1 set of hand made single harness, 1 set sleigh bells, 1 pair carriage lamps (burn kerosene) with attachments, 1 cutting box, 1 patent wagon jack, 1 Mexican riding saddle, lot new grain bags, length of rubber hose with coupler and brass nozzle. All the above are new, or good as new and will be sold reasonably to first applicant. I have no further use for them. H. T. DOWNS, Laporte, Pa.

It is understood that the Democratic managers are treasuring a "roorback" which they intend to spring later in the campaign with the hope that it will injure one of the people's candidates. Voters should remember that this is an old scheme of these people and they should be prepared for all such dirty tricks.

Just received a complete line of gents and youths overcoats. Call and examine them, we are positive our prices will meet your approval. The quality of our goods are the best in the market. T. J. KEELER.

George Streby of the Gazette remarked in his last week's issue that Morgan Gavitt and A. Walsh were the only two people in the county who can fill the office of Prothonotary with credit to the county.

Now, just how this remark can help the Democratic ticket, we fail to see. There are numerous Democrats in the county who feel that they are competent to fill this position. Mr. Streby's remark sets these people one side with all of the Republicans and Prohibitionists in the county. All things considered according to George's view, our county is in a pretty bad state of affairs. But we do not believe his assertion. There is Frank Lusch, Ed Franke and E. E. Mecum who were candidates for the nomination of Prothonotary in the Democratic convention and we think either of these gentlemen could fill the office of Prothonotary with credit to the county. These are the people that Streby says, "might possibly do" and there is Atty. H. T. Downs who has been tried and proved himself an able officer.

If this sting of Mr. Streby's is not resented by many Sullivan county voters at the polls on the 5th of November we shall miss our guess.

With Russel Karns proprietor, things look "old-times" about the Laporte Hotel.

Thirteen people of Williamsport interested in the Lake Mokoma Land Company, visited Laporte and Mokoma Thursday of last week. They partook of a first class dinner at the Laporte Hotel. The Mokoma steamer was fired up and the visitors were ushered up and down and all over the beautiful bay.

The purpose of the meeting was to suggest and plan for improvements to be made about the premises in early spring, but they didn't do a thing.

T. J. Keeler can fit your boy with a suit of clothes from \$1.25. up.

An Editor and His Soap.

An editor who died of starvation after making Dr. Tanner ashamed of himself, was being escorted to Heaven by an angel who had been sent for that purpose.

"May I look at the other place before we ascend to eternal happiness?" "Easily," said the angel.

So they went below and skinned the angel, taking in the sights. The angel lost track of the editor, and went around hades to hunt him. He found him sitting by a furnace fanning himself and gazing with rapture upon a lot of people in the fire. There was a sign on the furnace which said, "Delinquent Subscribers."

"Come," said the angel, "we must be going."

"You go on," said the editor, "I'm not coming. This is Heaven enough for me."

Made an Assignment.

The Canton Sentinel says that Chas. S. Lee, the showman, has made an assignment of his personal property to Thad S. Hickok, for the benefit of his creditors. The liabilities it is said are large, but the show business has been very poor the past season. Mr. Lee is an enterprising man and it is thought he will soon be on his feet again.

Notice.

The books and accounts of W. B. Hill, M. D., have been placed in my hands for settlement. Persons knowing themselves indebted to the aforesaid W. B. Hill, will please arrange to adjust their indebtedness either by calling at my office or by remitting.

A DISTRESSING ACCIDENT.

Judge Archibald's Son Accidentally Shoots a Farmer's Wife.

Scranton, Oct. 20.—A shocking accident at Waverly, this county, last evening resulted in a probable fatal injury to Mrs. James Green, a farmer's wife, at the hands of Hugh, the 15-year-old son of President Judge R. W. Archibald. Hugh had been hunting with three young men and stopped at the farmer's house to get a glass of water. As he was taking the glass from the lady's hand, his gun fell from his hand and was discharged and the ball piercing her lungs. She ran into the house and was found there unconscious with the blood pouring from her mouth. Medical assistance was summoned from Scranton, but her recovery is not probable.

Ladies, have you seen the new dress goods at T. J. Keeler's. He can astonish you, both in quality and price.

The friends of Messrs. Frank Lusch and Ed Franke have not forgotten the proceedings in the recent Democratic convention, when Mr. Lusch desired that delegates present in his interest should be allowed to vote for the nomination of Mr. Franke for Prothonotary. Had this been allowed Mr. Franke would have won easily, but the leaders wouldn't have it that way, resulting in Mr. Franke's defeat, when it was conceded that he, with the help of Mr. Lusch, had a majority of the delegates in the convention. Some people say that this had the appearance of a slated ticket, to be nominated, at all hazards.

The pamphlet laws of the last session are so full of errors made either in transcribing or printing that some of the acts are rendered utterly useless. To the extent that these blunders were made in the printing they should be corrected by printing a new edition and recalling the volumes now out as little better than junk. It is hardly probable that the Superintendent of Public Printing, knowing the defects as he must from his official position, and taking into account the character of the work, particularly the binding, has approved this job. If he has not approved it the work should be done over again, and done properly, at the expense of the contractor. That would be the only successful way to compel the contractor to do the work as it should be required to be done, and as he undertook to do in the contract. The State has been disgracefully imposed upon in these printing jobs.—Ez.

Dr. W. B. Hill formerly of Laporte died in Philadelphia of apoplexy on Saturday morning last. His remains were brought to Hughesville on Monday where the funeral services were held on Wednesday. Because of full particulars we delay further notice of his death until next week.

Married at Lopez. There was a double wedding at the Catholic chapel at Lopez, Wednesday morning of last week, the parties being Mr. James P. Murry of Cortez, Pa., and Miss Ida Belle Schlock of Lopez, and Mr. Mathew J. Clarke of Cortez, and Miss Eliza McKanna of Rummelfeld. The ceremony was performed by Rev. Father Boright.

BLANCH REEDER, Teacher.

Many Wyoming county farmers depend on Scranton for a market for their potatoes, and this year went there as usual to dispose of their crop. They were disappointed however, to find that market flooded with potatoes shipped in from Canada. This is rather discouraging, and the cause can be traced to only one source—a Democratic tariff. Our farmers must have protection to insure a market for their products, and protection must come through the success of Republican principles and the farmer is the man who must choose in the matter. Will you vote for or against your own interests? You should not wait for a Presidential year to roll around in order that you may have an opportunity to help strengthen the Republican party.

That strength must be secured at the minor elections. This year is the time to approve or disapprove of Democratic rule. If you wish a home market for your produce begin this year to vote for it, that is the only way to succeed. Tunkhannock Rep.

Walked to College. Rev. Hallock Armstrong well known in this section and a former pastor of the Presbyterian church at Monroeton, visited Lafayette college last week. A correspondent writes of him as follows:

Rev. Hallock Armstrong, an honor man of the class of '48, and ex-chaplain of the 50th Pennsylvania Regiment, led the chapel exercises on Wednesday. He said that coming to this college fifty-one years ago, from his home in Bradford Co. dressed from head to foot in homespun, he walked all the way and reached Easton with two dollars in his pocket. He struck the hearts of the sophomores by saying that he went through the four years course without forming the acquaintance of a single lady in the city, but later on made up that "condition" by establishing a home of his own, from which have gone out ten children and ten grandchildren. He has a prosperous charge in Nelson, Tioga county.—Ez.

The Rev. Mr. Armstrong is well and favorably known in this vicinity having taught several terms of school in Laporte many years ago. Judge Dunham was one of his pupils.

Important to School Directors. The last legislature passed a law which is of considerable importance to the different school boards of the State, the text of which is as follows:

"That the board of school directors and controllers of each school district of this commonwealth, be and they are hereby required, at least once during each full school term, and prior to the first of January of each year, and within thirty days after the close of each annual school term, to have taken out, removed and hauled away all excrement and waste matter from every out house or water closet, connected with or standing upon the premises of any public school house in the Commonwealth, or have the same properly disinfected; and they are required to have every out house properly scrubbed, washed out and cleaned, the inside walls whitewashed, and the vaults or receptacles covered with a layer of fresh dirt or dry slacked lime within ten days of the opening of each annual school term.

"That the president of each board of school directors or controllers is required each year to certify, in the regular form provided for that purpose, that the requirements of this act have been fully carried out before the district can draw its annual appropriation from the State."

This bill was approved June 24, and can be found on page 254 of pamphlet laws.

Naturally enough the members of the standing committee will ask, where is this money coming from? In reply to this we would suggest that a subscription paper be circulated. The editor will give \$3; Judge Dunham, \$10; Judge Ingham, \$5; Hon. Hon. B. W. Jennings \$10; E. P. Vincent, \$5; Hon. W. C. Rogers, \$5; Dr. Gamble, \$5; E. P. Ingham, \$20; James C. Deininger, \$10; W. J. Lawrence, \$10; Henry E. Fawcett \$5.

While we quote the above names and the amounts without authority, we are sincere in the belief that each one will respond.

Perhaps if Chairman Quay takes kindly to the move, he will donate us a small part of those five thousand dollars presented him by ex-chairman Gilson.

Anthracite coal has advanced from 25 to 50 cents a ton, wholesale price, and the authorities say it will go still higher in the near future. People who have no wood to burn will do well to lay in their coal supply at once.
