

At the spring election in 1894 we elected a congressman-at-large—Galsha A. Grow. Sullivan county at this election gave 40 majority for the Democratic State ticket.

While we know its an awful poor excuse, yet all will admit that the vote in Lopez was only half out. Last year we received a majority in Lopez of 63 votes on the state ticket this year it is only 13, hence the stay at home votes were evidently Republicans.

I heartily thank the Shunk "Chief" for his kind invitation to come up to Shunk and loaf. But I believe in patronizing home industries.

Where they have a habit of talking of other men's wives while whittling up sticks with their horns handled knives.

While whittling up sticks with their horns handled knives. You'd find them in groups or strung out in a row.

Lazily loafing wherever you go. But perhaps when the new woman is ushered in I may reconsider your invitation.

Three cheers for the grand Republican victory Tuesday.

The majorities are unprecedented for an off year.

We are thankful for favors when received, if we did not elect the whole county ticket, we elected one of our best Republicans for Prothonotary and cut down the Democratic majority to ninety.

The long continued drought was broken by a fine rain Saturday evening which was hailed with delight by the many people who were obliged to haul water a long distance for family use.

Martin Tompkins will soon have his new house above the creamery ready to move into.

What we need in this place is a graded school and the school directors of this township will not do justice to the people of this district unless they establish a graded school here.

The future welfare of the young people and children of this district demand it.

STEELETON, PA., Nov. 11th, 1895. The busy hive of the Penna. Steel company are running their mills and shops to their fullest capacity and it is almost impossible for them to get out the orders as fast as demanded.

Building has taken quite a boom this season, a large number of houses have been built and among them one church and two parsonages and the Catholic church has been enlarged and remodeled.

A number of houses are now under contract and will be built between now and the first of the year.

All this prosperity has been caused by the relegation of the Democratic administration and the bright prospects of electing a Republican President in 1896....

The two electric railways running through this place have been consolidated and is now known as the Harrisburg Traction company. It is largely patronized....

The election held on the 5th inst. cut the cords of the solid South and by no means majorities. One by one the Southern states are coming into line with the G. O. P. and its principles....

The Pennsylvania Steel company have leased the Lochiel blast furnaces and are putting in repair for starting up in the near future....

The Steeltown electric light heat and power company have extended their wires to Highspire for the purpose of lighting that town....

I felt somewhat rejoiced when I learned that Judge Dunham would be seated after the great contest. As the years roll around Sullivan county is gradually coming into the Republican column and that to stay.
