A Crisis at Hand in Cuba's Affairs.

Jacksonville, Jan. 19.—At the request of the Federal War Department Governor Mitchell has ordered Adjutant General Houston to see that the Florida troops are in readiness to take the field at a moment's notice.

This statement is made on the authority of Judge M. A. Dzialynski of the city court of Jacksonville, who returned to-day from Tallahassee, the State capital.

The Judge received his information from an aide in Adjutant Gen. Houston's office. Judge Dzialynski's informant said it was understood similar requests had been sent to the Governors of other States. Advice from Tallahassee to-night state that the story has become generally known there and is causing great excitement.

Governor Mitchell and Adjutant General Houston were asked in regard to it, but they refused to either affirm or deny. Adjutant General Houston has been in his office all day and has sent telegrams to all battalion commanders in the State. Major Turner, of Jacksonville, commanding First Florida Battalion, has received several messages for the Adjutant General, but refuses to make known their contents.

The battalion commanders at Pensacola and Tampa have also received messages from General Houston to-day. It is stated in Tallahassee as coming from the executive office, that the Washington authorities have reason to believe that a deal is pending between Spain and Great Britain for the sale of Cuba to latter, and that the United States is preparing to resist the transfer of the island at all costs.

Cuban leaders here insist that Great Britain is after the island, and that the flying squadron is coming to American waters to be ready for the war with the United States that will inevitably follow the attempted cession of Cuba. Dispatches indicate that the report about holding the troops in readiness has spread all over Florida, and that the war fever is higher now than the day after Cleveland's Venezuelan message.

Means America no Harm. London, Jan. 20.—Whatever may be the sensational reports in America about the destination of the flying squadron, they are the merest conjecture. Not even the Admiral, as I cabled Saturday, will know his destination until he opens his instructions when putting finally to sea. The wild reports apparently current in America of its sailing point being Bermuda, or having reference to either Venezuela or Cuba, are denounced by the authorities here as mischievous fabrications.

Such a step on the part of the British Admiralty, it is fully recognized, would be tantamount to declaring war with the United States. Lord Salisbury has not lost his senses and such action could only mean that. No authority here can understand what is meant by the report from New York that Great Britain has made a demand on Spain for the revenues of Cuba to pay the outstanding claims of investors in Spanish bonds. Doubtless there are such investors in England, but the wildest imaginings could not conceive of the British Government intervening by such a method to enforce the payment of the debt to British subjects. That, again, would mean war with the United States, if not with the whole civilized world.

The flying squadron doubtless has fulfilled its mission in serving notice on the world that Great Britain is in complete readiness to meet any emergency. It may not sail a hundred miles beyond these shores. It is indeed proof of this empire's naval presence and strength.

Eleven years ago the best fleet of England assembled in this same harbor of Portsmouth. Thirteen war vessels were then gathered there of the best type extant at that time. Either the Majestic or the Magnificent of the present Channel fleet could send the whole thirteen to the bottom before any one of them could reach her. Of the thirteen only three are now in commission, and are practically superannuated. The others have been sold as marine rubbish.—Ez.

And Still the Third Term Talked. Washington Special to Richmond "Dispatch," (Dem.) A well-known and shrewd Democrat of large political experience said to-day that it was Cleveland or defeat; that with Cleveland the Democrats might win, while with anybody else defeat was almost certain. He said that he had taken the pains to canvass this question among representative men of a number of States, and that he found that his opinion was endorsed by the majority. Mr. Cleveland's friends say that the President will not run if he can get out of it; but that the convention will not take no for an answer. "Who but Cleveland can you nominate," said a Republican, "to make any sort of a fight this year?" and the question was not very promptly answered by the surrounding crowd of Democrats in a leading hotel here. And so goes the talk without a word about the third-term objection; that seems to be the last sight of.

STEELETON, PA., Jan. 20, '96. Great activity still continues at the plant of the Pennsylvania Steel company. The semi-monthly pay day for services during the last two weeks in December occurred on Saturday, when the 4,463 employees were paid the sum of \$83,883. The total amount paid for wages during the year 1895, was \$1,927,424.62 and the average number of men on the pay rolls was 4600. The works were in operation 281 days during the year. Our town is becoming quite lively in local politics, the outpouring of Republicans on Saturday evening at the primary election was indicative of the great interest taken in municipal affairs. The contest centered on justice of the peace and high constable. Our new postmaster (a Democrat) will enter upon the duties of his office this week. The ice dealers have been busy smiling and cutting ice for the last ten days. The annual election of directors for the Steelton National Bank was held last week and the board organized by the election of Maj. L. S. Bent, President; J. E. Rutherford, Vice President; and W. J. Suley, Cashier. The health of this place is remarkably good this winter. The REPUBLICAN visits me every Friday evening regularly and I am always glad to receive it. Long may it shine and enlighten outsiders to join the party that has brought the states together and cemented them with the best blood of the nation. D.

Luzerne county is still wrestling with a site for a new court house, and there is a row over the grand jury's recommendation.

Money Valley's Calleipian Literary Society. The members of the Calleipian Society seem to appreciate the fact that the literary society is one of the most important factors in the attainment of an all-around development. The society under the management of Prof. T. H. Gallagher, has more than held its own, both in regard to increase of membership and as concerns interest of program.

The subjects of the orations have been selected with care, and were such as to awaken not only thought, but feeling also. The subjects were such as in some demonstrable way, concern the well-being of men. Probably the exercise most enjoyed by those taking part as well as by the audience is the debate. Its value for developing quickness of insight, coolness under fire, and skill in handling the "Laboring oar," is proverbial. Political subjects, subjects of a debatable nature in the pedagogical field, and questions dealing with the problem of life, have been discussed. Among those taking a prominent part in the society debates we ask leave to mention, Prof. T. H. Gallagher, Mr. A. Starr, Dr. L. J. Derr, Prof. L. M. Sweeney, Rev. L. L. Derr, Mr. J. Will Moran, Mr. J. B. Magargle, T. F. Korman, Mr. H. Johnson, Mr. C. Welliver, H. Kahler and Howard Kitehen. A few of the resolutions debated were the following: Resolved—that compulsory school law is a benefit; that foreign emigration should be prohibited; that the pen is mightier than the sword; that electricity benefits us more than steam; that the Indian received crueler treatment by the whites than the Negro; etc.

The musical programs have been fully abreast of the literary. The recitations, as always, have been very good. The interest in society work continues unabated, and the outlook is bright.

EAGLES MERE ITEMS.

Nearly all our townsmen finished filling their ice houses last week. Capt. Chase seemed to be the happiest man in the whole crowd.

Rev. H. K. Miller has been conducting a series of revival meetings here, for the past three weeks and is meeting with success.

The Eagles Mere school is progressing finely under the able management of Miss Jennie Roach as teacher. We wish her success in her second year's work at this place.

C. Pease, Jr., is kept busy these days filling out his assessment rolls. Our popular butcher, Irvin Taylor is kept busy supplying the town with "porkers."

Frank May wears an exceedingly broad smile; it's a boy. Several of our young gentlemen visited the Eagles Mere school last Friday afternoon.
