### A Father's Story

A Father's Story. From the Zesning Crescent, Appleton, Wis. A remarkable oure from a disease which has generally wrecked the lives of children, and left them in a condition to which death itself would be preferred, has attracted a great amount of attention among the rosi-dents of the west end of Appleton. The case is that of little Willard Creech, son of Richard D. Creech, a well known omploye of one of the large paper mills in the For River Valley. The lad was attacked by spinal disease and his parents had given up all hope of his ever being well again when, as by a miracle, he was healed and is now in school as happy as any of his mates. M. Creech, the father of the boy, who, resides at 1062 Second Street, Appleton, Wisconsin, told the following story:

He Goes to School. "Our boy was absolutely helpless. His lower limbs were paralyzed, and when we used electricity he could not feel it below his hips. Finally we let the doctor go as he did not seem to help our son and we nearly gave up hope. Finally my mother who lives in Canada wrote advising the uso of Dr. Williams' Pink Pills for Pale Peo-ple and I bought some. "This was when our boy had been on the stretcher for an entire year and helpless for his legs, and in four months he was able to go to school. "It is two years since he took the first of hep pills and he is at school now just as happy and well as any of the other chil-dred. Hwas noting else in the world that saved the boy than Dr. Williams' Pink Pills Child Light for Divers.

The submarine arc light has been invented, which will be of great value in diving and wrecking operations. Such a light would have been wel-comed by the naval officers charged with investigating the causes of the wreck of the Maine. The apparatus consists of a containing case made of glass and metal, inside of which is the lamp, which receives the current through a double conductor waterproof cable. The light is lowered into the water and can be moved by the diver so as to spread the light equally on all sides, thus affording a concen-trated beam on the hole in a ship's bottom.

In conjunction with this powerful light the camera plays an important part in reproducing a perfectly truth-ful likeness of what actually exists at depths where the professional diver or engineer may not care to go. Such a record serves to insure a perfect un-derstanding between the diver and

those in charge of a work. There are many practical uses to which this invention may be put. Among the possibilities mentioned are examining and cleaning the bottoms of merchant and battle ships, attach-ing hoisting phase to gung and other ing hoisting chains to guns and other movable parts on sunken vessels, placing and recovering submarine mines, constructing bridge piers, coffer dams and in photography. — New York World.

### A Boy's Musical Niceties.

A Boy's Musical Niceties. These are some of the answers to questions propounded to a large boy in a school not far from Troy: Musi-cal tones differ because some are nicer than others. Pitch is the length of a keyboard of an organ. An interval in music is the distance on the key-heard from one pigna to the next The value of a whole note depends on where it comes. A whole notes re-quires three beets. A rest means you are not to sing it. We always sing five lines and four spaces. A dotted note holds on longer. They Press note holds on longer.-Troy Press.

Eighty per cent. of Portuguese peasants can neither read nor write.

in praise of your Vegetable Compound. I used three bottles of it when I was preg-nant, and labor was not nearly as long as it was with my other babies; and my baby is so healthy to what the others were. I think every woman should use your Compound when preg-nant, it will save them so much suffering and misery. I cannot say enough in praise of it. If ever I need medicine

again, I shall use your Compound." The most successful tonic known to the most successful tonic known to medicine for women approaching ma-ternity is Lydia E. Pinkham's Vege-table Compound. It is a safeguard for every woman who uses it, and the fullest benefit comes from its use with Mrs. Pinkham's advice freely offered to all woman. Her address is Lynn, Mass.

Here is a convincing statement, bearing directly on this subject, from Mrs. E. Bishop, of 1848 Pacific St., Brooklyn, N. Y.: "DEAR MRS. PINEHAM:-I am a 

great believer in your Compound. I was almost despairing of ever again being well, as I was a great sufferer, and had been for years. I suffered from womb trouble. and had terrible blind fits. After writing to you I tried your Com-pound. The result was astonishing. I have used it and advocated it ever since. In childbirth it is a perfect boon. I have often said that I should like to have its merits thrown on the sky with a search light, so that all women would read, and beconvined that there is a remedy for their suffering: be convinced that there is a remedy for their sufferings
