Mexico City, Nov. 20.-The foreign colonies here are taking action favor-ing the re-election of President Diaz, acting on the suggestion of the leading members of the Liberal party of Mex-The American colony met Friday and passed resolutions approving the movement in favor of the re-election of President Diaz.

Secretary of State David J. Hill, at Washington, informing him that the New York Life Insurance Company had been re-admitted to do business in Germany. This company in 1895 was compelled to discontinue business in Prussia because of the restrictions imposed by the German Government.

Glasgow, Nov. 20.-The Shamrock has been sighted and should reach the Clyde by Sunday night. She signalled that she had experienced heavy gales.

Havana, Nov. 20.—Seventy thousand acres of land have been purchased by an American syndicate near Nuevitas for the purpose of founding a village for workingmen.

Chicago, Nov. 20.—Emil Rolinger, who murdered his wife last December and then set fire to the house in an endeavor to hide his crime, was hang-ed in the county jail Friday afternoon.

Nyack, Nov. 20.—Rev. William Hart Dexter will probably never return here, if his wife's wishes are observed. She is preparing to remove to Springfield, Mass., and Mr. Dexter is expected to telp her there. join her there.

Williamsport, Pa., Nov. 20.--A meet-ing of the representatives of the Mid-dle States Furniture Association has been held here for the purpose of fix-ing a schedule of prices. It was agreed to advance prices 10 per cent, at once Williamsport, Pa., Nov. 20 .- A meet at once.

Caristadt, N. J., Nov. 20.—Assembly-man-elect John L. G. Graves, of Ber-gen County, died at his home in Has-brouck Heights Friday afternoon. He had been ill some days with pneu-monia. Mr. Graves was elected on the Republican ticket.

Managua, Nicaragua, Nov. 20.—Count Massigia, the Italian Minister to Cen-tral America, who arrived at Managua early in November has been officially received by President Zelaya and ban-quetted. The Minister has started for Costa Rica, via Greytown.

Chicago, Nov. 20.—The Rev. Paul R. Frothingham, pastor of the Unitarian Church at New Bedford, Conn., has been called to the pulpit of Unity Church of this city by a unanimous vote of the members of the latter church.

Kansas City, Mo., Nov. 20 .- Dwight Kansas City, Mo., Nov. 20.-Dwight L. Moody, the evangelist, who has been preaching here to thousands nightly, was stricken with heart trouble Friday. His engagement was cut short and he is on the way home to Northfield, Mass., in the care of Dr. Schauffter and C. M. Vining, teller of the Union Na-tional Bank. tional Bank.

Chicago, Nov. 20.—Farson, Leach & Co. of this city, who were the best bid-ders for the \$4,765,000 3½ per cent. cor-porate stock of the city of New York, have been notified that it would be awarded to them on Monday. Their bid was 106.10, or \$5,055,655, for the en-tire issue. This is on an interest basis of 3,158 per cent. and a premium of \$61 for each \$1,000 for each \$1,000 bond.

Buffalo, Nov. 20.-The News publishes a letter from Ansley Wilcox, a member of the board of managers of the Elof the board of managers of the El-mira Reformatory, with respect to re-ports that "paddling" was to be resum-ed at that reformatory, in which Mr. Wilcox says that contrary to news-paper reports, the superintendent, Mr. Brockway, has not asked for anything of the kind, and has no intention of suggesting it.

Hamburg, Nov. 20 .- The officials of Hamburg, Nov. 20.—The officials of the Hamburg-American line have re-ceived a despatch from Cuxhaven an-nouncing that the company's steamer Athesia has arrived there with the crew of the Hamburg-American line steamer the Patria. The despatch said that the Patria had been abandoned in the North Sea, enveloped in flames. the the North Sea, enveloped in flames, and that there were no hopes of saving the vessel.

South Bend, Ind., Nov. 21.-Earl, Pearl and Guy Grady, the former twins, aged 17, and the latter 16, were detected stealing from the Mishawaka detected stealing from the Mishawaka Woolen Company. They were valued employes, but their minds were poison-ed by reading cheap novels. Their em-ployers talked to the lads, and a novel attempt at reformation was decided upon. The boys thought it impossible to reform at home, and willingly ac-cepted an indeterminate sentence at the State Reformatory. The woolen mill proprietors will watch over the boys, and on the expiration of their sentence will re-employ them and ar-range for saving their earnings. It is an interesting experiment in reforma-tion, the outcome of which is eagerly awaited. awaited.

THE NEWS IN BRIEF

Telegraphic Gleanings From All Par: of the World.

Dwight L. Moody says that the st-tack of heart trouble suffered at Kan-sas City was serious.

Senator Hayward, of Nebraska, is reported to be critically ill.

Vice-President Hobart's physician believes that he will recover.

Governor-elect Crane, of Massachu-setts, will make Major-General Samuel Dalton Adjutant-General.

MARTIN LOSES AGAIN.

Philadelphia Insurgent Leader Cota a Bad Setback.

(Special Correspondence. Philadelphia, Nov. 21.—Another evi-dence of the fact that the old Martin combine, which was for years in con-trol of public affairs and the Republi-can organization in this city, is no longer potential was given this weel when a large majority of the Republi can members of common council united in signing a pledge to vote for the election of George McCurdy for president of that body. Mr. McCurdy is a progressive Philadelphian who follows the leadership of Israel W. Durham, and who has no time for the Martin outfit. He is a stalwart Republican, has no sympatny with the insurgents, and was one of the most active of the young Republicans who brought about the election of Samuel H. Ashbridge as mayor. The position of president of common council is a very influential one, and it has long been an asset ia the political combination of which Martin was the acknowledged leader. Since Martin has joined hands politically with the Wanamaker-Flinn-Hastings combine in state politics he has been steadily losing ground in this city. The signing of the pledge for McCurdy means his success in the Republican caucus, and nothing can prevent his election Having lost the mayor and now lo

ing the president of councils, Martiu

ing the president of councils, Martin is practically put out of business. Martin, who became immensery wealthy through his leadership of the Republican organization in tais city, is now posing as a statesman. With Flinn, of Allegheny, and Hastings, of Centre, both of whom have also mada big fortunes since they entered politics, Martin has tied his political au-ture to the Wanamaker personal ad-vancement movement, of which the people of Pennsylvania have had some experience during the last few years. Wanamakerism has not had a popu-

lar boom in the Keystone state. But with a determination characteristic of But

the rich man with political ambitions to satisfy, the warfare upon the Repub-lican organization is to be kept up.

BARNETT'S BIG MAJORITY.

General Reeder, who as chairman of the Republican committee managed the late contest, was in town this week when the official returns were received

the late contest, was in town this week when the official returns were received from Harrisburg. He was naturally pleased with the figures. Barnett's of-ficial plurality was 110,488. For the first time in three cam-paigns was the Republican target of the insurgent and Democratic guns given a clear majority of all the votes cast at the election. Mr. Beacom, the candidate for state treasurer in 1897; Colonel Stone, the nominee for governor last year, and Colonel Bar-nett, the Republican candidate this fall, were each subjected to scandalous assaults from this insurgent cabal. Al-though they were all elected, in 1897 Beacom, of all the votes cast at that election, was in the minority by 10,169. Though Colonel Stone won in his fight for the governorship, he lacked 19,303 of having a majority of the votes polled at that election. But then, after the insurgents' exhibition of party treachery in bolting the Repub-lican caucus on the United States sen-atorship in the legislature, and their continued dislovalty in opposing the continued disloyalty in opposing the Republican candidate for state treas-Republican candidate for state treas-urer, and espousing the cause of Creasy, a Bryanite, the Republicans of Penn-sylvania elected Colonel Barnett state treasurer and gave him a majority of 89,922 over the combined votes of the Democratic, Prohibitionist and Pop-ulist and Union Reform party candi-dates, with the insurgent vote for Creasy, Democrat, thrown in. After this emphatic rebuke from the Republican voters the insurgents, or at least their selfish leaders, who knew only personal politics, set out again to have an organized fight against the Republican organization and with a

Republican organization and with a purpose to unite with any party or faction to elect their candidates for the legislature where they are defeated in Republican conventions. SENATOR HOAR'S POSITION.

The Wisconsin Agricultural Experiment Station.

In conducting our Dairy School, we have had occasion to use the various sizes of Improved U. S. Separators for dairy instruction during several whiters pact. Our students have always been pleased with the operation of these Separators, and we find that they skim the milk very clean indeed from fat, and that they are generally very satisfactory. W. A. HENRY, Dean College of Agriculture.

Cornell University Experiment Station.

ITHACA, N. Y. November 15, 1697. We have used the U. S. Separators for the past four or five years, and have found them at all times efficient and reliable. They are easily cleaned and kept in order, and can be depended upon for satisfactory work. H. H. WING, Prof. Dairy Husbandry.

Massachusetts Agricultural College. AMHERST, MASS., July 7, 1807. We regard the Improved United States Separator as one of the very best all round machines. In Cleanness of skimming it surpassed all the others. It compares favorably with the rest in capacity. Our man calls it the smoothest running machine we have, although it has been in use nearly three years-a good comment on its wearing qualities. P. S. COOLEY, Prof. of Ag't.

Michigan Experiment Station. AGRICULTURAL COLLEGE, MICH., Jan. 97, 1897. Morr No. 2 Separator was received, set up, and has been operated daily sing it the ath of January. Each of received, set up, and has been operated daily sing it up, running it, washing it, and t dairy boys has now had a turn at it, maching-on account of its easy running and simplicity. We are running through milk at to 2, hours old, warmed to over 30-and usually about to degrees. The per cent. of fat in the skim-milk, so far as reported, will not reach on the average a tenth of a per cent. and often is too small to read, in the skim-milk bottle. We are pleased with the machine in every possible way, as far as we have been able to observe it in a month's use. CLINTON D. SMITH, Director Michigan Experiment Station.

1898 Record Equally as Good.

AGRICULTURAL COLLEGE, MICH., March 25, 1892. I do not know that I have anything to add to what I wrote you in January, 1897, or any changes to make in the statements therein made (see above). C. D. SMITH, Director.

Vermont Experiment Station.

UNIVERSITY OF VERMONT AND STATE AGRICUTURAL COLLEGE, I BURLINGTON, VT., June 35, 1807, f It has been the uniform custom of the officers of the Vermont Station to decline to issue letters of a testimonial nature. I may say, however, that I can and do refer parties inquiring regarding the merits of the Improved United States Separators to the records of the running of the same as published in our report for 1804.

States Separators to the results of the use of these machines at our Dairy Schools of the past two years are full better, so far as the character of the skimming is concerned, than those given in the report. JOSEPH L. HILLS (Director Vt. Experiment Station).

Iowa Experiment Station. AMES, Iowa, Jan. 25, 1807. Your two machines have been hero in use for some time and are doing excellent work. We have succeeded in skimming over a foo pounds per hour, and as close as 0.07 of one per cent. of fat left in skim-milk, with the larger machine. This we consider excellent work for the winter. The small machine also does good work. G. L. MCKAY, State Dairy Instructor, Iowa Ag'l College.

Again in June; Iowa Experiment Station.

AMES, IOWA, June 25, 1897. Your large size factory machine has been doing excellent work. We have lised it six days per week for the past two months, and it skims to a trace right long, skimming 2,500 to 2,700 pounds per hour. G. L. MCKAY, State Dairy Instructor.

Ohio State University. Columnus, Ohio, June 25, 1897. Enclosed you will find statement of the several runs made with your various

Enclosed you will find statement of the several will several s

.

Idaho Experiment Station. Moscow, IDAHC, March 26, 1897. Our Dairy School has just closed, having had a very successful career. We have used daily one of your No. 5 Improved U.S. Separators. It has given perfect satisfaction, and is the favorite with all the boys. CHAS. P. FOX, Professor of Agriculture.

Connecticut Experiment Station. The Improved U, S. Steam Turbine is running every day, and has been since April. It is an easy-running and thorough skinming machine. In two recent tests, made on different days, running a trille over 700 lbs, of milk per hour, the skim-milk showed: No. 4, 0.06 of 1 per cent, butter fat. No. 4, 0.07

This is as close as only one could ask for. A. W. OGDEN, Chemist, Conn. Ag'l Experiment Station.

Missouri Experiment Station. COLUMEIA, MO., March 25, 1898. The Improved U. S. Hand Separator was used in our Dairy School during the winter term to the entire satisfaction of instructors and students, and did most excellent work. J. H. WATERS, Dean and Director.

The Improved United States Separators are now not almost but altogether universal. The number in use is 126,000, more or less. Their sale is eleven to one of all imitating machines combined. The latest improve-ments carry them still further to the front. Send for new Dairy catalogue No. 201 or new Greamery catalogue No. 196.

Bellows Falls, Vt.

VERMONT FARM MACHINE CO.,

Magnolia, Ark., Nov. 20.-A fire which started here Friday forenoon, made a path through the business por-tion of the town. The loss amounts to \$175,000. The cotton compress, where 8,000 bales of cotton were stored, and the Louisiana & Northwestern Rail-road station were partially destroyed.

Gibraltar, Nov. 20.—The United States transport Thomas, with the Forty-seventh Infantry Regiment on board, bound for Manila, was roundly cheered on arrival here by the British Channel squadron, whose bands play-ed British and American airs as the transport passed. The Thomas re-turned the compliment.

Washington, Nov. 20.—The War De-partment has made public the report of Gen. Lawton upon his expedition in Laguna and the capture of Santa Cruz. The report is dated Aug. 1 and gives in detail the operations of the expedition, the main feats of which have hereton the main facts of which have hereto-

fore been published. Gen. Lawton speaks in the highest terms of the officers and men of his

Indianapolis, Ind., Nov. 20.—The ex-ecutive committee of the United Mine Workers of America at its session Fri-day decided to demand an increase in wages at the expiration of the present scale agreement in April. If the oper-ators refuse the advance demanded : general strike is to be ordered. The demand is to be for an increase ages in proportion to the increase in e price of coal.

The Harvard College bell, rung regularly since 1836, is cracked and will be replaced.

The Government will save over \$2,000,000 by relieving the money market under the offer of Secretary Gage to buy \$25,000,000 of bonds.

Wayne MacVeagh, of counsel for ex-Capt. Carter, made a plea for clem-ency to the President for him, but re-ceived little encouragement.

Comptroller Dawes has made public the results of his investigation into the number of loans and deposit ac-counts in the banks of the country.

The Naval Board of Inspectors and Survey has pronounced the Holland submarine torpedo boat a success and recommended that it be added to the American Navy.

American Navy. It was reported in London from Dur-ban and Laurenzo Marques that Gen. Joubert, commanding the Boers, had been killed. The report is not con-firmed. The bombardment of Ladysmith continued on Sunday.

It is said in Albany that Gov. Roose-velt will select Attorney Wilcox, of Buffalo, as referee in the case of Asa Bird Gardiner, should one be needed. Senator Lodge, in Washington, said it was not time yet for legislation in Congress with regard to Cuba or the Philippines.

There is nothing in the way of pro-cedent in the Quay case that need bother any one. If these election cases had invariably been settled on their merits there would be something in precedent to follow, but every one knows that as a rule they have not been on settled. Seating a senator on merit so settled. so settled. Seating a senator on merit means that the constitution of the United States shall decide. Senator Hoar, of Massachusetts, is absolutely right in his analysis of the constitu-tion. Mr. Hoar is a conservative man —altogether too conservative, perhaps, to be thoroughly in touch with the ac-tivities of modern progress—but he Seating a senator on merit to be thoroughly in touch with the ac-tivities of modern progress—but he has always been a careful student of the constitution, and there is no great-er stickler in all congress upon con-stitutional points. In his opininon the constitution does not contemplate leav-ing a seat vacant in the senate. For that reason a governor is given the power to appoint if for any reason whatever a vacancy occurs, the inten-tion of the constitution being that the states shall always have their full rep-resentation. Mr. Hoar will vote for Colonel Quay as he has voted in simi-lar cases heretofore, and if the Quay Colonel Quay as he has voted in simi-lar cases heretofore, and if the Quay case were to be decided strictly accord-ing to his contruction of the constitu-tion there would be no vacancy in Pennsylvania. The trouble has been that in decid-ing election cases partisanship has usually controlled. It is either a ques-tion of narty politics or else some ques-

usually controlled. It is either a ques-tion of party politics or else some ques-tion like silver has divided the votes. The recent cases in the west, from Montana and Washington, were decid-ed, not on their merits, but from party policies. There is nothing in prece-dent established only through partisan motives that need cause any trouble for Colonel Quay's friends.
