Colonel Quay, Who Will Head the Delegation From the Keystone State. Confers With Sergeant-at-Arms Wiswell About Details of the Great Convention.

(Special Corresp Philadelphia, May 29.-United States

Senator Boles Penrose, commenting upon the probable attitude of the Pennsylvania delegation to the Republican convention on the vice presidential issue, said today: "There has been no attempt to get the delegates from Pennsylvania to the national convention pledged or committed to any candidate for vice president. It may be accepted as a fact that the influential Republican leaders of this state are anxious and eager to do what is thought best for the success of the Republican ticket this fall. The opinion is general that the delegation to the national convention from Pennsylvania should defer action upon the matter of the vice presidency until they shall have an opportunity of conferring in Philadelphia with the party, leaders from all over the country, and especial ly the close friends of the national administration. We in Pennsylvania have no concern about the result of the presidential election in our own state but we are desirous of doing that which will strengthen the Republican organi-zation in the so-called doubtful states We want to strengthen the national ticket, and it is believed that the wishes of President McKinley and those whose opinions he values should be concurred in by the delegates from our state. I am free to say that it will be a pleasure for me to vote for any candidate for vice president whose nomination shall be regarded as most desirable by the president. I am confident that shold there be such a preference so indicated the delegation from Pennsylvania will be arunit in supporting such a candidacy." Senator Penrose is a delegate from

his congressional district, and he will co-operate with Colonel Quay in all matters. The Beaver statesman, who will be chairman of the delegation, is the leader of Pennsylvania's "big eight," the delegates-at-large,

During his visit to this city last week, Colonel Quay, as the member of the national committee from this state, had a long conference with Col. George N. Wiswell, sergeant-at-arms of the Republican national convention. As a member of the executive committee of the national committee Colonel Quay is in touch with the influential men in the national committee, and he will participate in all the conferences regarding the detail work of the con vention and the framing of the plat-

A MAGNIFICENT HALL.

All the arrangements for the conven tion have been completed by the local committee of arrangements, and the hall was yesterday formally transfer-red to Chairman Manley's sub-committee of the national committee.

Since Contractor Dietrich, on April 9, essayed the task of making the necessary alterations to the auditorium Saturday was the first weekday that found all hammers still in the great hall. So far as Contractor Dietrich was concerned the work of the convention hall was finished, and the great struct now awaits only its gala day attire of flags, bunting, pictures and flora and plant decorations to put it in shape for the memorable scenes which next month are to be enacted within its walls.

To one who entered the great structure yesterday afternoon it had a singularly impressive appearance. Its 15,-

WHISKEY THE TROUBLE.

Ten Jackies Have Been Court-Marti and Will Spend Long Terms in Prison The Officers Insulted and Abused-Feity Officer Nearly Killed-City Toughs Led.

Washington, May 28 .- The crew of the battleship Texas mutinied in the last cruise, which has just ended at the Brooklyn Navy Yard.

The commanding officer was insulted, the officers and men guarding the mutineers were assaulted and one petty officer was fatally injured. Orders for the court-martial of ten of these men have been issued. This is the worst case of mutiny that has occurred on board a United States ves-

sel in years. The Texas has been on a long cruise, during which it touched at Galveston and the Bermudas. The crew was in a condition of insubordination during the whole cruise, and the Navy De-partment officials are at a loss to understand why severe measures were not adopted at the very first uprising. Some of the men were from the tougher sections of the big cities, although a few of the most unruly were apprentices, men grown, with all the recklessness of city thugs.

The trouble began in Galveston har-bor. As usual, whiskey was the cause. Some of the clizens thought that it would be the hospitable thing to give the jackles all they could carry in an alcoholic way, so they filled the sailors on shore leave full of rum and gave them a lot to tote out to the vessel for the men on board.

It was not until the ship reached New York that the court martial was convened.

Some of them will probably serve long sentences at the naval prison at

the Boston Navy Yard. The offences charged include assault with intent to kill, insubordination, mutiny and general disregard and dis-obedience of orders.

The specifications recite that certain men cowardly attacked their superiors among the petty officers, going aloft and throwing down bolts and other articles with the intent of killing them.

Constantinople. May 28.-The Sultan is displaying feverish activity concerning the Turkish armaments. par ticularly in regard to the artillery, having ordered its reorganization on the German model. Three officers have been sent to Germany to purchase guns.

Constantinople, May 23.-The United States Legation having waited four weeks for a reply to the note of April

24, regarding the American indemnity claims, Mr. Lloyd C. Griscom, United States Charg d'Affaires, on Monday handed to Tewfik Pasha, Minister of Foreign Affairs, a new note, couched in more precise terms and insisting upon a prompt settlement. The note produced a great impres-sion, as the Porte thought the matter postponed, if not abandoned. It is be lieved that the United States will not wait so long this time for an answer American indulgence thus far not hav ing made a satisfactory impression upon the Sultan and his advisers.
