BOERS SURRENDER

Roberts Reports That Five Thousand Vield to Hunter.

LONDON, July 31.—An official dispatch has been received from Lord Roberts saying that 5,000 Boers under Commandant Prinsloo have surrendered at Naauwpoort, in the Orange River colony.

A previous dispatch, dated Pretoria, July 29, tells the story of the sighting as follows:

"On July 26 MacDonald fought a rea

July 29, tells the story of the af ching as follows:

"On July 26 MacDonald fought a rear guard action with the enemy from early morning until dark hine miles, outside of Naauwpoort, in the Bethlehem hills, resulting in his effectually blocking Naauwpoort nek to the Boer wagons.

"Hunter reports that the enemy twice checked his advance by holding strong positions on two neks, one of which was taken before dark by the Scots, the Royal Irish, the Wiltshire and the Leinster regiments. Our casualties were only five or six. The second nek was taken during the night by the Scots and guards without opposition, the enemy retiring closely to Naauwpoort.

"Prisoners taken stated that 1,200 burghers would surrender if guaranteed that they would be treated as prisoners of war and not as rebels. To this I assented. As a result of these operations Prinsloo, commanding the Boers, asked under a flag of truce this morning a four days' armistice for peace negotiations.

"Hunter replied the only terms he could accept were unconditional surrender and until these were complied with hostilities could not cease. I expressed my approval and told Hunter on no account to enter into negotiations.

"As I am writing a telegram has come from Hunter saying that Prinsloo had written a second letter expressing will ingness to hand over himself, with his men, rifles, ammunition and other firearms, upon condition that the horses, saddles, bridles and other possessions of the burghers be guaranteed them and they be free to return to their homes.

"I have replied that the surrender must be absolutely unconditional, that all rifles, ammunition, horses and other posses's must be given up and that the burghers will be considered prisoners of war. I added that Prinsloo's overtures will not be allowed in any way to interfere with Hunter's operations, which must be continued until the enemy is defeated or has surrendered."

A PLAN THAT FAILED.

The Amnesty Celebration at Manila Proved a Fiasco.

MANILA, July 30.—The two days' fiesta in Manila organized by Senor Paterno and his political followers to commemorate the amnesty resulted in a fiasco. The people were passive, unenthusiastic and not even interested.

Failing to perceive any tangible, effective results of amnesty, they say they can see no reasons, or celebrating.

Judge Taft and his colleagues of the commission felt constrained to decline to attend the banquet, as they had been informed that the speeches would favor independence under American protection, and they could not passively lend their acquiescence by being present.

Senor Paterno, fore leeing the suspension of the banquet without the Americans, frantically appealed to them to attend, promising that there should be no speeches.

The provost's precautions were ex-

tend, promising that there should be no speeches.

The provost's precautions were extreme. The guards were doubled both days, and the authorities forbade the display of Filipino flags and of pictures of President McKinley and Aguinaldo fraternally framed.

The fiesta is generally considered to have been premature and unfortunate. During last week's scouting ten Americans were kille and 14 wounded. One hundred and eigh. Filipinos were killed and 60 taken prise vrs. Forty insurgent rifles were capture. rifles were captured

-The imports and exports of Porto Rico for the Month of May, 1900, were each about 100 per cent. greater than for the corresponding month of the year 1899. This is the poverty and distress to which the Democratic platform said the Republicans had doomed the island.

It is a good thing that the Dem ocratic party has no reputation to lose for accuracy of statements. Facts are stubbornly against them. They were wrong on the tariff. The are wrong on silver. Thay are wrong in predicting distress in Porto Rico. They are wrong in predicting the doom of the Republic in the event McKinley's re-election, and they are wrong by about a million and a half votes in their forefacts as to the election of their candidate in November.
