Renewed Activity of Insurgents Ordered From Hongkong - Agui-naldo Declines to Consider

Peace Proposals.

MANILA, Sept. 24.—The insurgent demonstrations last week prove to have been more extended than was at first reported. From Cagayan and Isabela provinces and the northwestern districts of Luzon come accounts of insurgent operations and American precautionary measures. Merchants in the province of Albay are getting their hemp to Manila as rapidly as possible, fearing that otherwise it will be burned by the insurgents. At Iloilo there was considerable anxiety lest an uprising should occur, but the insurgents there are ceasing their activity and returning in white clothing to the garrisoned towns of the district. As a resumption of insurgent operations is considered quite probable the Americans there are taking the necessary steps.

The American casualties in killed, wounded or missing during the last ten days approach 100, including those at Siniloan, at the east end of Laguna de Bay, where the insurgents after the engagement delivered ten bodies of our dead.

Documents captured in Manila show that the insurgent activity in this vicinity was ordered by rebels here, following instructions from the Hongkong junta.

ity was ordered by rebels here, following instructions from the Hongkong junta. Senor Buencamino has received from Aguinaldo an answer regarding his peace proposals. Aguinaldo declines to consider them and declares that he is unwilling to agree to a compromise. Archbishop Nozaleda, with Bishop Hevia and ten friars, will leave for Spain Tuesday. He goes to render his decennial religious report. He says he expects to return here. During his absence the affairs of the archdiocese will be administered by Mgr. Chapelle.

The amnesty expired Sept. 21, and the conditions that existed previously have been resumed.

An insurgent proclamation, signed last month by Aguinaldo, directing that American prisoners be set at liberty, that good treatment be accorded to captives and that \$40 be paid to each American surrendering, has reached Manila. Few prisoners were released under the proclamation. Two who have just arrived from the Cailless district report that the insurgents in that locality are in "better spirits" than they had displayed at any time before since April.

The insurgents recently murdered ruthlessly three persons in the Lukban district.

Dowleite Elders Mobbed.

Dowleite Elders Mobbed.

MANSFIELD, O., Sept. 24.—A mob formed here yesterday, and the Dowleite elders, Ephraim Bassinger of Bluffton and Silas Moot of Lima, were its victims. The two elders came in on an Eric train unknown to the authorities. They were recognized by a small crowd at the depot, which refused to let them enter a cab, then followed them up the street and surrounded them near the center of the city. They were then taken by the mob to the Richland Buggy works, where Bassinger disrobed, but the crowd fore Moot's clothing from his body, as he refused to disrobe himself. A paint bucket and a brush were then secured, and a smokestack varnish, a tarlike substance, was daubed over them from head to foot. It was matted in their hair, and no part of their bodies escaped but their faces. Their bodies were then partially covered with their clothing, and the elders were marched to the home of E. H. Leiby, a Zion follower here, who was driven out of the city last week. There they promised not to return to Mansfield, but later they said they agreed not to return unless Overseer Piper ordered them they promised not 16 return to Mansfield, but later they said they agreed not to return unless Overseer Piper ordered them to come. They were then marched to the city prison and locked up. By applications of lard and benzine the black varnish was cut, and after new outfits of clothing were furnished they were deported on a Pennsylvania train at noon.

The well was drilled by a local company, and when the drill struck the vein the gas, coming to the surface with terrific force, blew tools and rocks over 100 feet in the air. It is estimated by experts that the well is good for 3,000,000 feet every 24 hours. The well is in an entirely new territory and will is in an entirely new territory and will come into direct competition with the Standard Oil company, whose wells supply this city and neighboring towns and are located 25 miles from here.

cincinnati, Sept. 24.—The conference committees of the Amalgamated Association of Iron and Steel Workers and of the manufacturers after an all night conference signed the wage scale that will be effective until July, 1901.

It is what is known as the yearly scale, which takes effect usually in July Owing to the unusual fluctuations of the market the new scale had not been signed when the mills shut down June 30, and the conditions have been unfavorable ever since June, so that the mills have been idle for almost three months As soon as the scale was signed messages were sent in every direction before the conferees breakfasted. Some mills started this morning, and all others will resume as soon as possible. This decision means employment to over 60,000 workmen who have been idle since June.

The reasons for the delay in adjusting the wage scale as well as for the frequent prolonged conferences are found in the slump in the market and the fluctuations during the past year from the highest to the lowest price. The workers wanted \$5 per ton, based on 1 4-10 card rate. The manufacturers offered \$4.50 per ton on a 1 cent card rate for boiling, and the differences were in about the same proportion in other lines.

In spite of the rainy weather the capital was crowded with enthusiastic visitors to witness the municipality proceed to the Pantheon and place wreaths upon the tombs of Victor Emmanuel II and Humbert I.

The procession then moved to the Porta Pia, where stands the memorial to the Italian soldiers who fell in breaching the walls during the attack on Sept. 20, 1870. Here the mayor read a dispatch from King Victor Emmanuel III.

Later in the day a delegation of officials of the ministry of marine went to the capitol to present to the municipality the flag of the Italian warship Roma, which covered the coffin of King Humbert during the funeral eremony.

Mammoth Fossil Remains Found. CHICAGO, Sept. 24.—Elmer S. Riggs assistant curator of the Field Columbian assistant curator of the Field Columbian museum, has returned home from his fossil hunting trip in western Colorado, during which he found the fossil remains of the largest animal which ever lived on this earth, according to all scientific records. The scientific name of the animal is Brontosaurus excelsis, and it is commonly called a dinosaur. The specimen of which Professor Riggs found a part was, according to scientific calculations, about 75 feet long and 20 or 21 feet high. The next largest specimen of this creature ever discovered was estimated to be 65 feet long and 18 feet in height:

Many Damaged Vessels.

ST. JOHN'S, N. F., Sept. 24.—Damaged vessels continue to make this port from the Grand Banks. One reports a collision between two French fishing schooners during the gale, carrying away the masts of both. They were driven out of sight, and it is feared that they foundered, which would represent a loss of about 40 lives. The crew of the schooner Kestrel has made land. The ship rode out the gale, but was so leaky that she sunk while endeavoring to make the land, the men making shore in boats.

WILL GO TO WORK AT ONCE.

Guffey, Rilling and Donnelly, of the Democratic Machine, Meet Flinn and Martin, Insurgents, But Republicans Seem to Be Aroused Against

(Special Correspondence.)

(Special Correspondence.)
Philadelphia, Sept. 25.—One of the most important results of the convention of the State League of Republican clubs, held here last week, was the determination of many active young Republicans, visitors from every county in the state, to return home and work more zealously than ever for the success of the whole Republican ticket.

They were inspired to do this by the eloquent and forcible arguments made by Senator Foraker, of Ohio, Chairman Babcock, of the Republican congressional committee, and other party leaders, who came to Pennsylvania to urge the importance of making Republican gains in congress in order to save the house to the Republican party for next year.

the house to the Republican party for next year.

They pointed out the possible gains for the Democracy in many states, and they gave facts and figures to show that there is a dangerous apathetic feeling shown among Republicans, who seem to be impressed with the idea that President McKinley is certain to be re-elected and that the Republicans are sure to elect a majority of the house.

The Republican club men had their

house.

The Republican club men had their minds disabused of the notion that the Republican party has practically a walkover in the canvass for the house, and they were impressed with the importance of making Republican congressional gains in states like Pennsylvania. Every now and then the Democrats, through Republican dissensions or indifference, make heavy gains in their representation in the house.

Stress was laid by several of the speakers upon the danger of losing Republican congressmen through the fusion movements which have spread to a number of counties of the state, by the efforts of the so-called insurgents. While primarily, in many cases, the aim of the insurgents is to to defeat Republican candidates for the state legislature, it was shown that in the past Republican candidates for congress have been defeated in just such movements. There are several congressional districts which, under ordinary cirments. There are several congression— al districts which, under ordinary cir-cumstances, are safely Republican, but which are now made debateable, and probably Democratic, through the leg-islative deals with the Democrats made by the insurgents.

The several speakers who touched upon this subject at the League convention were emphatic in their statements that unless prompt action shall be taken by the leaders of the partyl organization and the State League to the partyl organization of the fusionists there organization and the state League to thwart the plans of the fusionists there will be serious losses in the congres-sional delegation. There were reports, however, from some of the club men which indicated

that the fusion movement is not going to make the headway that was at first

Delegates from Chester, Montgomery, Union, Snyder, Northumberland, Montour, Blair, Franklin, Venango, Warren and other counties, where the Guffey Democrats and the Flinn-Martin insurgents are at work, stated that there is a growing sentiment among Republicans against the fusion schemers, and that the prospects are that in many districts the plans of the insurgents and their Democratic allies will meet defeat.

HURRIEDLY CALLED CONFERENCE HURRIEDLY CALLED CONFERENCE
That the managers of the fusion movement are not quite at ease was made manifest here last week when a hurried conference was called, which brought William Flinn and Col. James M. Guffey, the Democratic national committeeman, from Allegheny to meet David Martin and Chairman Rilling, of the Democratic state committee, together in this city. This quartet are supervising the arrangements for fusion in the several counties of the state. They were alarmed over several unexpected developments after the Democratic primaries in this city, where Gufcratic primaries in this city, where Guf-fey had planned for fusion with the

Martin insurgents.

In the legislative districts where In the legislative districts where John F. Keator and H. L. R. Nyce, insurgent members of the last legislature, were defeated at the Republican primaries, the Democrats refused to place them upon the Democratic ticket, but named straight Democrats in their stead. Guffey had insisted upon the Democrats in the districts putting feator and Nyce upon their ticket, but the Democrats refused to take the orders, and named men of their own party in each instance. The same

the Democrats refused to take the orders, and named men of chelpown party in each instarce. The same thing was done in several otherwise tricts in this city, where Gugey had agreed to help Martin men of chelpown with the insurgents.

Senator Osbourn, who was renominated by the Republicans of his district, was to have been opposed which Martinites with the aid of the Democrats, but the Democrats are gown he met the Democratic leaders who had thrown him down. He summoned Chairman Donnelly, of the Democratic city committee, to the Hotel Stratford, where Martin and Filina and Rilling were already assembled. There Guffey told Mr. Donnelly that he had been betrayed and that the Democracy of Philadelphia would be read out of the organization if the party leaders did not obey his commands for fusion nominations. Donnelly protested that he could not prevent what had happened, as the ward leaders had ignored his instructions and named Democrats where they should have nominated insurgents.

A QUEER COMBINATION.

A QUEER COMBINATION.
Guffey, Flinn, Martin, Rilling and Donnelly went over the whole situation, and Guffey pleaded with Donnelly to do what he could to prevent further violations of faith with their Flinn-Martin allies.

Donnelly promised to do his best, and he went to work at once to get former Speaker Walton nominated for senator by the Democrats of the Fifth Senatorial district. Walton had been defeated at the Republican primaries by William H. Berkelbach, the candidate of the stalwart Republicans, by a majority of about 8,000 votes in a total poll of over 34,000. Donnelly soon found that the Democratics of the district would not stand for the placing of Walton upon the Democratic ticket. The leaders said they would agree to fusion if it would help the Democratic voters would not tolerate the nomination of Walton. The result was that former Representative Dearden, who has been an anti-Martin man and a Martin man by turns, was nominated by the Democratic convention. Dearden. who has been an anti-Martin man and a Mania man by turns, was nominated by the Democratic convention. Dearden just now is a Martin man, but he stands not the slightest chance of being elected. The retirement of Walton has led to a unanimous indorsement of Berkelbach, the Republican nominee, by the Republican committee of the Thirty-second ward, in which both Berkelbach and Walton reside, and which divided by a vote of 15½ to 15½ at the delegate election, although Berkelbach had a majority of several hundred in the popular vote.

had a majority of several number in the popular vote.

The turning down of Walton will mean that Berkelbach will carry this district by at least 4,000 majority. It is likely to be much more, and the fu-sion scheme as regards members of the house of representatives will fail also.

NO SHOW FOR INSURGENTS.

NO SHOW FOR INSURGENTS.

It now looks as though the insurgents would not get over four outlot the 39 members of the house of representatives to be elected in this city in November, and they will not get a single member of the senate.

The Democrats had two members of the house at the last session from this city, but they will not have a Philadelphian in the next house.

The Republicans of Philadelphia are determined to recognize the call from the Republican congressional committee, and they will elect every Republican candidate for congress from this city. This will mean the turning down of McAleer, who has been sent to congress for some years by the Martin Republicans, who have used the McAleer, who has been sent to congress in the Republican party. McAleer is now confronted with a stalwart Republican, a well known manufacturer, Henry Burk, who will make an aggressive canvass and who will be lected if the leaders of the regular Republican organization can thwart the Martinites in their deals to send McAleer to congress in return for sotes

The outlook is certainly very gleomy,

the state.
