THE PARAMOUNT ISSUE.

Yes, Paramount issues are plentiful this year. We have too. First, we are prepared to sell you everything usually found in first-class jewelry store at very reasonable prices. If we have not the article you want we will get it for you at the shortest possible notice if it can be found.

Second, we are prepared to do your repairing in a workmanlike manner, also at very reasonable prices. If we are called upon to do work over that has been spoiled by others, we shall want plenty of time to do it in and full price for doing it.

Very respectfully,

RETTEBURY,

LOST IN BAY OF FUNDY

Thirty-two Perish in a Terrible Gale.

CITY OF MONTICELLO A TOTAL WRECK

Nova Scotia Coast Strawn With Wreckage For Ten Miles—Four Only Survive To Tell the Story of Disaster.

YARMOUTH, N. S., Nov. 12.—The shore of this county for ten miles east and west is strewn with wreckage of the hull and cargo of the steamer City of Monticello, which foundered Saturday morning, and 25 bodies of victims of the disaster have been recovered from the sea, which is still raging with terrific fury. Many people have assembled at Rockville, near where the first body came ashore, and numerous relatives of members of the crew, who nearly all belonged to points on this coast, have arrived to identify the dead.

The bodies were arranged in a room in the public hall, and Crouser Fuller, who held an inquest, gave an opinion of accidental drowning. All the bodies are terribly battered.

The first body was found at daylight, when the zinc lifeboat which was supposed by the survivors of the first boat to have been swamped was discovered on the shore. The thole pins were broken.

A few yards distant were the bodies of Mr. Eldridge, a passenger; Second Engineer Poole, Mr. Fripp, a traveling salesman for McGee's Sons of St. John, N. B., and the body of a seaman. All four had life belts around them. At short intervals along the beach 11 more bodies were found, making 15 discovered up to noon yesterday. They had all evidently come ashore in the lifeboat and were killed on striking the beach, not one escaping. The remains so far identified in addition to the four enumerated above are: Rupert Olive, purser of the steamer Prince Edward; Baggage Master Wilson and Deck Hands Johnson, Levi Nickerson, Robert Nickerson, Van Renenberg, Austin Wickens, James Cole, John E. Whitmore, Stanley Ringer, Winslow Ringer, Harry Copeland and David Benham. The watches in the pockets of two of the men stopped at 12:45 and 1:25 o'clock respectively.

The body of Captain Harding of the Monticello has been found at Picnic point encircled with a life belt and fully dressed. The features are slightly bruised. An unknown body, supposed to be that of a traveling salesman for a western boot and shoe firm, has been found at the same place with the bodies of Elsie McDonald and Second Officer Murphy, recovered Saturday. Of the members of the crew whose bodies were secured Copeland and Benham were not known to be on board until their bodies were identified. They were not on the ship's articles, having joined for the trip only.

Several bodies are still unidentified. One body was recognized last evening as John Richmond of Essex, N. B., a traveler for a boot and shoe firm. He was not before known to have been a passenger. This swells the known death toll to 32. Benham took the place of Whitmore, previously reported lost. Copeland was also a substitute, but for whom it is not known. It is a coincidence that the ship Peter Stewart was wrecked off this shore a few years ago, in the month of July, and a boatload of men came in where the Monticello's boat was found. Half of the men were dead before the boat touched the land, and many believe the same was true of those in the Monticello's boat.

The fury of the surf is simply appalling in this region.

The body of O. N. Coleman, another commercial traveler who was not previously known to have been on board the Monticello, has been washed ashore and identified. He represented Levi Bros. & Co., jewelers, Hamilton, Ont., and carried samples in trunks worth \$82,000. One trunk has been found.

The total number of people who were on board is now placed at 36.

The four survivors are Captain Smith, a passenger; Third Officer Fleming, Quartermaster Wilson and Stewardess Smith.

The place where the Monticello struck is at the mouth of the Bay of Fundy, where the waters of the bay join those of the Atlantic. There are many reefs and shoals at this spot, and the currents are many and changeable, it being one of the most dangerous places on the coast. The gale kicked up a tremendous sea, and at the time the vessel struck the waves were beating upon the rocks and sending spray hundreds of feet over the land.

New York's Divorce Mill.
NEW YORK, Nov. 12.—The more the authorities investigate the Maison-Zeimer divorce mill the more they are astounded at the boldness and extent of the fraud perpetrated. It was developed yesterday that the field of operation of the conspirators has not been confined to New York city. The police have evidence that they furnished false witnesses in divorce cases before the courts in Buffalo and Syracuse. The divorce mill was rapidly becoming in extent a state institution when discovery stopped it. It will also be brought out that it was in the plan of Maison and Zeimer to make co-conspirators of those who were inveigled into their net. The district attorney's office is in possession of facts which show that from 40 to 50 divorces were obtained by Maison and Zeimer on perjured testimony.

Beaten and Robbed in His Store.
NEW YORK, Nov. 12.—In broad daylight, with scores of persons passing the door, Michael Minzman was knocked down and robbed in his clothing store in Brooklyn by two men, who escaped after taking \$500 in cash and a gold watch and chain.

FRICITION IN PEKING.

Peace Negotiations Do Not Proceed Smoothly.

MANCHURIA IS LOST TO CHINA.

Spread of Insurrection in Southern Provinces Causes Alarm in Peking. Some of the Points Upon Which the Powers Have Agreed.

LONDON, Nov. 12.—"Serious friction has been caused in the peace negotiations in Peking," says The Daily Mail's correspondent at Tien-tsin, writing Nov. 9, "by Belgium, Denmark, Holland and Spain clamoring to have locus standi in any important decisions. Russia and France have supported their claims, which are opposed by the powers. Belgium is especially impudent and intemperate pro-Russian."

Dr. Morrison, writing to The Times from Peking Saturday, says: "Li Hung Chang has not yet replied to Admiral Alexieff's invitation to resume the government of Manchuria under Russian protection. Russia will require the names of all officials to be submitted to her for approval. Her proposals are tantamount to military occupation, and every Chinaman realizes that Manchuria is lost to China."

"Increasing alarm is felt here at the spread of the insurrection in the southern provinces. No surprise will be caused if Japan intervenes. The trade and financial outlook is very gloomy."

"All the Russian troops here," says a dispatch to The Times from Tien-tsin, dated Nov. 9, "are being withdrawn."

A dispatch from Berlin says the following is the full text of the statement, evidently inspired, in the Cologne Gazette as to the understanding reached by the representatives of the powers in Peking regarding the Chinese settlement: "Preliminary talks between the envoys in Peking for the purpose of agreeing upon the fundamentals for peace negotiations with the Chinese plenipotentiaries proceed favorably in the whole series of important points."

"An agreement has been reached between the powers particularly regarding the punishment of the main culprits, the mandarins and princes; also regarding the witnessing of the execution of such punishments by representatives of the powers; also regarding the principle of paying damages to the several governments for the costs of the China expeditions and for damages sustained by private persons and missions; also regarding the permanent stationing of sufficient guards for the Peking legations; also regarding the razing of the Taku forts, and, finally, regarding the maintenance of secure and regular communication between Peking and the seashore."

"About a number of other demands put forth by separate powers negotiations are still pending."

SOUTH CHINA REBELLION.

Six Thousand Rebels Killed in a Fight at Tsen-tsun.

VICTORIA, B. C., Nov. 12.—News was received by the steamship Victoria concerning the rebellion in south China. The Triads have broken out in Kwangsi, and Marshal Su, commander in chief of the imperial forces, is asking for 30,000 men to suppress them. The British have dispatched a gunboat and artillery to guard the coast.

W. H. A. boat destroyer encountered a schooner in the Gulf of Tonkin. A battle was fought.

Invalids From South Africa.

ST. JOHN'S, N. F., Nov. 12.—The Albatross liner Carthage has arrived here, having on board 35 invalids belonging to the Canadian contingents in South Africa who are returning from English hospitals. They were accorded an enthusiastic reception.

Attorney General Russell Resigns.

ELGIN, Ill., Nov. 12.—John A. Russell of Elgin, who is home on a vacation, has given in his resignation as attorney general of Porto Rico on account of personal business that demands his attention.

MIDDLETOWN, N. Y., Nov. 12.—A large ice cream company of New York has just purchased 50 acres of land near Monroe which will be flooded and used as an ice pond. This provision is made to enable the firm to secure ice independent of the ice trust.
