***** EXHIBITION *****

STEP IN AND ASK ABOUT THEM.

All answered at **Vernon Hull's Large Store.**

Hogrove, Pa.

PIERRE LORILLARD DEAD

Famous Millionaire and Sportsman a Victim of Uraemic Chills.

FOUNDED FASHIONABLE TUXEDO.

First Winner of the Classic English Derby and Controlling Spirit in the Great Tobacco House Which His Father Established.

New York, July 8.—Pierre Lorillard died at the Fifth Avenue Hotel, where he was taken from the Deutschland, when that steamer arrived from Europe, July 4, at 2.10 o'clock yesterday afternoon. The members of the family present at the bedside when the end came were Mr. Lorillard's daughters, Mrs. T. Sufferer Tailer and Mrs. Wm. Kent and their husbands, and Pierre Lorillard, Jr. and wife, and also Pierre Lorillard III.

PIERRE LORILLARD.

Pierre Lorillard was the eldest son of Peter Lorillard, architect of the fortune which made the family famous. He inherited much of the business ability of his father and marked success attended the commercial enterprises which he planned and executed. At the death of his father he received about \$1,000,000 and an interest jointly with his brothers and sisters in the tobacco house of which his father had been the head. He at once purchased from his brothers a control of the house and by shrewd management greatly increased his fortune. He built a handsome residence at Fifth avenue and Fifty-sixth street, and entertained in princely manner. In 1874 he became interested in the turf. His first horse was Parole, and with Troquais in 1881 he was the first American to win the classic English Derby. He was also an enthusiastic yachtsman and once ran Vesta across the Atlantic. He founded and controlled at the time of his death the fashionable resort at Tuxedo. He was nearly 68 years old. He is survived by his wife, son Pierre Lorillard, Jr., and daughters, Mrs. William Kent, and Mrs. T. Sufferer Tailer. He leaves a large fortune.

Various estimates have been made of the value of Mr. Lorillard's estate, and while its exact value at the present time is not known, it is not believed that it is more than \$25,000,000. As long ago as 1884 it was said to be from \$15,000,000 to \$20,000,000.

Cleaning Up in New York Morgue.

New York, July 8.—There was a cleaning up of the Morgue in this city yesterday after the hardest two weeks works the attendants had ever experienced. The law compels the authorities to keep unidentified bodies five days before burial and this law during the recent torrid spell worked great hardship. There are only 60 cold storage vaults for bodies in the place and the consequence was that as the victims of the heat multiplied the morgue space was soon overtaxed and the keepers were compelled to place the dead in pine boxes in various parts of the building as well as in adjoining buildings. During the last week 250 bodies were sent to the morgue.

Eldorado, Kas., July 6.—The motion for a new trial for Jesse Morrison, convicted of manslaughter in the second degree last week, for the murder of Mrs. Olin Castle, will be argued to-day. The motion cites thirty-nine reasons why the verdict should be set aside and a new trial granted, and alleges the defense has discovered important new evidence.

Rope Walker Killed by Fall. Syracuse, N. Y., July 8.—While a Professor Smith was attempting a "slide for life" at Watertown on July 4, his apparatus broke, and Henry Phillips of that city fell 60 feet to the ground. Phillips died yesterday. It has been discovered that the rope holding Phillips was cut. The officials are investigating.

PENNSYLVANIA EVENTS.

Susquehanna, Pa., July 6.—Albert Wickham of Melrose and John Rourke of Lanesboro, were struck by the Delaware and Hudson Express, north bound, at Starrucca yesterday, and instantly killed. Wickham was a veteran of the Civil War.

Bedford, Pa., July 6.—William Moses, the 15-year old son of S. K. Moses, of Osterburg, Bedford County, was seized with a cramp while in swimming near his home yesterday. His brother Ralph went to his assistance and before help could reach them both were drowned.

Plymouth, July 6.—Miss Mary Connel, who disappeared mysteriously last Tuesday, returned today as the wife of John Rudge, also of Plymouth. They went to Binghamton and were married. There seems to be no reason for the elopement. The young people just thought it would be romantic.

Wilkesbarre, Pa., July 8.—John Mulick, a Hungarian, while going to his home in Dicksville, near here, last Friday night, was assaulted by footpads who robbed him. The man was found the next morning in the road with his skull crushed. He died while being taken to his home. Two men were arrested on suspicion of being the murderers.

Lancaster, July 6.—The court has refused permission to the Young Men's Christian Association to sell its old building and apply the proceeds toward the payment of the debt of the new \$160,000 building. The court rules that as the building is no longer used for Young Men's Christian Association purposes it reverts to the contributors, who paid for it. The building is worth \$10,000.

Pittston, July 6.—The Seneca Coal Company passed into the control of the Lehigh Valley Coal Company today. The Seneca Company has been owned and controlled by Edward L. Fuller of Scranton. The transfer includes the Seneca Breaker, the twin shaft and Coxy shaft at Pittston, the Phoenix Breaker and shaft, the Columbia shaft and washery at Duryea, and the Sioux colliery at Mt. Carmel.

Wilkesbarre, Pa., July 8.—While a freight train on the Lehigh Valley Railroad was nearing Pittston at 4 o'clock yesterday morning one of the cars was found to be on fire. There was danger of the flames spreading to the other cars. The engineer opened the throttle wide and pulled into the Pittston depot at fast speed. An alarm was sent in and the city fire department responded quickly. The burning car was one sheet of flame, but the fire was extinguished in a short time.

Pittsburg, July 6.—Mrs. White, a well-to-do young widow, was married last evening to John Pratt. A charivari party gathered before the house during the wedding dinner, and serenaded with tin pans and horse fiddles, and when admittance was refused broke in and began to break up the furniture. Mrs. Pratt stepped in and fired a bullet into Bert Pound's shoulder, and the charivari broke up. The bride sat down to the table again, was arrested a half hour later, gave bail and returned to the dinner.

Harrisburg, July 6.—A unique letter was received at police headquarters in this city today, addressed to "Any Policeman, Harrisburg, Pa.," from James M. Searles, of Nagle, Kingfisher county, Okla. He manifests the desire to become the husband of a Harrisburg woman, either a maiden, a widow, good or bad looking, just so she is a woman who will marry him and look after his 8 year old daughter. He prefers a woman about 28 years of age, and is not particular whether she has children or not, providing that there are not too many of them.

Eastern Monopoly of Pennsylvania, Vanderbilt and Morgan Roads.

Philadelphia, July 8.—The North American today published a story to the effect that the entire coal transportation east of the Mississippi river will be divided among the railroads controlled by the Pennsylvania railroad, the Vanderbilt and the Morgan interests. The Pennsylvania and Vanderbilt lines will carry all the coal produced in the bituminous regions, while the Morgan roads will control the entire anthracite transportation. This combination, the article goes on to say, will bring about the consolidation of all the bituminous interests north of Tennessee and east of the Mississippi.

The work of consolidation has been going on for a year, and every avenue of transportation of coal is in control of these three interests. Among the bituminous group are the Pittsburg Coal Company, the Illinois Coal Company, the latter representing all the coal properties in Illinois and Indiana, and the Fairmount Coal Company of West Virginia. The total capitalization of the bituminous interest is estimated at \$340,000,000.

ALBERT JOHNSON DEAD

Famous Street Railway Operator Succumbs to Heart Trouble

BELIEVED IN THREE CENT FARES.

He Proposed Furnishing Rapid Transit Between New York City and Philadelphia For Sixty Cents—His Brother, the Mayor of Cleveland, O.

New York, July 3.—Albert L. Johnson of Cleveland, brother of Mayor Thomas L. Johnson died last night at Fort Hamilton, a Brooklyn suburb. Mr. Johnson died at 10:15 p. m. from aneurism or an affection of the heart. Although he had been ill for some time he had only been confined to the house about three weeks. At his bedside when he died were his wife, and four children; his brother Thomas L. Johnson and his mother.

THE LATE A. L. JOHNSON.

A. L. Johnson's recent operations in the east have attracted considerable attention because of his announced program of connecting New York city and Philadelphia with trunk trolley lines. He and his business associates have already acquired a number of branch lines in New Jersey and Pennsylvania. According to the published program it was Johnson's intention to furnish rapid transit between New York and Philadelphia and a fare of 50 cents between the two cities was discussed by those interested. The terminal systems in the two great cities were to be made the basis for three cent fares within the city limits of New York and Philadelphia.

EXPORTS ON THE INCREASE.

England and Germany Purchase Bulk of Our Agricultural Products.

Washington, July 8.—Mr. Frank H. Hitchcock, Chief of the Foreign Market Section of the Agricultural Department, has compiled statistics showing the distribution of the agricultural exports of the United States for the years 1896-1900. The United Kingdom purchased \$403,000,000 and Germany \$134,000,000 worth. Our agricultural exports to the United Kingdom were the largest on record excepting those of the extraordinary year 1898 when a value of \$39,000,000 was attained. In our trade with Germany the exports for 1900 were decidedly in excess of any previously reported, and show an increase of nearly 100 per cent. in the five years period.

Next in order to the above named countries in 1900 were the following: The Netherlands, \$52,000,000. These figures being exceeded only in 1899 by less than \$100,000,000. France, \$45,000,000; Belgium, \$33,000,000 as against \$31,000,000 in 1896 to France and \$18,000,000 to Belgium during the same year; Italy, \$24,000,000; Canada, \$21,000,000; Japan over \$15,000,000; Denmark, nearly \$15,000,000; Cuba, \$14,000,000 as against \$4,000,000 in 1896; Spain, \$10,500,000 as against a trifle less than \$10,000,000 in 1896; British Africa, \$10,300,000.

"DAMASCUS" DAWSON PARDONED

Inventor's Freedom Demanded or He Would Die With Secret.

Des Moines, Iowa, July 6.—S. W. Dawson, who has served five years of a ten years penitentiary sentence for shooting Walter Scott, his son-in-law, on Christmas night, 1895, has been paroled by Governor Shaw. "Damascus" Dawson, as he is known, claims to have recovered the art of making Damascus steel and of hardening copper. Capitalists who are interested in a movement to develop Dawson's processes, secured the evidence upon which he was paroled, as he had asserted that he would die with his secrets rather than reveal them while in prison. It was shown that Dawson was excited to the verge of insanity at the time of the shooting.
