The Governor Cuts State Appropriations Two Millions And A Quarter.

RESISTED GREAT PRESSURE.

He Keeps Expenditures Within the Estimated Revenues of the State, and Says No Institution Affected Will Be Seriously Crippled.

Harrisburg, July 23.—Governor Stone has been the recipient of many letters of congratulation and commendation for his recent exhibition of courage in wielding his veto axe, as he did in the treatment of the appropriation bills passed by the legislature which adjourned a few weeks ago. It certainly required force of character of an extraordinary kind to withstand the pressure, political, personal and otherwise which was brought to bear upon him to favor various appropriations which, in his judgment, should not be made or should be reduced, in view of the other demands upon the state treasury.

THE GOVERNOR WENT TO WORK.

After carefully reviewing all the bills before him, the governor rolled up his sleeves, locked himself up in his private office and went at the work before him, determined to act solely in the interest of the citizens of the state at large, and regardless of the importunities to which he had been subjected ever since the legislature adjourned.

The result was that Governor Stone has saved the state exactly \$2,250,000. In making these cuts he does not deny that he was obliged to scale down or absolutely strike out appropriations for deserving institutions.

AS TO STATE REVENUES.

"The estimate of the revenue of the state for the year beginning June 1, 1901, as made in December by the auditor general and state treasurer, said Governor Stone, "was \$13,000,000. There was no estimate made by these officials for the following year, but from all the information that I could gather, I did not think, and do not think, that we were justified in expecting more than \$2,500,000 for the second year, making a total of \$25,500,000 for the two years beginning June 1, 1901. Adding to this \$2,000,000 of surplus revenue for the two years, \$200,000 saved from the expending fund by the repeal of the law requiring the deposit of \$100,000 each and \$100,000 now in process of adjustment with the war department for payment made by the state during the civil war, you have a total revenue of \$26,800,000 for the next two years, which is neither safe nor prudent to expend upon receiving more than this

entire appropriation, together amount estimated to be necessary for steam heat, light, etc., round numbers to \$28,750,000. The money must be added to the purchase of the best lands. The commissary informs me that the ready agreed to purchase \$200,000, and in the lands, the estimated will be \$300,000, making a total disbursements of \$29,050,000. This will be a total of proposed \$29,250,000.

NO ONE WILL BE HURT.

For the appropriation of the best care, aided by the facts. We have in every bill and appropriation \$2,250,000, of appropriations of a reasonable expectation are, however, conditioned upon the receipt of the people in the hospitals exist which will probably there should be the best I

money will be paid at once, after which preparations will be made for the first payment on the regular appropriation of \$5,500,000 annually to the public schools. Under the restored million dollar fund Philadelphia will get \$39,403.58, Pittsburg \$10,546.88 and Allegheny \$4,434.35.

The political croakers who sought to misrepresent the Stone administration as inimical to the public school interests will now have to take a back seat.

There is no evidence that the schools have suffered in any way through this action and with the large sum which they will receive this year in addition to the regular appropriations to the schools, directors in the several counties will be in position to meet every requirement of the situation.

A Name Twice Made Famous, Now a Shining Mark for Imitators.

The name "Chase," twice made famous, is a shining mark for the unscrupulous to pounce upon and appropriate in order to foist upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicines of Dr. A. W. Chase, who first became noted as the author of the world-famous Dr. Chase's recipe book and family physician, and whose fame is now doubly increased by the wonderful success of his Nerve Pills, with Nerve, Brain and Blood troubles. They play upon the name Chase, but dare not use the initials "A. W."

They imitate, but dare not counterfeit the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin-blooded, nerve exhausted sufferers. Who are nerve-tired and brain-weary. Who are easily exhausted. Who are wakeful—cannot sleep. Who have nervous headache. They remove the cause of blood impurities, securing refreshing sleep and impart strength. They build up people who find their strength and vigor waning. They settle irritated nerves, replace languor and lassitude with energy and animation. Cure Nervous Dyspepsia.

The above is the right kind prepared by the Dr. A. W. Chase Medicine Co., Buffalo, N. Y., 50 cents per box. All others are imitations.

be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Short Talks On Advertising
By Charles Austin Bates.

No. 12.

A great many merchants cut down their advertising in the Summer. Some even stop it altogether.

In everyday life, when a thing is hard to do, it only calls forth greater effort. If the laborer can't move the stone, he gets a crowbar and a block of wood. He makes a lever—and the stone moves. If the crowbar isn't long enough he gets something longer. He doesn't give up—because the stone has got to be moved.

Same way in business. Trade is a stone. The funny thing is that the lighter it gets the harder it is to move. It can be moved, though. You may have to have the lever lengthened. Certainly you ought not to shorten it. The best business lever is advertising—newspaper advertising is the longest lever and the quickest to move trade.

Dull times are the times to put forth the greatest effort and the most money. People don't usually ask for what they have already. Advertising is merely asking for trade. When the store is full every day, cut down your space. When trade is slack increase your space. Don't expect that you will get a big trade in dull times, but keep count and you will find that the advertising is profitable. Profitable right at the time and enormously profitable after awhile. The very fact that only a few merchants are wise enough to advertise in dull seasons makes it all the more profitable for those who do. You are there when others are not. It gives you greater prominence. It will make your advertising in busy times much more effective.

Common sense has a great deal to do with advertising. Think about it from a common-sense standpoint. It may take some "nerve" to pay out money for newspaper space when the business isn't paying expenses, but it will pay.

More than half the business houses in the country would be ahead if they could shut up for three months in the Summer. But they don't do it.

Why? Simply because they can't afford to. People would forget them. Same way in advertising. Think about it.

"The best business lever is advertising."
